Hinchman, Elyssa Yoneda, 2018-06-27 Interior Design Masters contains 300 biographical entries of people who have significantly impacted design. They are the people historical and contemporary that students and practitioners should know. Coverage starts in the late Renaissance with a focus on the twentieth and twenty-first centuries. The book has five sections with the entries alphabetical in each so it can serve as a history textbook and a reference guide. The seventeenth and eighteenth-century section covers figures from Thomas Chippendale to Horace Walpole. The nineteenth-century section includes William Morris and Candace Wheeler. The early twentieth-century section presents modernism's design heroes including Marcel Breuer, Eileen Gray, and Gilbert Rohde. The post-World War II designers range from Madeleine Castaing to Raymond Loewy. The final contemporary section includes Ron Arad and the Bouroullec brothers. These are the canonical figures who belong to any design history. The book also contains less well-known figures who deserve attention such as Betty Joel, the British art deco furniture designer Paul Veyseyre, the Frenchman active in China in the 1930s, and more recently Lanzavecchia Wai, the Italian-Singaporean duo whose work ranges from health care to helicopters. Global in its coverage, the book is richly illustrated with over 600 black and white and color photographs.

Makers of 20th-Century Modern Architecture Donald Leslie Johnson, Donald Langmead, 2013-05-13 Makers of 20th Century Modern Architecture is an indispensable reference book for the scholar, student, architect, or layman interested in the architects who initiated, developed, or advanced modern architecture. The book is amply illustrated and features the most prominent and influential people in 20th-century modernist architecture, including Wright, Eisenstein, Mies van der Rohe, and Kahn. It describes the milieu in which they practiced their art and directs readers to information on the life and creative activities of these founding architects and their disciples. The profiles of individual architects include critical analysis of their major buildings and projects. Each profile is completed by a comprehensive bibliography.

Growth, Efficiency and Modernism, 2005 *Experiments in Modern Living* Milton Cameron, 2012-05-01 When a group of brilliant young scientists arrived in Australia's national capital after World War II to take up leading roles in the establishment of national research institutions, they commissioned Australia's leading architects to design their private houses. The houses that resulted from these unique collaborations rejected previous architectural styles and wholeheartedly embraced modernist ideologies and aesthetics. The story of how these progressive clients contributed to the innovative design of their houses brings fresh insights to mid-twentieth-century Australian domestic architecture and to Canberra's rich cultural history.

The Architect Spiro Kostof, 2000 The Architect traces the role of the profession across the centuries and in different cultures, showing the architect both as designer and as mediator between the client and the builder.

Terms of Appropriation Amanda Reeser Lawrence, Ana Miljački, 2017-12-06 This collection focuses on how architectural material is transformed, revised, swallowed whole, plagiarized, or in any other way appropriated.
