The Best Profession and Career Astrology Ram Babu Sao, This book

The Best Profession and Career Astrology is a unique and very simple to understand its language. One book is truly the equivalent of several books on astrology. Vedic Astrology (Jyotish) is a powerful tool for gaining profound knowledge about every aspect of life. Each person is born with a unique set of psychological tendencies and life potentials. The horoscope shows us what we are presently working with based on our past actions and thoughts. Besides providing deep insight into the past and present, the horoscope can also show future trends and events. Vedic astrology readings of your horoscope can not do much about it but at least make you aware of the fruitfulness of your potential in the specific direction of career. And with proper mentoring and understanding, you can safeguard yourself from sacrificing your life just for the sake of money. Before addressing the suitability of a specific arena for the job, business, or any other professional activity, the prime requirement is to consider the overall potency of a horoscope for professional matters. Selection of career between job and business is a very crucial and important decision of life. Following the planetary strength of your horoscope, Vedic astrology readings are reasonably useful to help you in selecting the best option between job and business. In brief, the following aspects of a horoscope are to be analyzed to find out the best suitable option between Job and Business with astrology readings of ascendant, tenth, third, fifth, and sixth Bhava and the nature of all these planets involved. This knowledge can help the individual make use of latent potentials and approach life.

Borkar,2017-01-29 As a student of Vedic Astrology one of the challenges that I faced was to study classical texts We have so much data and every text has some exceptional content Most of the translators did not get a chance to validate the principles mentioned in the texts and due to this the accuracy of translation was reduced Over the period I also felt that novice students of Astrology could progress faster if they get validated knowledge This is also good for the development of Vedic Astrology Therefore I decided to publish my notes from various classical texts as a manual This book consists of my notes from Brihat Parashari Hora BrihatJatak Brihat Samhita Jataka Bharanam Faladeepika Saravali Bhavartha Ratnakar Muhurta Chintamani and Vishwakarmaprakash It is a good reference book for a novice student of Vedic Astrology
