James Bohn

Snow White And The Seven Dwarfs Soundtrack Collectors Ed:

Music in Disney's Animated Features James Bohn, 2017-05-12 In Music in Disney's Animated Features James Bohn investigates how music functions in Disney animated films and identifies several vanguard techniques used in them. In addition, he also presents a history of music in Disney animated films as well as biographical information on several of the Walt Disney Studios seminal composers. The popularity and critical acclaim of Disney animated features truly is built as much on music as it is on animation. Beginning with *Steamboat Willie* and continuing through all of the animated features created under Disney's personal supervision, music was the organizing element of Disney's animation. Songs establish character aid in narrative and fashion the backbone of the Studios' movies from *Snow White and the Seven Dwarfs* through *The Jungle Book* and beyond. Bohn underscores these points while presenting a detailed history of music in Disney's animated films. The book includes research done at the Walt Disney Archives as well as materials gathered from numerous other facilities. In his research of the Studios' notable composers, Bohn includes perspectives from family members, thus lending a personal dimension to his presentation of the magical Studios' musical history. The volume's numerous musical examples demonstrate techniques used throughout the Studios' animated classics. The Great Movie Musical Trivia Book, 1996 How much did Munchkins get paid? What great cultural institution stands on the site where *West Side Story* was filmed? Who was first considered for the role of Mary Poppins? *The Great Movie Musical Trivia Book* spins out revelation after revelation with entertaining answers to intriguing questions that will test the wits of even the most die-hard musical fan. **Snow White & The Seven Dwarfs: Illustrated Graphic Novels** Brothers Grimm, 2009-01-05 Classic stories and fairy tales go hand in hand with a child's growing-up years.
