The most amazing thing happened this morning. I still can't believe it. Just as I was about to fill one of my feeders, I noticed a Chickadee perched on the lower branch of a nearby tree. The little bird seemed to be watching me. Of course, chickadees really like like sunflower seeds and that's what I always put in this feeder. I figured it was probably hungry and just waiting for me to finish up and leave. It was then that I got this great idea.

Chickadees are supposed to be easy to hand-raise, well, the chickadee was still perched on the, and I had the seeds, so I decided to try. I took a bunch of seeds, held out my hand—palm up—next to the feeder and stood very still. I didn't even scratch my nose when it started to itch. About a minute later, the chickadee flew to the tree closest to the feeder. I held my breath and watched. The didn't fly to my hand, but it did fly to the feeder. It took a seed and flew off to eat it. I knew it would be back, so I continued to watch and wait.
