Sue Williamson:

Sue Williamson Mark Gevisser, 2015 Since South Africa's transition to democracy in 1994 Sue Williamson has continued to address social issues such as the AIDS epidemic through installations and artworks that combine photographic image video and text Her oeuvre reveals a deep appreciation of narrative but also a commitment to research and reporting she makes her artworks by telling history in the personal register through the eyes and words of those most deeply involved Sue Williamson's work is represented in many public collections including the Tate Modern and the Victoria and Albert Museum the MoMa the National Museum of African Art Smithsonian Institution just to name a few Her recent awards include a Visual Art Research fellowship from the Smithsonian Institution and a Creative Arts Fellowship at Bellagio Italy from the Rockefeller Foundation **Sue Williamson**, **Sue Williamson** Rory Bester, 2005 **She Who Imagines**

Putter, Goodman Gallery (Johannesburg, South Africa), 1994 **Breaking the Silence** Ellen Grünkemeier, 2013 South Africa is one of the countries in the world most affected by HIV AIDS and yet until recently the epidemic was barely visible in South African literature Much can be gained from approaching the South African epidemic through creative texts such as novels photographs films cartoons and murals because they produce and circulate meanings of HIV AIDS and its various facets such as its origin transmission routes and physical manifestations Other aspects explored are the denial of HIV AIDS its stigmatisation discriminatory practices modes of disclosure access to anti retroviral medication as well as the role of alternative treatment Creative texts which are open to different and possibly contradictory readings can serve as a starting point to increase the cultural visibility of the virus and to challenge dominant ideas about the epidemic The cultural constructions of HIV AIDS should be carefully examined because the meanings are pervasive and have very real consequences they play a powerful role both in determining which issues receive attention and in shaping public understanding of the virus The Justice of Visual Art Eliza Garnsey, 2020 Drawing on novel case studies this book provides the first substantive theoretical framework for understanding transitional justice and visual art
