## Six Pound Walleye:

The Philosophical Fisherman Harold Blaisdell, 2015-08-04 My favorite book on fishing a classic from one of my favorite writers John Randolph former editor Fly Fisherman Earthy and philosophical practical yet speculative this book is a wonderful and enduring portrait of a fisherman s temperament Full of the late Harold F Blaisdell s infectious humanity and wisdom The Philosophical Fisherman long out of print is a classic Blaisdell is always independent and original in his thinking He refutes the widely held theory that game fish attack artificial lures because they believe them to be baitfish He argues that fish do not fear leaders per se but become alarmed only if the leader results in the unnatural movement of the bait or lure He debunks the vaunted effectiveness of the artificial nymph explores the best methods of wet and dry fly fishing and tests his theories against such gamefish as trout smallmouth bass landlocked salmon walleyes and northern pike There is something here for everyone who fishes including a persuasive argument that the average angler anywhere in the country can invariably find superb fishing with in hour s drive of his home Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home
