Language of Leadership James C. Humes,1991 **Speechwriting in Perspective** Thomas H. Neale,Jean M. Bowers,2003 Writing for the spoken word is a special discipline it requires that speechwriters products be written primarily although not exclusively to be heard not read Speeches are better cast in simple direct and often short sentences that can be easily understood by listeners Rhetorical devices such as repetition variation cadence and balance are available to and should be used by the speechwriter It is important for speechwriters to analyse audiences according to factors such as age gender

culture profession and income level size of audience political affiliation if any and on the occasion for or purpose of the speech Most effective speeches do not exceed 20 minutes in length After researching a topic speechwriters must prepare an outline from which the speech will be developed They should strive to maintain a clear theme throughout the speech Most speeches will have a three part structure consisting of an introduction a body and a conclusion The accepted style of contemporary American public address is natural direct low key casual and conversational This puts the listeners at ease and promotes a sense of community between the audience and speaker Punctuation should reflect the sound structure of the speech reinforcing the rhythm and pace of actual speech Clarity of expression is as important a consideration in speech grammar as rigid adherence to the rules for written law This book presents the essentials of speechwriting Preface Speechwriting in Perspective A Brief Guide to Effective and Persuasive Communication Thomas H Neale Public Speaking and Speechwriting Selected References Jean M Bowers Index *Annotated Bibliography of Works About Sir Winston S.*

Shaddix, 1999-06-10 The call to preach is just that a call to preach The call to preach however is more than just preaching The call to preach is a call to prepare Too many pastors have refrained from preparation while they await the Holy Spirit to do all of the work God expects preachers to prepare sermons as much as possible and allow Him to prepare the preachers Join Dr Jerry Vines and Dr Jim Shaddix as they achieve a balanced approach to teaching sermon preparation in *Power in the Pulpit* This book combines the essential perspectives of a pastor of forty years with another pastor who also devotes daily time to training pastors in the context of theological education Thus *Power in the Pulpit* is a practical preaching help from a pastoral perspective in the tradition where expository preaching is a paramount and frequent event in the life of the local church *Power in the Pulpit* is the combined work of Dr Vines s two earlier publications on preaching *A Practical Guide to Sermon Preparation* Moody Press 1985 and *A Guide to Effective Sermon Delivery* Moody Press 1986 Dr Shaddix carefully organizes and supplements the material to offer this useful resource which closes the gap between classroom theory and what a pastor experiences in his weekly sermon preparation

Parameters , 1994 How to Preach the Prophets for All Their Worth Andrew G. M. Hamilton, 2022-05-24 The Old Testament prophetic books play a key role in revealing God s plan of salvation They occupy a significant portion of the biblical canon similar in size to the entire New Testament Yet most believers stay clear of this part of Scripture They avoid traveling through this forest of oracles and visions Many preachers also struggle to navigate this unfamiliar territory Preachers feel much more at ease unpacking the intricate arguments of the Pauline epistles or following the thrilling

adventures of biblical narratives rather than exploring the prophetic books The church however needs to hear and respond to the beauty depth and relevance of the prophetic message This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers small group leaders youth workers etc to communicate the message of the prophets with hermeneutical precision theological depth genre sensitivity and pastoral pulse This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God's people enjoy the scenery of this part of God's word

Creating and Using English Language Corpora Udo Fries, 2023-11-20 The new media revolution has led to a comprehensive digitization of our

textual universe and the pervasive incorporation of the media into our everyday lives from mobile telephony to social media. This calls for a concerted research effort uniting linguistics and other disciplines involved in language related research. The massive growth in the amount, diversity and availability of textual and multimodal language data for many of the world's languages poses several challenges. In terms of theory and methods it forces us to rethink traditional notions of what linguistic corpora are and what role they play in linguistic description. Established corpus linguistic methods such as concordancing and textual statistics are increasingly being complemented by visualization and geolocation of digital language data. Empirically there is a growing need to document and analyse what people do with language in the increasingly technologized communicative ecology of the 21st century. Language and Computers Studies in Digital Linguistics invites contributions which explore innovative, intelligent and creative ways of using digital language data resources and infrastructure for linguistic description contribute to the development and refinement of usage based models in linguistics using both quantitative and qualitative methods analyse all aspects of digitally mediated communication from orthography to pragmatics and sociolinguistics.

Say Something! Charley Reeb, 2019-02-19 People looking for a church home value good preaching most of all as shown by a recent Pew Research study. While tasty coffee, edgy technology and flashy worship services are effective if visitors don't hear inspiring sermons they will not come back to your church. The lesson is clear if you want to attract people to your church you must make preaching your number one priority. Now that's a strategy for church growth. If great preaching is essential to church growth how does one become a great preacher? This book will show you how. Charley Reeb shows why so many sermons miss the mark usually due to design issues rather than poor content. He introduces 6 critical characteristics of effective sermons: how to capture the attention of the listener, the best method for having maximum impact with a sermon and many other helpful ways to be an effective preacher.

Sacred Mysteries Dennis Chester Smolarski, 1995 Sacred Mysteries opens by reflecting on the continual process of reform in the church and on the foundational principles for all liturgical action. It then moves to a discussion of each of the sacraments with particular reference to the way they are ritualized in the assembly. A final chapter addresses practices that can cloud the experience of mystery during liturgical celebrations and thus inhibit rather than enhance the power of the rite.

Fame-Dropping James C. Humes, 2019-01-18 Fame Dropping is a bit like name dropping but when your guide is historian James C. Humes you can expect something more than just trivial details about celebrities. A former White House speechwriter and Pennsylvania state legislator the author commands powers of persuasion that have opened doors into the lives of the world's most influential men and women. Fame Dropping zooms in for a close up while offering you a front row seat for viewing history's big picture. Rich with insight and told in a lively self-deprecating style this book contains tales of a gregarious ghostwriter who has met countless notables from star performers to those who wield power behind the scenes in Hollywood, Washington and beyond. Learn, laugh and enjoy with a well-traveled political junkie and Churchill biographer as he witnesses Richard Nixon's informal

side dances with a young and radiant Queen Elizabeth II and watches Margaret Thatcher tear up a speech he'd just written. Come and join Sir John Gielgud at the bar for cocktails, dine in Washington with McGovern's Hollywood supporter Shirley MacLaine and find out what the guests found hanging in Pamela Harriman's powder room. At once intimate and grounded in a historian's wider perspectives, *Fame Dropping* invites you to come closer and listen in as you take a whirlwind tour of world events with the man who was welcomed everywhere.

IdeaSelling Sam Harrison, 2010-04-14 Don't let your creative ideas get picked apart and put down. If you're like most creative people, chances are high that you've had your share of ideas rejected by clients or decision makers. While we sometimes make the mistake of believing ideas should sell themselves, the fact is that the better and bolder the idea, the more it needs selling. This book contains powerful techniques to help you sell your ideas to those with approval power. You'll find tips from designers, writers, marketers, and other creative professionals, along with meaty advice from selling and branding gurus. In no time you'll be able to convince those who hold the purse strings that your ideas are worth pursuing and investing in. Designers have a little known secret: Designing something is the easy part; getting others, specifically clients, to embrace that design is the real hard part. Harrison has put together dozens of tips that, if applied correctly, independently or in unison, will help you get those great design ideas approved.
