Suburban Sketches William Dean Howells, 1875 **Suburban Sketches** William Dean Howells, 2020 Mr W D Howells
Suburban Sketches in the neighborhood of Cambridge and Boston are characterized by many of the same features which are so charming in his well known pictures of Italian life The fluent style the kindly humor the quaint suggestiveness are all present we only miss the quality which is superior to them all the naturalness which was so conspicuous in those sketches and which seems to be in a degree wanting in these Perhaps it is because of the defect in the matter but some how or other Cambridge and Boston and the Horse Railroad which connects the two which last feature figures very prominently in these sketches do not seem to furnish the material for picturesque effects and unforced humor that seemed so abundant in the street sights and the house life of Venice For this reason the achievements of the writer though by no means inferior are somewhat strained and forced The humor is sought after rather than comes of itself the picturesqueness is painfully constructed rather than fused of material that cannot be disjoined But for all these drawbacks and defects these sketches will be read with delight by many readers the humor the picturesque effects and the charm of style are all still present though they come in under constraint So also are the human sympathies of which Mr Howells has no need to be ashamed although the atmosphere of Boston seems to have exerted upon them a somewhat repressive influence **Suburban Sketches**

Suburban Sketches , 1872 **Suburban Sketches (Classic Reprint)** William Dean Howells, 2017-09-17 Excerpt from Suburban Sketches This heavenly weather which the Pilgrim Fathers with the idea of turning their thoughts effectually from earthly pleasures came so far to discover con tinned with slight amelioration throughout the month of May and far into June and it was a matter of constant amazement with one who had known less austere climates to behold how vegetable life struggled with the hostile skies and in an atmosphere as chill and damp as that of a cellar shot forth the buds and blossoms upon

the pear trees called out the sour Puritan courage of the currant bushes taught a reckless native grape vine to wander and wanton over the southern side of the fence and decked the banks with violets as fearless and as fragile as New England girls so that about the end of June when the heavens relented and the sun blazed out at last there was little for him to do but to redden and darken the daring fruits that had attained almost their full growth without his countenance About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
