All editions of Latin texts published in the Bibliotheca Teubneriana are collected in the online database BTL Online. *Forbidden Oracles?* AnneMarie Luijendijk, 2014-08-01 This book centers on The Gospel of the Lots of Mary, a previously unknown text preserved in a fifth or sixth century Coptic miniature codex. It presents the first critical edition and translation of this new text. My book is also a project about religious praxis and authority as I situate the manuscript within the context of practices of and debates around divination in the ancient Mediterranean world. Preface p. vii.

My Lots are in Thy Hands: Sortilege and its Practitioners in Late Antiquity AnneMarie Luijendijk, William E. Klingshirn, 2018-10-08 Sortilege, the making of decisions by casting lots, was widely practiced in the Mediterranean world during the period known as late antiquity, between the third and eighth centuries CE. In *My Lots are in Thy Hands: Sortilege and its Practitioners in Late Antiquity* AnneMarie Luijendijk and William Klingshirn have collected fourteen essays that examine late antique lot divination, especially but not exclusively through texts preserved in Greek, Latin, Coptic, and Syriac. Employing the overlapping perspectives of religious studies, classics, anthropology, economics, and history, contributors study a variety of topics, including the hermeneutics and operations of divinatory texts, the importance of diviners and their instruments, and the place of faith and doubt in the search for hidden order in a seemingly random world. **Ancient Magic and Ritual Power** Paul Mirecki, Meyer, 2015-08-24 This volume contains a series of provocative essays that explore expressions of magic and ritual power in the ancient world. The essays are authored by leading scholars in the fields of Egyptology, ancient Near Eastern studies, the Hebrew Bible, Judaica, classical Greek and Roman studies, early Christianity, and patristics, and Coptology. Throughout the book, the essays examine the terms employed in descriptions of ancient magic. From this examination comes a clarification of magic as a polemical term of exclusion but also an understanding of the classical Egyptian and early Greek conceptions of magic as a more neutral category of inclusion. This book should prove to be

foundational for future scholarly studies of ancient magic and ritual power This publication has also been published in paperback please click here for details *Japheth in the Tents of Shem* Pieter Willem van der Horst, 2002 A collection of fifteen essays most of them published previously Ch 6 pp 109 118 Jews and Christians in Antioch at the End of the Fourth Century appeared in *Christian Jewish Relations through the Centuries* 2000 contrasts the vitriolic anti Jewish polemics of John Chrysostom in regard to Judaizing with the attitude of the Apostolic Constitutions material on ecclesiastical law The latter instead of denigrating the Jews borrowed from them aspects of Judaism that local Christians found attractive Ch 12 pp 207 221 Who Was Apion unpublished focuses on Apion's scholarship and writing i e activities other than his anti Jewish polemics However notes that Apion's self proclaimed originality included his invention of the libel of Jewish cannibalism

Paroles d'Apollon Aude Busine, 2005-12-01 This book deals with the making and the reuses of the divine words which were ascribed to Apollo from the 2nd to the 6th centuries AD and which have now become available in both epigraphical and literary sources The larger part has been issued by the sanctuaries of Claros and Didyma This comprehensive and historical approach analyses the oracles of Apollo according to the various contexts ancient authors used to resort to the sacred words The first part of the book examines in the context of the Graeco Roman city states the oracular texts in relation to the

sanctuaries where they had originally been produced The second part explores the different ways in which the Apollinian oracles were reappropriated by pagan and Christian authors for philosophical polemical and apologetic purposes This study of the sacred texts reveals in an original manner the cultural political and religious life of pagans and Christians in the Roman Empire
