The Advantage Of Lyric Essays On Feeling In Poetry:

The Advantage of Lyric Barbara Hardy, 2014-01-13 In the title essay Professor Hardy argues for the special advantage of lyric over other literary genres in conveying intense private feelings publicly She then gives detailed consideration to the lyric poetry of John Donne Arthur Hugh Clough and a group of poets central to the modernist canon Hopkins Yeats Auden Dylan Thomas and Sylvia Plath Those interested in W H Auden will find the book of particular value since Auden occupies a central place in it W H Auden has frequently been held up as the modern example par excellence of a public poet whose works betray relatively little in the way of personal emotion In the chapters entitled The Reticence of W H Auden Thirties to Sixties A Face and a Map Barbara Hardy shows the inadequacy of that characterization and opens the way for a fresh appreciation of Auden's achievement as a poet Readers interested in modern poetry generally and all readers acquainted with Barbara Hardy's previous books will find the book of importance

William Empson and the Philosophy of Literary Criticism Christopher Norris, 2014-01-13 Following the publication of *Seven Types of Ambiguity* in 1930 William Empson was quickly recognised as a critic of great originality and unique creative gifts and he has inspired a whole new method and style of approach in literary criticism But this is the first full length study of his work and it is an important part of Dr Norris's purpose to account for the gulf that has emerged between Empson's viewpoint and the development of his ideas by others especially the American New Critics and for the consequent failure of Empson's later books to generate the informed discussion they demand and deserve Here particular attention is given to his critical summa *The Structure of Complex Words* To understand Empson's work as a consistent whole Dr Norris argues one must relate it to his philosophy of humanistic rationalism This is to give a new perspective not only to his practical criticism but also to his differences with Eliot and Leavis and to his anti-Christian polemic

Form and Feeling in Modern Literature Isobel Armstrong, 2017-12-02 Essays short stories and poems by eminent creative writers critics and scholars from three continents celebrate the literary achievements of Barbara Hardy the foremost exponent of close critical reading in the latter half of the twentieth century and today Her work as the essays in the volume bear witness encompasses 19th and 20th century British fiction poetry and Shakespeare In addition to an introduction outlining and assessing Hardy's career and writing there is an extensive bibliography of her work Comparatively

narrative on the connections between gender and genre and on the way in which Victorians represented and commemorated the past
