Snow Bullets:

The Bullet's Flight from Powder to Target, 1909 **Arms and the Man**, 1914 Technical Report Cold Regions Research and Engineering Laboratory (U.S.), 1977 **Journal of the Military Service Institution of the United States** Military Service Institution of the United States, 1891 The Spiritual Realm and Other Stories Larry Sells, 2003-03-04 A couple of werewolves Susan and Alf each wearing an eat a human T shirt walked in Ghostville Mall They stopped in front of the movie theater and looked at the list The two looked at each other and walked away Susan eyed a human skeleton through the arcade s windows She elbowed Alf and he looked at her When Susan had his attention she whispered Let s eat him when he comes out Her eyes pointed out the human skeleton Following Susan s eyes Alf saw the human skeleton and started drooling He looks good enough to eat Alf and Susan sat on the wooden bench opposite the entrance so they could see the human skeleton through the window They sat there grooming each other s heads like a pair of chimpanzees Both ate the fleas taken from the other s head **Report on the State of the Militia of the Dominion of Canada** Canada. Department of Militia and Defence, 1887 **Cry Dance** Kirk Mitchell, 2000-06-06 If there s one thing Bureau of Indian Affairs Investigator Emmet Quannah Parker knows it s that the dead don t always stay dead With him he carries the ghosts of a partner killed in action three failed marriages and a long affair with the bottle And now he s about to face the most dangerous case of his career one that begins with a body that doesn t stay buried Brutally murdered and bizarrely mutilated a woman s corpse is discovered on Havasupai Nation land Parker is paired with FBI Special Agent Anna Turnipseed in a hastily assembled task force of two The two share a mixed Native American ancestry and little else As they are pulled deeper into a complex case Parker suspects they are being led like Custer into Little Bighorn into a killer s trap with Anna the bait and Parker himself the quarry At the heart of it are the dead with history the most lethal weapon of all Shooting and Fishing, 1901 Microphysics of Clouds and Precipitation H.R. Pruppacher, J.D. Klett, 2012-12-06 Cloud physics has achieved such a voluminous literature over the past few decades that a significant quantitative study of the entire field would prove unwieldy This book concentrates on one major aspect cloud microphysics which involves the processes that lead to the formation of individual cloud and precipitation particles Common practice has shown that one may distinguish among the following additional major aspects cloud dynamics which is concerned with the physics responsible for the macroscopic features of clouds cloud electricity which deals with the electrical structure of clouds and the electrification processes of cloud and precipitation particles and cloud optics and radar meteorology which describe the effects of electromagnetic waves interacting with clouds and precipitation Another field intimately related to cloud physics is atmospheric chemistry which involves the chemical composition of the atmosphere and the life cycle and characteristics of its gaseous and particulate constituents In view of the natural interdependence of the various aspects of cloud physics the subject of microphysics cannot be discussed very meaningfully out of context Therefore we have found it necessary to touch briefly upon a few simple

and basic concepts of cloud dynamics and thermodynamics and to provide an account of the major characteristics of atmospheric aerosol particles We have also included a separate chapter on some of the effects of electric fields and charges on the precipitation forming processes *Year 2150* Kevin S. A. Botta*,2010-02 Christmas comes once a year It is one single magical day But this story is not just of one day it is of all the days that comprise The Coming of Christmas These are the wild and hilarious adventures of Ben and his brothers Tom and Dan wrapped in the warmth and goodness of childhood From swooshing sled races and extreme snowball battles to mangled Christmas trees and a runaway reindeer their escapades capture the joys and thrills and mischief and magic of Christmastime In *The Most Incredible Christmas Ever* D A Botta employs a blended voice childish with hints of maturity to

A Winter Evening's Entertainment, a social cantata in two parts. Words by S. Dyer Augustus Cull, 1866

Once Upon a Time in War Robert E. Humphrey, 2014-02-06 For the soldier on the front lines of World War II a lifetime of terror and suffering could be crammed into a few horrific hours of combat This was especially true for members of the 99th Infantry Division who repelled the Germans in the Battle of the Bulge and engaged in some of the most dramatic hard fought actions of the war Once Upon a Time in War presents a stirring view of combat from the perspective of the common soldier Author Robert E Humphrey personally retraced the path of the 99th through Belgium and Germany and conducted extensive interviews with more than three hundred surviving veterans When Humphrey discovered that many 99ers had gone to their graves without telling their stories he set about to honor their service and coax recollections from survivors The memories recounted here many of them painful and long repressed are remarkable for their clarity These narratives seamlessly woven to create a collective biography offer a gritty reenactment of World War II from the enlisted man's point of view Although focused on a single division Once Upon a Time in War captures the experiences of all American GIs who fought in Europe For readers captivated by Band of Brothers this book offers an often tragic sometimes heartwarming but always compelling read

The Alaskan Retreater's Notebook Ray Ordorica, 2016-01-19 In the fall of 1978 Ray Ordorica packed everything he thought he would need into his Toyota LandCruiser and drove north to Alaska He came to a land he had never seen to find something he wasn't even sure existed a wilderness cabin he could use for a year or more to live think relax read and write Ordorica found his cabin fixed it up and although it was just an uninsulated 12 by 16 foot one room log structure he spent three winters in it in relative comfort Ordorica's life in that cabin fulfilled a dream he had had for more than ten years During his long winters in Alaska it occurred to him that there must be many others who have put off an extended wilderness visit to out of ignorance or fear They have as many questions about Alaska as he had before he arrived How do you cope with 40 below How do you get water Is it totally dark in mid winter These questions and many more gave Ordorica the idea to write the Alaskan Retreater's Notebook an epic memoir about one man's journey into the Alaskan wilderness With his wisdom you will learn how to live with the country and not against it
