Robert R. Redfield

Sufism Knowledge:

Knowledge God Class Sufism, 2004 This volume the ninth on Islamic material to be published in the Classics of Western Spirituality series brings to light a highly significant but little known area of Islamic spirituality Editor John Renard has assembled here a volume of texts most translated here for the first time culled from the great Sufi manuals of spirituality on the theme of the complex and multi faceted role of knowledge in relation to the spiritual life He presents excerpts on knowledge from the works of nine major Muslim teachers most translated from Arabic but also including important texts from Persian originals The Introduction offers a survey of the development of Sufi modes of knowing through the thirteenth century in their broader context and then focuses on the manuals or compendia of Sufi spirituality treated here Historical notes provide brief identifications of many of the individual sources and personalities mentioned throughout the treatises

The Sufi Paradigm and the Makings of a Vernacular Knowledge in Colonial India Michel Boivin, 2020-06-01 This book demonstrates how a local elite built upon colonial knowledge to produce a vernacular knowledge that maintained the older legacy of a pluralistic Sufism As the British reprinted a Sufi work Shah Abd al Latif Bhittai s Shah jo risalo in an effort to teach British officers Sindhi the local intelligentsia particularly driven by a Hindu caste of professional scribes the Amils seized on the moment to promote a transformation from traditional and popular Sufism the tasawuf to a Sufi culture Sufiyani saqafat Using modern tools such as the printing press and borrowing European vocabulary and ideology such as Theosophical Society the intelligentsia used Sufism as an idiomatic matrix that functioned to incorporate difference and a multitude of devotional traditions Sufi non Sufi and non Muslim into a complex metaphysical spirituality that transcended the nation state and filled the intellectual spiritual and emotional voids of postmodernity *African Spirituality, Politics, and Knowledge Systems* Toyin Falola, 2022-03-10 Focusing on the three leading religious traditions in Africa African Traditional Religion Islam and Christianity this book shows how belief in the supremacy of sacred words compels actions and influences practices in contemporary Africa Sacred words are taken to mean holy texts as in divination the Quran and the Bible Toyin Falola evaluates how religious leaders engage with sacred words both orals and texts engendering practices that reveal the expression of religious beliefs the impact of those beliefs and the knowledge contained in them Attention is given to the key ideas in the words chosen by religious leaders and how they form a continuous knowledge system impacting the politics of managing society and people

Living Knowledge in West African Islam Zachary Valentine Wright, 2015-02-04 Living Knowledge in West African Islam examines the actualization of religious identity in the community of Ibr h m Niasse d 1975 Senegal With millions of followers throughout Africa and the world the community arguably represents one of the twentieth century s most successful Islamic revivals Niasse s followers members of the Tij niyya Sufi order gave particular attention to the widespread transmission of the experiential knowledge ma rifa of God They also worked to articulate a global Islamic identity in the crucible of African decolonization The central argument of this book is that West African Sufism is legible only with an appreciation of centuries of Islamic knowledge specialization in the region Sufi masters and disciples reenacted and deepened preexisting teacher student relationships surrounding the learning of core Islamic disciplines such as the Qur n and jurisprudence Learning Islam meant the transformative inscription of sacred knowledge in the student s very being a disposition acquired in the master s exemplary physical presence Sufism did not undermine traditional Islamic orthodoxy the continued transmission of Sufi knowledge has in fact preserved and revived traditional Islamic learning in West Africa

The Sufi Path of Knowledge William C. Chittick, 2010-03-31 Ibn al Arabi is still known as the Great Sheik among the surviving Sufi orders Born in Muslim Spain he has become famous in the West as the greatest mystical thinker of Islamic civilization He was a great philosopher theologian and poet William Chittick takes a major step toward exposing the breadth and depth of Ibn al Arabi s vision The book offers his view of spiritual perfection and explains his theology ontology epistemology hermeneutics and soteriology The clear language unencumbered by methodological jargon makes it accessible to those familiar with other spiritual traditions while its scholarly precision will appeal to specialists Beginning with a survey of Ibn al Arabi s major teachings the book gradually introduces the most important facets of his thought devoting attention to definitions of his basic terminology His teachings are illustrated with many translated passages introducing readers to fascinating byways of spiritual life that would not ordinarily be encountered in an account of a thinker s ideas Ibn al Arabi is allowed to describe in detail the visionary world from which his knowledge

derives and to express his teachings in his own words More than 600 passages from his major work al Futuhat al Makkiyya are translated here practically for the first time These alone provide twice the text of the Fusus al hikam The exhaustive indexes make the work an invaluable reference tool for research in Sufism and Islamic thought in general **Islamic Tourism** Ahmad Jamal, Kevin Griffin, Razaq Raj, 2018-12-14 Islamic tourism is an increasingly important market sector This book provides practical applications models and illustrations of religious tourism and pilgrimage management from a variety of international perspectives supported by case studies **Sufi Castigator** Lloyd Ridgeon, 2006-09-27 Sufi Castigator investigates the writings of Ahmad Kasravi one of the foremost intellectuals in Iran It studies his work within the context of Sufism in modern Iran and mystical Persian literature and includes translations of Kasravi's writings Kasravi provides a fascinating topic for those with interests in Sufism and Iranian studies as he attempted to produce a form of Iranian identity that he believed was compatible with the modern age and Iranian nationalism His stress on reason and the demystification of religion caused him to repudiate Sufism and much of the Sufi literary heritage as backwards and believed it a reason for the weakness of modern Iran Kasravi's historical observations were weak and his writings indicate that he was working towards pre-determined conclusions However his works are of significance because they contributed to a major discussion in the 1930s to 1940s about the ideal image and identity that Iranians should adopt Despite the academic weaknesses of Kasravi's works he had a profound effect on the next generation of thinkers Sufi Castigator is stimulating and meticulously researched book and includes two lengthy translations of Kasravi's works Sufism and What does Hafez Say and will appeal to scholars of middle eastern studies *CDS - General Knowledge and English* Ajit Singh, 2023-09-22 This book deals with the whole gamut of General Knowledge and English that an aspirant requires to prepare for CDS AFA INA AFCAT and any other Graduate and above level exam held by UPSC As it contains detailed notes on Indian History Geography and Indian Polity followed by MCQs that have appeared in various competitive exams it would prove to be very useful for other competitive exams as well Besides notes on each topic it has over 7000 Multiple Choice Questions MCQs on various subjects as per the syllabus This book on General Knowledge English has been written after lot of research and contains MCQs that have appeared in previous 20 years question papers of CDS The detailed notes on History Geography and Indian Polity with MCQs and MCQs on Indian Economy Indian Culture Environment General Science and Defence Para Military will prove to be very useful for all other Competitive Exams conducted by UPSC In addition in the English Chapter besides 20 solved question papers of English Antonyms Synonyms One Word and Idioms phrases that have appeared in various exams have also been included
