The Achievement Of Christina Rossetti:

The Achievement of Christina Rossetti David A. Kent, 1987 **Tradition and the Poetics of Self in Nineteenth-Century Women's Poetry**, 2021-11-01 Tradition and how far writers fit into or diverge from the demands of tradition is one of the most debated issues in literary discussion Gender however is not often part of discussions which depend on such questions at the decisiveness of the Modernist break with the Victorian period or whether Postmodernism makes tradition meaningless By contrast the very existence of a specifically female tradition is still an urgent subject of debate and it is clear that many nineteenth century women writers were troubled in their search for literary foremothers This autobiographical impetus can be located in the work of each of the poets discussed in Tradition and the Poetics of Self Nineteenth Century Women's Poetry Elizabeth Barrett Browning Caroline Bowles Southey Emily Dickinson and Christina Rossetti An exploration of the self either in the abstract or in a more closely personal sense appears in a concern with the craft of poetry and the role of the poet in a teasing out of language as a marker of a personal encounter with the world in an adventurous play with genre and a rewriting of myth and in a bold confrontation with received notions of a woman's place Adventurousness marks the work of each of these poets and is a central focus of these essays **Christina Rossetti** Kathryn Burlinson, 1998 This builds on the reinterpretations of Rossetti that have emerged in the last 20 years showing her as a persistent critic of her culture as well as one who explored language sexuality and feminine identity *"And Never Know the Joy"*, 2016-08-29 And Never Know the Joy Sex and the Erotic in English Poetry promises the reader much to enjoy and to reflect on riddles and sex games the grammar of relationships the cunning psychology of bodily fantasies sexuality as the ambiguous performance of words the allure of music and its instruments the erotics of death and remembrance are just a few of the initial themes that emerge from the twenty five articles to be found in this volume with many an invitation to seize the day Reproduction pregnancy and fear discredited and degraded libertines the ventriloquism of sexual objects the ease with which men are reduced to impotence by the carnality of women orgasm and melancholy erotic mysticism and religious sexuality the potency and dangers of fruit and flowers the delights of the recumbent male body and of dancing girls the fertile ritual use of poetic texts striptease and revolution silent women reclaimed as active vessels are amongst the many engaging topics that emerge out of the ongoing and entertaining scholarly discussion of sex and eroticism in English poetry **Christina Rossetti** Ralph A. Bellas, 1977 Provides in depth analysis of the life works career and critical importance of Christina Rossetti *Christina Rossetti* Isabella Howe Fiske, 1905 **Victorian Women Poets** Virginia Blain, 2014-01-21 There has been a huge revival of interest in Victorian women's poetry in the last ten years and it has led to a major reconfiguration of the English poetic landscape of the nineteenth century This title offers a key selection of poems by 13 Victorian women poets from Christina Rossetti and Felicia Hemans to the witty iconoclastic May Kendall The book starts with a substantial general Introduction which places the work of the poets into a context both historical that of the poems

production and modern that of their past and present reception Each poet's work is introduced by an expansive headnote which tells the story of her life and writing career The poems all have full explanatory notes to help readers unfamiliar with the period A Bibliography lists general sources as well as useful further readings Written in an engaging and accessible manner the extensive annotations throughout *Victorian Women Poets* ensure that this fascinating poetry is enjoyable for undergraduate and non specialist readers

Victorian Literature and the Anorexic Body Anna Krugovoy Silver, 2002-08-08 Anna Krugovoy Silver examines the ways nineteenth century British writers used physical states of the female body hunger appetite fat and slenderness in the creation of female characters Silver argues that anorexia nervosa first diagnosed in 1873 serves as a paradigm for the cultural ideal of middle class womanhood in Victorian Britain In addition Silver relates these literary expressions to the representation of women's bodies in the conduct books beauty manuals and other non fiction prose of the period contending that women performed their gender and class alliances through the slender body Silver discusses a wide range of writers including Charlotte Brontë Christina Rossetti Charles Dickens Alfred Lord Tennyson Bram Stoker and Lewis Carroll to show that mainstream models of middle class Victorian womanhood share important qualities with the beliefs or behaviours of the anorexic girl or woman

Far Above Rubies Richard Symonds, 1993 **The Cambridge Companion to Victorian Poetry** Joseph Bristow, 2000-10-26 This Companion to Victorian Poetry provides an introduction to many of the pressing issues that absorbed the attention of poets from the 1830s to the 1890s It introduces readers to a range of topics including historicism patriotism prosody and religious belief The thirteen specially commissioned chapters offer insights into the works of well known figures such as Matthew Arnold Robert Browning and Alfred Tennyson and the writings of women poets like Michael Field Amy Levy and Augusta Webster whose contribution to Victorian culture has in more recent years been acknowledged by modern scholars Revealing the breadth of the Victorians' experiments with poetic form this Companion also discloses the extent to which their writings addressed the prominent intellectual and social questions of the day The volume which will be of interest to scholars and students alike features a detailed chronology of the Victorian period and a comprehensive guide to further reading
