Redemption from Addiction Gerard Jerry Egan,2011-12-27 There are awesome and powerful creative forces that can be fully tapped that will absolutely unleash our dreams and hopes transforming them into a desired reality or these very same forces will send us into the deepest darkest Hell we have ever known If a person fails to understand that they have a huge responsibility to take full possession and control of this great creative power then that failure to take this responsibility will always lead to these forces taking control of the person in an undesirable destructive and potentially deadly manner In other words opportunities and temptations to use drugs or alcohol will present themselves as a direct result of failing to take control of these forces or misusing their power All addictions are a manifestation caused by the poor or improper use of these forces and powers The very Powers that govern the ability for anyone to accomplish anything in their lives for their good are the very same powers that can and will undermine and destroy those efforts This book will give you the essential Eleven Powers and Eleven Arts that will enable you to change your life The use of these Powers and Arts will enable you to take full control of not only your addiction but provide endless opportunities to create and design an entire new Destiny Addicts and alcoholics have inadvertently mastered the principles of success and use those very same concepts to assure their own failure and destruction By forcing yourself to do what you dont want to do enables you to gain hold of and grasp these powerful forces and turn them in the direction of success instead of failure Teach yourself and learn to direct the awesome creative forces within you and learn to turn your Possibilities into Probabilities   **Brel and Chanson** Sara Poole,2004-05-19 In celebration of his unique talent and in commemoration of the twenty fifth anniversary of his death this is the first book length study in English of the work of Belgian chansonnier Jacques Brel Brel and Chanson traces probable influences on the creative process of Brel s early later and always eclectic reading It goes on to examine his principal preoccupations as evidenced by the chansons such as childhood love and friendship and human stupidity and also to elucidate the unique use of language This study not only analyzes the complexities inherent in writing and composing but also in the performance of a chanson It
