Harris-Perry,2011-09-20 From a highly respected thinker on race gender and American politics a new consideration of black women and how distorted stereotypes affect their political beliefs Jezebel s sexual lasciviousness Mammy s devotion and Sapphire s outspoken anger these are among the most persistent stereotypes that black women encounter in contemporary American life Hurtful and dishonest such representations force African American women to navigate a virtual crooked room that shames them and shapes their experiences as citizens Many respond by assuming a mantle of strength that may convince others and even themselves that they do not need help But as a result the unique political issues of black women are often ignored and marginalized In this groundbreaking book Melissa V Harris Perry uses multiple methods of inquiry including literary analysis political theory focus groups surveys and experimental research to understand more deeply black women s political and emotional responses to pervasive negative race and gender images Not a traditional political science work concerned with office seeking voting or ideology *Sister Citizen* instead explores how African American women understand themselves as citizens and what they expect from political organizing Harris Perry shows that the shared struggle to preserve an authentic self and secure recognition as a citizen links together black women in America from the anonymous survivors of Hurricane Katrina to the current First Lady of the United States      **For Younger Readers** ,2004      **My Sister's Veil** K.C. Linda Miles Coppens, 2015-07-25 This reference book chronicles what American women did from the emergence of the republic through the end of World War I and the passage of the Nineteenth Amendment. A broad spectrum of activities are depicted showing their many accomplishments and how their activities affected the world around them. It was an era of great transition for all women. A who's who of American women and some men, those who showed great support or ironically great opposition to women's reform, are described one year at a time beginning with 1789 and ending with 1920. Each year's activities are organized into seven possible categories: domesticity, work, education, religion, the arts, the law, and politics and joining forces. The book is thoroughly indexed.
