*The End of Two Illusions* Hamid Dabashi, 2022-04-19 Dismantling the myths that divide Islam and the West this cutting edge work of critical

thinking proposes new ways to reread Islamic and world histories Extending from the front page news coverage of our daily lives back into the deepest and most revelatory histories of the last two hundred years and earlier Hamid Dabashi's *The End of Two Illusions* is a daring provocative and groundbreaking work that dismantles the most dangerous delusions manufactured between two vastly fetishized abstractions Islam and the West With this book Dabashi shows how the civilizational divides imagined between these two cosmic binaries have defined their entanglement in ways that have nothing to do with the lived experiences of either Muslims or the diverse and changing communities scarcely held together by the myth of the West Through detailed historical and contemporary analysis *The End of Two Illusions* untangles the motivations that produced this global fiction Dabashi demonstrates how the West was an ideological commodity and civilizational mantra invented during the European Enlightenment serving as an epicenter for the rise of globalized capitalist modernity In turn Orientalist ideologues went around the world manufacturing equally illusory abstractions in the form of inferior civilizations in India China Africa Latin America and the Islamic world The result was the projection of Islam and the West as the prototype of a civilizational hostility that has given false explanations and flawed prognoses of our contemporary history with weaponized Islamophobia on one side and militant Islamism on the other as its most palpable manifestations Dabashi argues it is long past time to dismantle this dangerous liaison expose and overcome its perilous delusions and reimagine the world beyond its shimmering mirage *The End of Two Illusions* is the most iconoclastic work of critical thought and scholarship to emerge in recent memory clearing the way toward a far more liberating imaginative geography of the world we share

*Love's Caravan* James Patrick, 2023-07-21 Everyone has an imagination but how many of us can say we use it to its full potential Not only Ibn Arabi the greatest Shaykh of Sufism but poets and mystics in every age have developed their imagination to the point where they can apprehend a silence that speaks in symbol and a dynamic stillness that can transform the world This journey starts from where we are as novice meditators in a bustling distracted world and guides us into the mystical imagination with twelve short discussions each illustrated by accessible memorable poems With creative challenges in each chapter you can chart your own exploration by writing a poem painting a picture or making a piece of music using the suggestions as a starting point Stops along the route of this armchair pilgrimage include dreams alchemists Sufi stories bardo states angels synchronicities prophecies a mermaid and a well known crucifixion This book is for seekers yogis and believers of all traditions and at all stages as well as those who simply want to better connect with their creative imagination
