help techniques presented in this book I've personally benefited from applying this practical six step self help model to some of my Buttons The chapter titled 30 Seeds for Your Mind's Garden is worth the price of this book alone The 30 Seeds are guidelines that have been helpful in my journey of personal and spiritual growth Planting these life enhancing seeds into the gardens of our minds enables us to become more conscious aware loving and compassionate This is simply the best psychological self help book I've ever read I've already recommended this book to my friends An excellent read Patricia Pollard M P A Administrator from Health Sciences Personnel Brody School of Medicine East Carolina University Greenville NC Button Therapy Book Good for Self Helpers and Professionals Goodwin has written a very readable book which includes a thorough compilation of respected authors therapists and philosophers Those views augmented with his many years of counseling experience provide a useful theoretical and practical book for both the mental health professional as well as the individual seeking a good self help reference and guide including inventories in the appendix Stephen K Creech Ph D Mental Health Professional and Musician from Winterville NC Button Therapy I was excited to see three decades of counseling theories approaches and strategies in mind body therapy brought together in one resource that is readable and accessible for either the lay reader or counseling professional This book is unique because it combines psychological research with very usable self assessments and self help techniques that can be applied in the real world The element that I found most helpful are the 30 Seeds for Your Mind's Garden in Chapter 21 This presents a summary and cognitive guideline of living life most effectively to its fullest potential Mark Stebnicki Rh D LPC CRC CDMS Professor and Director Rehabilitation Counselor Education Program East Carolina University Greenville NC A Fantastic Book A super way to learn how to deal with all the Buttons and Button Pushers in your life Learn to be a happier healthier and hopefully a better person all around Ned Petrak Financial Advisor Goldsboro NC CONGRATULATIONS Congratulations Dr Goodwin You've done a wonderful job I like the holistic nature of this cognitive behavior therapy model The vast majority of clients I have worked with see themselves as pawns in this world being blown from one situation to the other with minimal control They often experience their emotions and actions as responsive to external forces rather than behavioral choices over which they have control The Button Therapy Book teaches that the locus of most situations is internal and therefore under our control Most of us are spiritually empty I am very positive that they will be able to fill that spiritual void by reading The Button Therapy Book I will recommend this book to any mental health professional I know Agyenim A Boateng M S CRC CCAS LPC Mental Health Professional from Pinehurst NC An Excellent Guide To Feeling Good The Button Therapy Book provides techniques that will immediately lift your spirits and help you develop a positive outlook on life Everyone has Buttons and Button Pushers Dr Goodwin provides a framework to recognize the cognitions i.e thoughts beliefs etc attached to Buttons that produce negative results Through the 21 Button removal strategies described in the book empowerment is accessible A great tool box for those working in the mental health field as well as for anyone seeking personal growth If you have the desire to dance to the music of the universe

instead of dancing every time somebody pushes your Buttons buy it read it you deserve it Sharon Williams from Washington NC Tired of Getting Your Buttons Pushed The Button Therapy Book is an excellent life enhancement manual I highly recommend it Its foundations are based on the teachings of Buddha Jesus Christ and Ken Keyes Jr The Button Therapy Book also nicely wraps up the best of the best literature from prominent psychologists philosophers and modern day shamans The fewer Buttons Button Therapy Lloyd R.
