Managing Performing Arts Collections in Academic and Public Libraries Carolyn A. Sheehy, 1994-07-21 This professional reference provides solid advice to academic and public librarians for managing performing arts collections. The volume is divided into sections on the history of performing arts librarianship, dance collections, film studies collections, music collections, and theater collections. Each chapter is written by one or more expert contributors and presents current and reliable information on collection management. They discuss personnel management, collection development, technical services, public services, the impact of new technologies, facilities management, financial planning, and political considerations. Each chapter closes with references cited in the chapter, and the volume concludes with a valuable selected annotated bibliography of important background sources and management tools.

Boosting the Knowledge Economy Francisco Javier Calzada-Prado, 2022-05-20 This book presents a comprehensive international and up-to-date review of the key contributions of information services to the Knowledge Economy. Chapters contributed by experts in different areas of LIS focus on the crucial roles libraries, archives, and museums are playing in their home institutions, private, public, non-profit, as much as their impact on the economy and society as a whole. *Boosting the Knowledge Economy: Key Contributions from Information Services in Educational, Cultural, and Corporate Environments* has a particular interest in learning services, exploring principles and strategies for their implementation, from marketing strategy to analytics, and covers implications for the LIS profession. Provides new insights into the value of information services in the context of the Knowledge Economy. Presents an overview and analysis of cutting-edge practices in information services with a particular focus on learning services and their particular contribution to LAMs (Libraries, Archives, and Museums), brand awareness, and to social capital building. Introduces a collaborative reflection on the role of information professionals at challenging times with implications for the design of educational programs in the information field.
