## Sioux Uprising Of 1862:

The Sioux Uprising of 1862 Kenneth Carley, 1961

**Lincoln and the Sioux Uprising of 1862** Hank H.

Cox, 2005-07-01 On the bright Sunday morning of August 17 1862 four Sioux warriors emerged from the Big Woods northwest of St Paul Minnesota on their way home from an unsuccessful hunt When they came upon the homestead of Robinson Jones a white man who ran a post office and general store and offered lodging for travelers the Indians opened fire on the settlers killing almost all of them Soon bands of Sioux were rampaging across southwestern Minnesota attacking farms and trading posts and murdering everywhere they went splitting the skulls of men clubbing children to death raping daughters and wives before disemboweling them cutting off hands breasts and genitals and looting whatever could be taken before setting fire to what remained Perhaps as many as two thousand settlers were brutally massacred although the number has never been firmly established Once the uprising was suppressed 303 Sioux warriors were sentenced to death The people of Minnesota called for their immediate execution a sentiment that matched the national mood Abraham Lincoln suspected that most of those convicted were marginal players in the rebellion and that the worst culprits had escaped and he carefully reviewed each case before selecting the 39 later reduced to 38 men to hang whom he believed to be guilty of the worst crimes The remainder were committed to life in prison I could not hang men for votes he later explained On December 26 the 38 were simultaneously hanged on a gallows construction especially for them The Sioux Uprising of 1862 also known as the Dakota War sounded the first shots of a war that continued for another 28 years culminating in the massacre of Indian women and children at Wounded Knee in 1890 Lincoln's death at the hands of John Wilkes Booth ended his intention to reform the government's Indian policy and both political parties continued to use the system to reward their supporters a practice that largely continues to this day

*A Sioux Story of the War* Wamditanka, 2019 On 17th August 1862 the Dakota Sioux rose up and decided to drive out white settlers from the area Over the next two months they made extensive attacks on hundreds of settlers and immigrants which in a large number of deaths and caused many to flee the area Much has been written of the Sioux uprising of 1862 particularly from the perspective of white settlers and soldiers who put down the Dakota outbreak such as A P Connolly's A thrilling narrative of the Minnesota massacre and the Sioux war of 1862 63 Isaac V D Heard's History of the Sioux war and massacres of 1862 and 1863 and Harriet Bishop's Dakota war whoop or Indian massacres and war in Minnesota of 1862 3 It is rare that we are actually able to gain insight from the perspective of a Native American participant who is able to answer questions such as why the uprising began and how the war was fought Chief Big Eagle's short book *A Sioux Story of the War* therefore provides unique insight into this ferocious conflict that erupted at the end of 1862 R I Holcombe the editor and compiler of this book interviewed Chief Big Eagle at Flandreau South Dakota and was able to shed light upon the war from a Sioux perspective This book is essential reading for anyone interested in the history of the west and conflicts that erupted between white settlers and the Native American tribes Page 4 of cover

**Dakota War of 1862** Charles River, 2023-12-14 From the Trail of Tears to Wounded Knee and Little Bighorn the narrative of American history is incomplete without the inclusion of the Native Americans that lived on the continent before European settlers arrived in the 16th and 17th centuries Since the first contact between natives and settlers tribes like the Sioux Cherokee and Navajo have both fascinated and perplexed outsiders with their history language and culture The history of the Sioux is replete with constant reminders of the consequences of both their accommodation of and resistance to American incursions into their territory by pioneering white settlers pushing further westward during the 19th century Some Sioux leaders and their bands resisted incoming whites while others tried to accommodate them but the choice often had little impact on the ultimate outcome Crazy Horse who was never defeated in battle by U S troops surrendered to them in 1877 only to be bayoneted to death by soldiers attempting to imprison him Black Kettle who flew a large American flag from his lodge to indicate his friendship with the white man was shot to death by soldiers under George Custer s command in 1868 Throughout the 19th century the U S government and its officials in the West adopted a policy of dividing the Sioux into two groups Treaty Indians and Non treaty Indians Often they used these groups against each other or used one group to influence another but the end was always the same They were forced off the land where they resided their populations were decimated by disease and they were forced onto reservations to adopt lifestyles considered appropriate by American standards Despite being one of the most erstwhile foes the U S government faced during the Indian Wars the Sioux and their most famous leaders were grudgingly admired and eventually immortalized by the very people they fought Sitting Bull and Crazy Horse remain household names due to their leadership of the Sioux at the fateful Battle of the Little Bighorn where the native warriors wiped out much of George Custer s 7th Cavalry and inflicted the worst defeat of the Indian Wars upon the U S Army Red Cloud remains a symbol of both defiance and conciliation resisting the Americans during Red Cloud s War but also transitioning into a more peaceful life for decades on reservation However one of the more overlooked conflicts the U S Army had with the Sioux took place during the American Civil War It is known by various names including the Dakota War the US Dakota War the Dakota Uprising the Sioux Outbreak and Little Crow s War after the principal Dakota leader but the current most commonly used name for the war is the Dakota War Two of the four Dakota tribes in the state unleashed their anger and frustration on largely immigrant communities that were heavily German or Norwegian and the massacres took a heavy toll In the process the conflict featured the largest Indian siege of an Army fort in American history and the end of the conflict brought the largest mass execution in American history Indeed the total loss of life during the Dakota War was perhaps the second largest of all the Indian Wars in North America second only to the bloody King Philip s War in colonial New England in the late 17th century during which more than 1 000 settlers were killed Throughout the Dakota War as many as 800 whites were killed although no one knows the total and many of the victims were buried in anonymous mass graves The Dakota losses are unknown but sizable and after both wars the natives involved suffered catastrophic ramifications

offering insight into the relationship between Native warfare religion and life after death a nexus critical to understanding the conflict Ultimately what emerges most clearly from Anderson s account is the outsize suffering of innocents on both sides of the Dakota War and identified unequivocally for the first time the role of white duplicity in bringing about this unprecedented and needless calamity Minnesota Physicians in the 1862 Sioux Uprising Francis J.
