SNYNOPSIS Many people may not understand the reasoning of this documentary and why I am rehashing the expulsions the after war tragedies that confronted a defeated nation the hundreds of internment camps occupied by Germans and German Americans the treatment of German Prisoners of war upon the conclusion of hostilities the enforcement of the Morgenthau Plan and the Ben s decrees regarding the mass murders of over two million Sudetenlanders Prussians and other Eastern European Germans I thought about this and decided that when certain people whether they be American British Russian French and others stop their crucifying those of German extraction then and only then would it not be necessary to publish this book The word Nazi is archaic and does not apply to more than ninety percent of all Germans Most Germans knew nothing about the Holocaust except what was recently explained to them They knew nothing about the internment camps where Germans and German Americans were interned during the war were unaware of the expulsions of millions of ethnic Germans from their historical homelands the torture rape and murder of millions of innocent non combatant women and children after hostilities had ended and the deliberate starvation to death of more than one million eight hundred thousand German P O W s after the war in complete disregard to the Hague Geneva and other conventions This documentary is not singling out others that may or may not be guilty of these atrocities It is only the truth that we seek to be put into the history books and other texts not the made up revisions of Arrogant Revisionists Much of the information published herewith is not even known by most Germans or people of other ethnic entities This documentary therefore is one of clarity reality and truth It needs to be known Everyone Germans and non Germans alike should read this book so at least they will know the other side of the story

The German Legacy in East Central Europe as Recorded in Recent German-language Literature

Valentina Glajar, 2004 Valentina Glajar investigates these narratives as representations of multicultural East Central Europe in German language literature that show the political and ethnic tensions between Germans and local peoples that marked these regions throughout the twentieth century often with tragic consequences The study thus expands and diversifies the understanding of German literature and challenges the concept of a homogeneous German identity reaching far beyond the borders of the German speaking countries

The Devil's Wall Mark Cornwall, 2012-04-09

Legend has it that twenty miles of volcanic rock rising through the landscape of northern Bohemia was the work of the devil who separated the warring Czechs and Germans by building a wall The nineteenth century invention of the Devil s Wall was evidence of rising ethnic tensions In interwar Czechoslovakia Sudeten German nationalists conceived a radical mission to try to restore German influence across the region Mark Cornwall tells the story of Heinz Rutha an internationally recognized figure in his

day who was the pioneer of a youth movement that emphasized male bonding in its quest to reassert German dominance over Czech space Through a narrative that unravels the threads of Rutha s own repressed sexuality Cornwall shows how Czech authorities misinterpreted Rutha s mission as sexual deviance and in 1937 charged him with corrupting adolescents The resulting scandal led to Rutha s imprisonment suicide and excommunication from the nationalist cause he had devoted his life to furthering Cornwall is the first historian to tackle the long taboo subject of how youth homosexuality and nationalism intersected in a fascist environment The Devil s Wall also challenges the notion that all Sudeten German nationalists were Nazis and supplies a fresh explanation for Britain s appeasement of Hitler showing why the British might justifiably have supported the 1930s Sudeten German cause In this readable biography of an ardent German Bohemian who participated as perpetrator witness and victim Cornwall radically reassesses the Czech German struggle of early twentieth century Europe

German Diasporic Experiences Sebastian Siebel-Achenbach,2008-10-02 Co published with the Waterloo Centre for German Studies For centuries large numbers of German speaking people have emigrated from settlements in Europe to other countries and continents In German Diasporic Experiences Identity Migration and Loss more than forty international contributors describe and discuss aspects of the history language and culture of these migrant groups individuals and their descendants Part I focuses on identity with essays exploring the connections among language politics and the construction of histories national familial and personal in German speaking diasporic communities around the world Part II deals with migration examining such issues as German migrants in postwar Britain German refugees and forced migration and the immigrant as a fictional character among others Part III examines the idea of loss in diasporic experience with essays on nationalization language change or loss and the reshaping of cultural identity Essays are revised versions of papers presented at an international conference held at the University of Waterloo in August 2006 organized by the Waterloo Centre for German Studies and reflect the multidisciplinary and the global perspective of this field of study **The Liar** Benjamin Cunningham,2022-08-23 The Cold War meets Mad Men in the form of Karel Koecher a double agent whose shifting loyalties and over the top hedonism reverberated from New York to Moscow In the mid 1970s the CIA and KGB watched Karel Koecher closely they were both convinced he was working for the enemy And they were both right Traveling with his wife Hana Koecher posed as a Czechoslovak asylum seeker and arrived in the US as a Communist sleeper agent After parlaying a doctorate from Columbia into a job at the CIA Koecher proceeded to operate as a double agent at the height of the Cold War Shunning a low profile the Koechers embraced Manhattan s high life with cocaine swinging and parties emblematic of the times and their penchant for risk Hana who was no more than a shy teenager when she arrived grew into a sophisticated international diamond dealer who relayed messages to Karel s handlers Riding a wave of euphoria the Koechers felt unstoppable But it was too good to last Using newly declassified documents interrogation tapes and extraordinary firsthand accounts from the Koechers themselves Cunningham reconstructs their double lives and the fading Cold War where a

strange moral fog made it hard to know what truth was being fought for and to what end **A Nazi Past** David A. Messenger, Katrin Paehler, 2015-04-21 Since the end of World War II historians and psychologists have investigated the factors that motivated Germans to become Nazis before and during the war While most studies have focused on the high level figures who were tried at Nuremberg much less is known about the hundreds of SS members party functionaries and intelligence agents who quietly navigated the transition to postwar life and successfully assimilated into a changed society after the war ended In *A Nazi Past* German and American scholars examine the lives and careers of men like Hans Globke who not only escaped punishment for his prominent involvement in formulating the Third Reich's anti-Semitic legislation but also forged a successful new political career They also consider the story of Gestapo employee Gertrud Slottke who exhibited high productivity and ambition in sending Dutch Jews to Auschwitz but eluded trial for fifteen years Additionally the contributors explore how a network of Nazi spies and diplomats who recast their identities in Franco's Spain far from the denazification proceedings in Germany Previous studies have emphasized how former Nazis hid or downplayed their wartime affiliations and actions as they struggled to invent a new life for themselves after 1945 but this fascinating work shows that many of these individuals actively used their pasts to recast themselves in a democratic Cold War setting Based on extensive archival research as well as recently declassified US intelligence *A Nazi Past* contributes greatly to our understanding of the postwar politics of memory *The German Lands and Eastern Europe* Karen Schönwälder, Roger Bartlett, 2016-07-27 The relationship between Germans and their non-German counterparts in Central and East Europe has been a fundamental feature of European History The twelve essays in this volume address key aspects of this complex and multifaceted relationship which has been marked by friendship and cooperation as well as enmity and strife The topics range from medieval peasant settlement to present-day relations between Germans and Poles Central themes are national identity the emergence and development of mixed communities and inter-cultural communication
