 Glockenspiel, and Resonator Blocks.** Without Musical Notes Helen Winter, We call this series I don t read music since
 we are targeting beginners of all ages children teens parents grandparents Folk music traditionally is not learned from sheet
 music or notes Instead it is learned by repetition and from being passed from generation to generation We believe in this
 method of teaching which is easier and more enjoyable This book includes 63 familiar and easy to play folk songs and
 melodies Each song here is written with color circles and letter notes inside Most songs have been simplified and transposed
 for one octave Since this book is aimed at the absolute beginner without any knowledge of reading music we do not use here
 the classical music staff and do not show the note duration You can experiment with the duration on your own If you have
 very little music experience playing by note can be difficult It is easier to follow color coded circles with note letters By
 simply following the color circles you will sound like an experienced musician This songbook uses the Chroma Notes Colored
 Music System popular in the US We call this series I don t read music since we are targeting beginners of all ages children
 teens parents grandparents Folk music traditionally is not learned from sheet music or notes Instead it is learned by
 repetition and from being passed from generation to generation We believe in this method of teaching which is easier and
 more enjoyable The simple method of using circles as an aid allows the flexibility that existed in traditional ways of teaching
 We recommend finding each of these songs on YouTube and listening to the rhythm before beginning to play Our sheet music
 is only a guide The most important thing is to listen and repeat the recordings Contents Alphabet Song A Hunting We Will Go
