The Alien Way Gordon R. Dickson, 1965 **The Alien Way** Gordon R. Dickson, 1983 **Nature and the Numinous in Mythopoeic Fantasy Literature** Chris Brawley, 2014-06-26 This book makes connections between mythopoeic fantasy works that engage the numinous and the critical apparatuses of ecocriticism and posthumanism Drawing from the ideas of Rudolf Otto in *The Idea of the Holy* mythopoeic fantasy is a means of subverting normative modes of perception to both encounter the numinous and to challenge the perceptions of the natural world Beginning with S T Coleridge's theories of the imagination as embodied in *The Rime of the Ancient Mariner* the book moves on to explore standard mythopoeic fantasists such as George MacDonald C S Lewis and J R R Tolkien Taking a step outside these men particularly influenced by Christianity the concluding chapters discuss Algernon Blackwood and Ursula Le Guin whose works evoke the numinous without a specifically Christian worldview *Nakae Ushikichi in China* Joshua A. Fogel, 1989 Preliminary Material Introduction The Years in Japan A Life Transformed The 1910s Politics and Thought A Critique of Classicism The Nature of the Chinese Polity Integrating the Past and the Present The Expatriate Vision The Importance of German Idealism The Many Faces of Nakae Ushikichi The war Diary 1939 1942 of Nakae Ushikichi Abbreviations Used in the Notes and Bibliography Bibliography of Works Consulted Glossary Index Harvard East Asian Monographs *Another Face of Empire* Daniel Castro, 2007-01-24 Separating historical reality from myth this book provides a nuanced revisionist assessment of the friar's career writings and political activities **Economic Development and Mental Illness** Alf H. Through The Hourglass and Into The Future: Volumes One and Two , *God's Ways with the World* Daniel Hardy, 2005-01-01 This book is devoted to recovering the truth and vitality of Christian faith by attempting to trace the ways

of God with the modern world Professor Hardy contends that the profundity of God's interaction with the world despite centuries of valuable contemplation can best be understood by addressing those aspects of human thought which often give modern life its vitality These are the very features with which theology has tended to lose touch but which here are explored as areas in which the character and purposes of God may be manifest Following the example of the great eras of theological understanding in the past this book seeks a new and deeper synthesis of faith theology and other disciplined forms of life and thought to recover the dynamic of God's life and work in and from them As it does so it concentrates on the heartlands of Christian faith worship the Triune God and the activity of God in the world in language and cultures in cosmology and the human being in society and the form of the Church and in the forms of human understanding scientific historical cultural religious and theological The result is an uncompromising study which attempts to show the possibilities for a theology which becomes more fully realised by discovering and following the ways of God with the modern world

The Bible as Rhetoric
M Warner, 2024-10-31 First Published in 1990 The Bible as Rhetoric explores the ways in which the persuasive strategies employed in the biblical texts relate both positively and negatively to their preoccupations with religious and historical truth The book contains pioneering interdisciplinary papers that clarify what is at issue in the apparently competing claims that the Bible should be read as literature and as scripture Uniquely the volume brings together philosophers literary critics biblical scholars theologians and historians of ideas who combine the best biblical and historical scholarship with a range of contemporary approaches to the study of texts from the deconstructive and the feminist through the Wittgensteinian to those of the heirs of the tradition of practical criticism The volume is of importance both to those interested in the applications of contemporary literary theory and to all those concerned with the relation between religious and secular readings of the Bible
