Subnational Democracy In The European Union Challenges And Opportunities

John Loughlin, Eliseo Aja

Subnational Democracy In The European Union Challenges And Opportunities:

Subnational Democracy in the European Union John Loughlin, Eliseo Aja, 2001 This book is the result of a research project carried out for the Committee of the Regions and analyses the state of play of democratic practice at the subnational level in all of the European Member states Its initial hypothesis was that liberal democracy is closely associated with the rise of the nation state in the 19th century The nation state however has been significantly changing under the impact of various forces including globalization and regionalization internal reforms of the public administration system such as privatization and deregulation and the emergence of regions and local authorities as actors in their own rights these changes pose challenges for the practice of democracy and in particular for its expression at the regional and local level The book deals with the theoretical implications of these changes in terms of the changing nature of the state and new regionalism However one of the key findings is that there is no one uniform meaning of democracy across member states and there are variations even within a single state depending on whether the national or subnational levels are considered Each country chapter gives the historical and philosophical background to the concept of democracy in each country There is also an exposition of the institutional expression of democracy at the different levels With regard to the practice of democracy at the subnational level the role of pressure groups and policy networks is examined as well as the role of political parties There is a survey of critiques of subnational democracy Finally there is a survey of innovative approaches to improving regional and local democracy through a variety of mechanisms and reforms as ways of responding to the challenge and opportunities facing it today

Subnational Democracy in the European Union John Loughlin, 2001-04-05 This book is the result of a research project carried out for the Committee of the Regions and analyses the state of play of democratic practice at the subnational level in all of the European Member states Its initial hypothesis was that liberal democracy is closely associated with the rise of the nation state in the 19th century The nation state however has been significantly changing under the impact of various forces including globalization and regionalization internal reforms of the public administration system such as privatization and deregulation and the emergence of regions and local authorities as actors in their own rights these changes pose challenges for the practice of democracy and in particular for its expression at the regional and local level The book deals with the theoretical implications of these changes in terms of the changing nature of the state and new regionalism However one of the key findings is that there is no one uniform meaning of democracy across member states and there are variations even within a single state depending on whether the national or subnational levels are considered Each country chapter gives the historical and philosophical background to the concept of democracy in each country There is also an exposition of the institutional expression of democracy at the different levels With regard to the practice of democracy at the subnational level the role of pressure groups and policy networks is examined as well as the role of political parties There is a survey of critiques of subnational democracy Finally there is a survey of innovative approaches to improving regional and

local democracy through a variety of mechanisms and reforms as ways of responding to the challenge and opportunities facing it today

Subnational Authorities and the European Union Stephan Lutzenberger, 2022-02-21 The European Union as a regulatory polity based on integration through law arguably relies more on legal compliance with its policies than any other political system Proceeding from this point of departure this book puts the spotlight on the subnational tier and scrutinizes its role in ensuring compliance Drawing on a dataset of infringement proceedings against federal and regionalized member states the book shows that strong shared rule i.e. strong cooperation between national and subnational authorities can improve national compliance records In contrast policy sectors with strong redistributive consequences impair subnational authorities capacity to comply In short policy and politics matter more than polity

The Role of Regions and Sub-National Actors in Europe Stephen Weatherill, Ulf Bernitz, 2005-06-15 The essays gathered in this collection examine the involvement of self governing sub national and regional actors in the law and policy making of the European Union State power is today exercised in the context of the complex institutional environment of the EU But what of regions and sub national actors Are their interests adequately represented can they advance them or can they at least protect them from unwitting or calculated damage This book surveys the broad questions of law and political science and investigates the contribution of the EU's Committee of the Regions and also bottom up initiatives launched by the regions themselves Given that much regional autonomy has been hard won one would suppose that the centralising influence flowing from the EU's intrusion into the domestic settlement would be treated with extreme caution by the regions Moreover among the Member States there is great diversity in the patterns of political organisation adopted to cope with the tension between the centralisation of power and respect for local autonomy Case studies including Spain Germany and Finland reveal that there is no single consistent historical narrative States change as the UK's recent experience illustrates The book offers findings that are interesting at a general level in investigating patterns of multi level governance but is also rich in case specific information

The Oxford Handbook of Local and Regional Democracy in Europe John Loughlin, Frank Hendriks, Anders Lidström, 2012-11-08 The Oxford Handbook of Local and Regional Democracy in Europe analyses the state of play of democracy at the subnational level in the 27 member states of the EU plus Norway and Switzerland It places subnational democracy in the context of the distinctive Anglo the French the German and Scandinavian state traditions in Europe asking to what extent these are still relevant today The Handbook adapts Lijphart's theory of democracy and applies it to the subnational levels in all the country chapters A key theoretical issue is whether subnational regional and local democracy is derived from national democracy or whether it is legitimate in its own right Besides these theoretical concerns it focuses on the practice of democracy the roles of political parties and interest groups and also how subnational political institutions relate to the ordinary citizen This can take the form of local referendums or other mechanisms of participation The Handbook reveals a wide variety of practices across Europe in this regard Local financial systems also reveal a great

variety Finally each chapter examines the challenges facing subnational democracy but also the opportunities available to them to enhance their democratic systems Among the challenges identified are Europeanization globalization but also citizens disaffection and switch off from politics Some countries have confronted these challenges more successfully than others but all countries face them An important aspect of the Handbook is the inclusion of all the countries of East and Central Europe plus Cyprus and Malta who joined the EU in 2004 and 2007 This is the first time they have been examined alongside the countries of Western Europe from the angle of subnational democracy

Local Government in the European Union Marius Guderjan, Tom Verhelst, 2021-09-30 This book addresses the bigger picture of local European relations and adds a new dimension to existing studies on multilevel governance and the Europeanisation of local government Drawing from a combination of European integration theories and operational approaches it introduces the idea of an integration cycle in which local government responds to the top down impact of the EU internally horizontally and vertically This volume presents a wide range of empirical examples to demonstrate how local authorities across Europe have changed their practices orientation and preferences and adapted their institutions and organisation Not only do cities towns and counties cooperate with each other across borders and through transnational networks and partnerships but by mobilising formally and informally local actors participate in and influence European governance and contribute to the future trajectories of European integration thereby completing the integration cycle

Global Norms in the Twenty-First Century Klaus-Gerd Giesen, Kees van der Pijl, 2009-03-26 Norms in the contemporary world system are no longer established exclusively through inter state agreement but increasingly are becoming truly global This is made possible by the rapid privatisation of law and the self regulation of the transnational private sector Other forces driving this epochal transformation are the overwhelming pre eminence of the United States the erosion of the role of the United Nations and the appearance of new actors such as subnational entities and NGO s They all contribute to the creation and ideological justification of new norms This collection brings together critical studies on this complex process Written by authors from eleven different countries both established scholars and young specialists the book challenges the often convenient rationalisations of regime theory the governance approach and post national or cosmopolitan democracy in order to explore the practical theoretical and ethical implications of the new world of global norms

Territorial Governance across Europe Peter Schmitt, Lisa Van Well, 2015-12-22 This book provides a comprehensive framework for analysing comparing and promoting territorial governance in policy relevant research It reveals in depth considerations of the emergence state of the art and evolution of the concept of territorial governance A unique series of ten case studies across Europe from neighbourhood planning in North Shields in the North East of England to climate change adaptation in the Baltic Sea Region provides far reaching insights into a number of key elements of territorial governance The book draws generalised empirically based conclusions and discusses modes of transferability of good practices A number of suggestions are presented as to how the main findings from this book can

inform theories of territorial governance and spatial policy and planning Territorial Governance across Europe will be of considerable interest to scholars around the world who are concerned with European studies regional policy urban and regional planning and human and political geography It provides a solid debate on discourses theories concepts and methods around the notion of territorial governance as well as a number of empirical findings from various contexts across Europe It specifically targets scholars involved in policy relevant research **Regional Sub-State Diplomacy Today** ,2010-03-10

Regional sub state diplomacy has come of age No longer limited to federal states in Europe today sub state entities across the world engage in international relations and conduct a foreign policy parallel to complementary to or sometimes in conflict with their central governmental counterparts Since the late 1990s the spectrum of diplomatic instruments and the strategies that accompany them have become more diverse and complex Regional Sub State Diplomacy Today offers detailed and recent data on the nature width and complexity of regions engaging in international relations It includes cases from all over the world Next to comparative empirical studies Regional Sub State Diplomacy Today also offers original theoretical perspectives on the multi faceted dimensions of regional sub state diplomacy It is ideal for both students and practitioners of sub state diplomacy *Routledge Handbook of European Politics* José Magone,2014-12-17 Since the Treaty of the European Union was ratified in 1993 the European Union has become an important factor in an ever increasing number of regimes of pooled sovereignty This Handbook seeks to present a valuable guide to this new and unique system in the twenty first century allowing readers to obtain a better understanding of the emerging multilevel European governance system that links national polities to Europe and the global community Adopting a pan European approach this Handbook brings together the work of leading international academics to cover a wide range of topics such as the historical and theoretical background the political systems and institutions of both the EU and its individual member nations political parties and party systems political elites civil society and social movements in European politics the political economy of Europe public administration and policy making external policies of the EU This is an invaluable and comprehensive resource for students scholars researchers and practitioners of the European Union European politics and comparative politics

Subnational Democracy In The European Union Challenges And Opportunities Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Subnational Democracy In The European Union Challenges And Opportunities free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Subnational Democracy In The European Union Challenges And Opportunities free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Subnational Democracy In The European Union Challenges And Opportunities free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Subnational Democracy In The European Union

Challenges And Opportunities. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Subnational Democracy In The European Union Challenges And Opportunities any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Subnational Democracy In The European Union Challenges And Opportunities Books

1. Where can I buy Subnational Democracy In The European Union Challenges And Opportunities books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
