Unpalatable Carrie Helms Tippen, 2025-01-15 The cookbook genre is highly conventional with an orientation toward celebration and success From glossy photographs to heartwarming stories and adjective rich ingredient lists the cookbook tradition primes readers for pleasure Yet the overarching narrative of the region is often one of pain loss privation exploitation poverty and suffering of various kinds While some cookbook writers go to great lengths to avoid reminding readers of this painful past others invoke that pain as a marker of southern authenticity Still others use stories of southern suffering as an opportunity to make space for reconciliation reparation or apology for past wrongs In *Unpalatable Stories of Pain and Pleasure in Southern Cookbooks* author Carrie Helms Tippen attempts to understand the unique rhetorical situation of the southern cookbook as it negotiates a tension between the expectations of the genre and the prevailing metanarratives

of the southern experience one focused on pleasure and the other rooted in pain Through an analysis of commercially published southern cookbooks from the 1990s to the present Tippen examines the range of rhetorical purposes and strategies writers have employed some of which undermine the reality of a painful past and cause harm or violence and others which serve as tools for truth and reconciliation Francine Prince's New Diet for Life Cookbook Francine Prince,2000-11 There has been a significant shift in American dietary trends Cholesterol sugar bad fats and salt are out Fiber complex carbohydrates and good fats are in As we begin a new millennium Americans are more conscious of their eating habits than ever before Now from the author of the best selling Dieter s Gourmet Cookbook comes FRANCINE PRINCE S NEW DIET FOR LIFE COOKBOOK a timeless healthful gourmet cuisine for everyone The New Diet For Life Cookbook is addressed not to Americans on a restricted diet but to healthy Americans who want to stay healthy The New Diet for Life Cookbook cuts down on ingredients that may be harmful to one s health and steps up ingredients that are likely to be beneficial In supermarket terms this means carrying home more fruits and vegetables whole grain products lean meat chicken and fish particularly cold water fish **Less Is More** Donna J.
