Congressional Record, United States Congress, 1995. *Interrogating the Neoliberal Lifecycle*. Beverley Clack, Michele Paule, 2018-12-14. In this timely collection, contributors from a number of disciplines discuss neoliberal visions of success and the subsequent effects they have on the construction of the lifecycle. Frequently mentioned in popular political discourse, the notion of neoliberalism is often deployed as shorthand for the consensus that austerity is necessary and the hard-working individual can survive it. This volume unpicks and interrogates the term by engaging with the interface between the political ubiquity of neoliberal forms and its lived experience in neoliberal societies, cutting across a multiplicity of factors including gender, age, and access to education. Impressive in its wide scope and analysis, *Interrogating the Neoliberal Lifecycle* presents an informed discussion not only of the limits of the neoliberal paradigm but also of possible alternatives.

"So What Are You Going to Do with That?" Susan Basalla, Maggie Debelius, 2008-09-15. Graduate schools churn out tens of thousands of Ph.D.s and M.A.s every year. Half of all college courses are taught by adjunct faculty. The chances of an academic landing a tenure-track job seem only to shrink as student loan and credit card debts grow. What's a frustrated would-be scholar to do? Can he really leave academia? Can a non-academic job really be rewarding, and will anyone want to hire a grad-school refugee? With *So What Are You Going to Do with That*, Susan Basalla and Maggie Debelius, Ph.D.s themselves, answer all those questions with a resounding Yes. A witty, accessible guide full of concrete advice for anyone contemplating the jump from scholarship to the outside world, *So What Are You Going to Do with That* covers topics ranging from career counseling to interview etiquette to translating skills learned in the academy into terms an employer can understand and appreciate. Packed with examples and stories from real people who have successfully made this daunting but potentially rewarding transition, and written with a deep understanding of both the joys and difficulties of the academic life, this fully revised and up-to-date edition will be indispensable for any graduate student or professor who has ever glanced at her CV, flipped through the want ads, and wondered, "What if I will absolutely be recommending this book to our graduate students exploring their career options?" I'd love to see it on the coffee tables in department lounges. Robin B. Wagner, former associate director for graduate career services, University of Chicago.
