When the Sisters Said Farewell

Michael P. Caruso, 2012-03-11 *When the Sisters Said Farewell* tells an important story of the contributions of Catholic elementary schools to the United States by chronicling the experiences and insights of religious women nuns who were the last members of their communities to serve in parish elementary schools and of those lay men and women who were the first to serve in those roles traditionally filled by the sisters. The dramatic numerical transition from the preponderance of religious women to lay leadership from the 1960s to the 1980s has been documented; this book describes the how and why sisters left Catholic schools. This narrative also provides instructive insights about leadership transitions and current trends in religious life and Catholic education. As all educators in Catholic private and public schools grapple with questions of delivering an excellent education, this book offers a glimpse into the workings of one of the most amazing educational enterprises in the history of the United States. Catholic nuns and sisters in a secular age Carmen M. Mangion, 2020-01-09 This is the first in depth study of post war female religious life. It draws on archival materials and a remarkable set of eighty interviews to place Catholic sisters and nuns at the heart of the turbulent 1960s, integrating their story of social change into a larger British and international one. Shedding new light on how religious bodies engaged in modernisation, it addresses themes such as the Modern Girl and youth culture, 1968 generational discourse, post war modernity, the voluntary sector and the women's movement. Women religious were at the forefront of the Roman Catholic Church's movement of adaptation and renewal towards the world. This volume tells their stories in their own words

The New Nuns Amy L. Koehlinger, 2007-04-30 In the 1960s a number of Catholic women in the U.S. abandoned traditional apostolic works to experiment with new and often unprecedented forms of service among non-Catholics. Koehlinger explores this phenomenon through close examination of one of its most visible forms: the experience of white sisters working in African American communities

individual sisters visionary congregational leader Alice Trudeau and social justice activist Mary Alban This book focuses on the new transnational networks feminist concepts professionalization of religious life and complex political landscapes that emerged during this period of drastic transition as women religious sought to reconstruct identities redefine roles and signify vision and mission at both the personal and collective levels Following women religious as they encountered new meanings of faith in their congregations the Church and society at large Vatican II and Beyond demonstrates that the search for a renewed vision was not just a response to secularization but a way to be reborn as Catholic women Apostolic Religious Life in America Today Richard Gribble, 2011-08-17 Apostolic religious life in the United States today is in a state of crisis Signs of this situation are readily apparent and well known to all who practice Roman Catholicism The significant decline in the number of priests and religious and fewer vocations to religious congregations have produced a severe blow to formerly active apostolates and brought grave concern for the future of these ministries While the reasons for this present situation are complex interpretation of the documents of Vatican II is clearly one very important factor Scholars hold two basic interpretations of the Council the hermeneutic of rupture sees the Council as a revolution which placed the Church on a completely new trajectory A second hermeneutic however views the Council as reform with continuity While most literature to date has analyzed the hermeneutic of rupture and the consequent transformation of apostolic religious life this book describes the opposite position Divided into two parts this volume first presents an analysis of the problem and secondly a solution to place apostolic religious life on a positive trajectory in the 21st century The first section of this book describes how the hermeneutic of rupture is an incorrect reading of Vatican II Rather the Council in addressing numerous issues did not break from the past but rather sought to understand Church teaching in more contemporary ways but with continuity to the Tradition Essays in this section describe this misreading of Vatican II the consequent misunderstanding of the evangelical counsels and the rejection of religious signs The second section through an analysis of the writings of Hans Urs von Balthasar Basile Moreau Pope Benedict XVI and a reflection on Perfectae Caritatis provides a solution of Christian love as the operative way to reform apostolic religious life today ABOUT THE EDITOR Richard Gribble C S C is professor of religious studies at Stonehill College He has written four critical biographies including American Apostle of the Family Rosary The Life of Patrick J Peyton C S C and An Archbishop for the People The Life of Edward J Hanna He is a frequent contributor to many journals including The Catholic Historical Review American Catholic Studies and the Journal of Church and State PRAISE FOR THE BOOK This book is a true service to those seeking to understand consecrated apostolic life whether they are themselves members of religious orders and congregations or are among those who love the vocation esteem religious Sisters and desire that this calling be strengthened in the Church Francis Cardinal George O M I Archbishop of Chicago Finally a book that explains why some attempts of religious congregations to renew themselves after Vatican II succeeded and why so many failed Understanding the radical nature of what the vows really require of a religious community is no small achievement The
