Catherine M. Cameron, 2018-06-27 Chaco Canyon the great Ancestral Pueblo site of the eleventh and twelfth centuries remains a central problem of Southwestern archaeology Chaco with its monumental great houses was the center of a vast region marked by outlier great houses The canyon itself has been investigated for over a century but only a few of the more than 200 outlier great houses key to understanding Chaco and its times have been excavated This volume explores the Chaco and post Chaco eras in the northern San Juan area through extensive excavations at the Bluff Great House a major Chaco outlier in Utah Bluff's massive great house great kiva and earthen berms are described and compared to other great houses in the northern Chaco region Those assessments support intriguing new ideas about the Chaco region and the effect of the collapse of Chaco Canyon on outlying great houses New insights from the Bluff Great House clarify the construction and use of great houses during the Chaco era and trace the history of great houses in the generations after Chaco's decline An innovative comparative study of the northern and southern portions of the Chaco world the northern San Juan area around Bluff and the Cibola area around Zuni leads to new ideas about population aggregation and regional abandonment in the Southwest Appendixes present details and descriptions of artifacts recovered from Bluff ceramics projectile points pollen analyses faunal remains bone tools ornaments and more This book is one of only a handful of reports on Chacoan great houses in the northern San Juan region It provides an in depth study of the Chaco era and clarifies the relationship of outlying great houses to Chaco Canyon Research at the Bluff Great House begins to answer key questions about the nature of Chaco and its region and the history of the northern San Juan in the Chaco and post Chaco worlds [Olde New Mexico](#)

Robert D. Morritt, 2011-01-18 This book affords the reader an in depth history of New Mexico from the earliest Paleographical era It covers the early Pueblo societies the Spanish incursions and development of the area Also contained herein are accounts of the indigenous people and their history and fortitude during various incursions at first by Spanish conquistadors and later by early American Frontier soldiers [**Museum Notes of the Museum of Northern Arizona**](#)

, 1928 [The Chaco Meridian](#) Stephen H. Lekson, 2015-03-19 In this return to his lively provocative reconceptualization of the meaning of Chaco Canyon and its monumental 11th century structures Stephen H Lekson expands over time and distance our understanding of the political and economic integration of the American Southwest Lekson's argument that Chaco did not stand alone but rather was the first of three capitals in a vast networked region incorporating most of the Pueblo world has gained credence over the past 15 years Here he marshals new evidence and new interpretations to further the case for ritual astronomical alignment of monumental structures and cities great ceremonial roads and the shift of the regional capital first from Chaco Canyon to the Aztec Ruins site and then to Paquim all located on the same longitudinal meridian Along the line from Aztec to Paquim Lekson synthesizes 1000 years of Southwestern prehistory explaining phenomena as diverse as the Great North Road macaw feathers Pueblo mythology the recycling of iconic symbols over time founder burials and the rise of kachina ceremonies to yield a fascinating argument that will interest anyone concerned with the prehistory

and history of the American Southwest **The Creation of Inequality** Kent Flannery,Joyce Marcus,2012-05-15 Flannery and Marcus demonstrate that the rise of inequality was not simply the result of population increase food surplus or the accumulation of valuables but resulted from conscious manipulation of the unique social logic that lies at the core of every human group Reversing the social logic can reverse inequality they argue without violence *The Lost World of the Old Ones* David Roberts,2015-03-31 An award winning author and veteran mountain climber takes us deep into the Southwest backcountry to uncover secrets of its ancient inhabitants In this thrilling story of intellectual and archaeological discovery David Roberts recounts his last twenty years of far flung exploits in search of spectacular prehistoric ruins and rock art panels known to very few modern travelers His adventures range across Utah Arizona New Mexico and southwestern Colorado and illuminate the mysteries of the Ancestral Puebloans and their contemporary neighbors the Mogollon and Fremont as well as of the more recent Navajo and Comanche *Chaco Revisited* Carrie C. Heitman,Stephen Plog,2015-04-09 Chaco Canyon the great Ancestral Pueblo site of the eleventh and twelfth centuries has inspired excavations and research for more than one hundred years Chaco Revisited brings together an A team of Chaco scholars to provide an updated refreshing analysis of over a century of scholarship In each of the twelve chapters luminaries from the field of archaeology and anthropology such as R Gwinn Vivian Peter Whiteley and Paul E Minnis address some of the most fundamental questions surrounding Chaco from agriculture and craft production to social organization and skeletal analyses Though varied in their key questions about Chaco each author uses previous research or new studies to ultimately blaze a trail for future research and discoveries about the canyon Written by both up and coming and well seasoned scholars of Chaco Canyon Chaco Revisited provides readers with a perspective that is both varied and balanced Though a singular theory for the Chaco Canyon phenomenon is yet to be reached Chaco Revisited brings a new understanding to scholars that Chaco was perhaps even more productive and socially complex than previous analyses would suggest
