Spiritual Geometry & Imagery Charles W. Allen,2015-10-23 Tens of thousands of books on religion and spirituality are continually being written every year and it is difficult to find something really new and refreshing as this book The author has truly assembled an amazing and beautiful work of colorful graphic art and unique simplistic imagery All this is designed to depict Christian spiritual concepts values and Christian thinking for those seeking to better understand mankind's relationship with God and present their faith to others This book consists of 276 color pages with over 70 pages of compelling imagery Twelve thematic sections are presented which can be read in any order and all having an associated synopsis to guide you through the images and ideas presented It is written in a style that is creative introspective at times analytical instructive and humorous but every page points to God There is no pretense by the author to be a highly knowledgeable or anointed theologian He's just a man of God with a special message to convey with enough stunning information to encourage all readers to want to know more about God or use these images as a jump off point for their own purposes Featured Images found here www.spiritualimageryimpact.com **Psychology of Sexuality & Mental Health Vol. 1** Naveen
