The Lost Sisters Volume 1 RC Pinnell,2013-12-03 Eidane is a parallel world caught in a Dark Ages where women have been blessed with spiritual powers by the Lady Creator and set above man in order to guide and control him But after centuries of doing such jealousies within the One Church turned Sister against Sister annihilating one of the 3 orders and creating a schism between the remaining 2 Now centuries later there is a new force rising within the power structure that threatens the status quo **WARNING NOT MEANT TO BE READ BY PERSONS UNDER 18 YEARS OF AGE** *Silly Sisters*

Mike Kurilovitch,2012-08-22 Silly Sisters is the second entry in the Alliterative Alphabet Series of everyday stories told in alliterative style a fun tongue twisty way of telling stories designed to pique the interest of young readers while also encouraging their writing skills Not only is the story told in alliterative fashion but amazingly EVERY WORD of the story starts with the same letter S Each line builds upon the last by adding one additional word The result is a diamond shape poem a real gem you might say about two silly sisters who like to sing and frolic and be the center of attention even if it means waking a slumbering sibling After all you can t be the center of attention if no one is paying attention to you So read along and see which silly sister prevails **Mary-Kate & Ashley Sweet 16 #18: Suddenly Sisters** Mary-Kate & Ashley

Silverstein,Susan Livingston Smith,2008-12-30

Normally our relationships with our brothers and sisters are the longest relationships in our lives outlasting time with our parents and most marriages today The sibling relationship is emotionally powerful and critically important giving us a sense of continuity throughout life So what happens when a child loses contact not only with his or her parents but with siblings too That is what happens in thousands of cases each year inside the child welfare system Children are surrendered by parents or

taken by the government and placed in the foster care system There they are often separated and sent to different foster families or adopted by different couples In this work a team of top experts details for us how this added separation further traumatizes children This stellar team of internationally known researchers some of whom are themselves adoptees shares with us hard poignant and personal insights as well as ways we might act to solve this widespread problem Contributors address not only the importance of nurturing sibling bonds and mental health strategies to support those relationships but also the legal rights of siblings to be together as well as issues in international adoptions Emerging and standing programs to encourage and facilitate adoptions that keep siblings together are featured as are programs that at least enable them to stay in contact
