Sperm Counts Lisa Jean Moore, 2008-10 In *Sperm Counts* Lisa Jean Moore offers the first comprehensive analysis of sperm from its biological properties to its historical significance and cultural meaning From masturbation to sperm counts Moore offers a penetrating exploration of the importance of sperm to men and their sense of masculinity explaining why many might consider sperm to be man's most precious fluid Drawn from fifteen years of research *Sperm Counts* examines the many places that semen rears its head Moore examines historical and scientific documents children's facts of life books forensic transcripts commerce websites pornographic films and sperm bank brochures to offer a contemporary portrait of sperm

Recreating Men Bob Pease, 2000-02-02 One of the most central issues for women's prospects for equality is whether man can and will change Changing the social relations of gender will involve changing men's subjectives as well as their daily practices This book asks whether this is possible Bob Pease examines how men who are supportive of feminism are responding to the feminist challenge through an exploration of their experiences and dilemmas in trying to live out their feminist commitment and resist hegemonic forms of masculinity The book is driven by practical as well as theoretical concerns and aims to develop strategies that will promote the process of change towards equality in gender relations Drawing on a critical postmodern theoretical framework Pease argues that it is possible for men to reposition themselves in patriarchal discourses and to reformulate their interests in challenging gender domination *Recreating Men* is an invaluable reading for academics and students of gender studies and of interest to students of sociology psychology and

political sociology Different Wavelengths Jo Reger, 2014-01-27 The original essays in this collection ground the shifting terrain of feminism in the 21st century The contributors define and examine the complexity of the Third Wave by answering questions like how appropriate is a third wave label for contemporary feminism are the agendas of contemporary feminism and the second wave really all that different does the wave metaphor accurately describe the difference between contemporary feminists and their predecessors how do women of color fit into this notion of contemporary feminism and what are the future directions of the feminist movement *The Hearts of Men* Chris Barker, 2007 The Hearts of Men reveals the emotional lives of men as told in their own words Thoughtful provocative and carefully researched it reveals much about emotion and happiness and the possibility of change both for men and their partners and families **The New Men's Studies** Eugene R. August, 1994 Contains some 1000 annotated entries that describe books about men Coverage includes men's awareness health rights heterosexuality and homosexuality patriarchy and minority males Each entry describes the book's content and where appropriate its political stance *Christian Register and Boston Observer*, 1918 **Fathers and Forefathers** Martin Robb, 2020-12-15 Research on fathers and fatherhood has blossomed in recent years focusing for the most part on present day fathering experiences but also beginning to uncover hidden narratives of past fatherhood This collection aims to add something new to this expanding field by exploring the dynamic relationship between present and past fatherhoods The popular understanding of fathers in past generations as being detached and uninvolved in the lives of their children can be said to play a significant part in the construction of modern fathering identities with ideas of new fatherhood being played off against notions of historical fathering practices However research has begun to show that these popular myths often misremember the past judging it by current standards and obscuring the diverse nature of fathering practices in the recent and distant past A genealogical approach is able to critically examine these intergenerational constructions of fatherhood and more positively illuminate the ways in which experiences of fathering and being fathered are passed on between generations The contributions to this collection use a genealogical approach broadly defined to fathering and fatherhood as a way of defamiliarizing accepted narratives and suggesting new ways of thinking about men and their relationships with their children Rural Manhood, 1919 "A" Commentary, *Critical and Explanatory, on the Old and New Testaments: Old Testament. Genesis-Esther* Robert Jamieson, Andrew Robert Fausset, David Brown, 1890 The Search-light, 1904 *Muy Macho* Ray Gonzalez, 1996-05-01 From the Homeboy to the Latin Lover America cherishes a host of images about Latino men yet all are based on the belief in macho men virile and brash full of violence and testosterone With the gender correctness of the 90s challenging all men to embrace a new masculinity how do Latino men of today grounded in the macho tradition define this new identity From today's best known as well as emerging Latino writers poet and editor Ray Gonzalez has gathered personal essays written especially for *Muy Macho* on machismo and masculinity The result is a rich and exciting collection of men talking about themselves about other men about their wives and lovers about

their fathers and their sons In *Me Macho You Jane* Dagoberto Gilb contrasts how he perceives himself with how others particularly women interpret his behavior while in *Whores* Luis Alberto Urrea chronicles a rite of passage for many Latino men Most insightful and moving are essays like *The Puerto Rican Dummy* and *the Merciful Son* by poet Martin Espada which portray the fragile love between fathers and sons and the process by which men learn from and teach each other how to be men *Muy Macho* contains photographs of all contributors while Gonzalez illuminates the cultural context of Latino masculinity in his introduction Emotionally honest and powerfully written the voices of *Muy Macho* break the cult of silence between Latino men which prevents our culture from understanding the true nature of machismo **Black Men**

Worshipping S. Boyd, 2011-10-24 *Black Men Worshipping* analyzes the discursive spaces where Black masculinity is constructed performed and contested in American religion and culture It judiciously considers the anxiety that emerges from Black male negotiations with these constructions *A Select Library of Nicene and Post-Nicene Fathers of the Christian Church: St. Athanasius: Select works and letters* Philip Schaff, Henry Wace, 1907

The Modernization of Fatherhood Ralph LaRossa, 1997 The period between World War I and World War II was an important time in the history of gender relations and of American fatherhood Revealing the surprising extent to which some of yesterday's fathers were involved with their children *The Modernization of Fatherhood* recounts how fatherhood was reshaped during the Machine Age into the configuration we know today LaRossa explains that during the interwar period the image of the father as economic provider pal and male role model all in one became institutionalized Using personal letters and popular magazine and newspaper sources he explores how the social and economic conditions of the Roaring Twenties and the Great Depression a period of technical innovation as well as economic hardship fused these expectations into a cultural ideal With chapters on the U S Children's Bureau the fathercraft movement the magazine industry and the development of *Parent's Magazine* and the creation of Father's Day this book is a major addition to the growing literature on masculinity and fatherhood **Men**

Writing the Feminine Thais E. Morgan, 1994-08-04 What happens when a male author writes the feminine Can a male author completely identify with a woman Or does a male author always write through a woman's voice for purposes of his own This fascinating collection explores these and other questions about gender and writing from a wide range of theoretical perspectives including psychoanalysis semiotics deconstruction feminism postmodernism and discourse analysis The introductory essay provides an overview of current issues and methodologies in gender theory while the 11 essays in the book discuss novels and poems from the seventeenth century to the present by British American and French male writers who speak as through or like the feminine Authors considered in this book include George Herbert William Wordsworth John Hawkes Denis Diderot Paul Verlaine Randall Jarrell John Berryman William Faulkner Thomas Pynchon Jacques Derrida and Jacques Lacan The collection ends with a piece on the future of men in feminism a discussion of women's and gay and lesbian studies and a debate on future directions in gender theory Also included is a selected bibliography of recent books of interest

to scholars and students working on literature theory and gender *Men Writing the Feminine* is designed for use in advanced undergraduate and graduate courses It addresses men as well as women and promotes dialogue about the variety of gender positions represented in literature and theory

Men in Families Alan Booth, Ann C. Crouter, 1998-01-01 Recently the roles of fathers and husbands in families have been recognized as important issues They appear in legislation aimed at deadbeat dads social movements including the Million Man March and Promise Keepers in the development of advocacy groups and in think tanks Therefore contemporary research on men in family relationships has very mixed results Some studies show that fathers have small effects on child development and in preventing antisocial behavior whereas others suggest no effects Other research claims that the primary importance of men in families is in their role as providers Although some studies state that the husbands and fathers most vital work occurs in new families others indicate that it is when their offspring reach adolescence Confusing the issue even further labor market trends predict that men's family roles may diminish Based on the presentations and discussions from a recent national symposium on men in families held at The Pennsylvania State University this book addresses these issues This is the only book that deals with men's involvement in families in a comprehensive way Although several books focus on fathers alone or on a broader family perspective this is the first book that deals with a variety of family roles on an interdisciplinary basis Although most of the writers are psychologists or sociologists there are key figures in history and anthropology who also make important contributions As such this volume will be useful to scholars students policy specialists and family program administrators

Association Men, 1921

A Fatherless Child Tara T. Green, 2014-02-28 The impact of absent fathers on sons in the black community has been a subject for cultural critics and sociologists who often deal in anonymous data Yet many of those sons have themselves addressed the issue in autobiographical works that form the core of African American literature *A Fatherless Child* examines the impact of fatherlessness on racial and gender identity formation as seen in black men's autobiographies and in other constructions of black fatherhood in fiction Through these works Tara T Green investigates what comes of abandonment by a father and loss of a role model by probing a son's understanding of his father's struggles to define himself and the role of community in forming the son's quest for self definition in his father's absence Closely examining four works Langston Hughes's *The Big Sea* Richard Wright's *Black Boy* Malcolm X's *The Autobiography of Malcolm X* and Barack Obama's *Dreams from My Father* Green portrays the intersecting experiences of generations of black men during the twentieth century both before and after the Civil Rights movement These four men recall feeling the pressure and responsibility of caring for their mothers resisting public displays of care and desiring a loving noncontentious relationship with their fathers Feeling vulnerable to forces they may have identified as detrimental to their status as black men they use autobiography as a tool for healing a way to confront that vulnerability and to claim a lost power associated with their lost fathers Through her analysis Green emphasizes the role of community as a father substitute in producing successful black men the impact of fatherlessness on self perceptions and

relationships with women and black men's engagement with healing the pain of abandonment. She also looks at why these four men visited Africa to reclaim a cultural history and identity, showing how each developed a clearer understanding of himself as an American man of African descent. *A Fatherless Child* conveys important lessons relevant to current debates regarding the status of African American families in the twenty-first century. By showing us four black men of different eras, Green asks readers to consider how much any child can heal from fatherlessness to construct a positive self-image and shows that, contrary to popular perceptions, fatherlessness need not lead to certain failure.
