Shafter Margaret McGaffey Fisk,2013-12-17 Seeds Among the Stars Book 1 Born in the abandoned subway shafts beneath First City Trina measures life in the coin she steals

from her wealthy father's people living above. She gives little weight to her dying mother's fairy tales about how her father will rescue Trina and her twin sister taking them away from this planet. Yet the stars catch her attention every time she goes to the surface. Trina is the protector, a role she created more from heroic tales in books her father gave them than anything in a shifter's life. When she sees drunken aristocrats harassing laborers, she can't turn away even though attacking them carries a death sentence. Her paternal grandfather discovers Trina before the enforcers can and offers everything she has ever desired: safety for her family and a way off Ceri. Can she trust their family connection or will the price of her dreams be more than Trina is willing to pay. *I Know A Blessing When I See One* Jr. Clifton Jones, 2023-11-09. Initially a leisurely read, this story gradually ignites into a riveting tale. Set in the vibrant backdrop of New Orleans in the deep South, it unravels an extraordinary journey for a young unmarried mother-to-be and her two dearest friends as they embark on the transformative journey of welcoming a new life into the world. Church Member from Hell, Occupational Therapy and Life Course Development Ruth Wright, Léonie Sugarman, 2009-02-11. Occupational Therapy and Life Course Development is an invaluable work book for professional practice. It provides a tool to help both students and qualified professionals develop and enhance a framework for their practice that supports all individuals and settings in a holistic and inclusive way. Much of the book is organized as a work book based around a single case study. It includes theory related to life span development and managing change and also exercises for readers to complete in order to apply the theory to practice. Chapters span such key topics as the client in context, life events, transition and loss, the management of stress and purposeful decision making. The book emphasizes how issues of life course development are as relevant to health and social care professionals as they are to their clients. A number of exercises invite readers to reflect on their own life course and their chapters both on becoming and belonging as an occupational therapist and on developing professional practice. *The Church*, 1862 *Breakthrough Parenting for Children with Special Needs* Judy Winter, 2006-03-20. Breakthrough Parenting for Children with Special Needs challenges families and professionals to help children with special needs to reach their full potential by using a proven motivational how to approach. Also included are specific guidelines for working with professionals, understanding the law and inclusion planning for the future and insightful interviews with Dana Reeve of the Christopher Reeve Foundation, Tim Shriver.
