5 Wayne Whitaker, 2015-10-14 Evangelism is a word that strikes fear in the hearts of even the most faithful Christians Though believers realize their responsibility to connect others to Christ many feel intimidated by the task A plethora of programs and processes have been developed to aid believers in evangelism however these can often feel impersonal inauthentic or awkward In frustration many believers have given up hope of ever feeling adequate to share their faith with others What if evangelism was not meant to be a process What if it was never intended to be boiled down to step by step programs or processes What if introducing others to Jesus is actually as easy as sharing life with others and having a few intentional conversations Through this book readers will learn an approach to evangelism that leverages relationality while minimizing much of the anxiety that accompanies sharing one's faith Rather than a new approach this simple straight forward perspective is a return to the evangelism modeled by the first believers There are no flowcharts presentations or acronyms All that is required is a reliance on the Holy Spirit God's Word and a desire to cultivate and build intentional relationships for the sake of the gospel The ultimate goal is to see every believer equipped encouraged and empowered to do his part to fulfill the Great Commission of Christ
