

A photograph of an iceberg floating in the ocean. The tip of the iceberg is visible above the water, while the much larger, submerged part is hidden below. The sky is a mix of orange and blue, suggesting a sunset or sunrise. The water is a deep blue.

There's so much to learn and so
much of it not worth learning.

Heering, 2004-04-01 This study deals with Hugo Grotius famous apologetic work *De veritate religionis christianae* the Latin version of a Dutch poem which he wrote in 1620 while imprisoned in Loevestein entitled *Bewijs van den waren godsdienst* The first part of this book examines the genesis of the work and the development of the text The middle sections give an analysis of the motives that led Grotius to write this work and of the sources he most probably used The final chapters examine the notes that Grotius added to his work in 1640 and the reception of the work in the author's lifetime The book is illustrated with several historical drawings and prints of Grotius and his time Wisconsin Journal of Education, 1872 **The Philosophy of Human**

Learning Christopher Winch, 2002-01-04 *The Philosophy of Human Learning* addresses current concerns with the nature of human learning from a distinctive philosophical perspective Using insights derived from the work of Wittgenstein it mounts a vigorous attack on influential contemporary accounts of learning both in the romantic Rousseauian tradition and in the scientific cognitivist tradition These two schools Professor Winch argues are more closely related than is commonly realised

The Christian Examiner, 1830 **Christian Examiner and Theological Review**, 1830 **When Teaching Becomes Learning** Eric Sotto, 2007-05-15 Intended to help anyone who teaches this book has something of a cult following Drawing on extensive teaching experience the author presents a personal account of good practice written in an engaging

and accessible style and based on extensive scholarly sources Part I Learning and Part II Teaching complement one another and the book as a whole offers an insight into how to teach in any set of circumstances It does so without being prescriptive instead helping teachers to think through their own problems and situations As a result When Teaching Becomes Learning is a book to which teachers will return on countless occasions This edition has been updated throughout and now has 2 new chapters Reflections of Educational Technology and Why Teach Chapters are now also divided up so they are each shorter and more user friendly than before
