## **The English Lyric From Wyatt To Donne:**

**The English Lyric from Wyatt to Donne** Douglas L. Peterson, 2015-12-08 The author rejects C S Lewis's theory of a Drab and a Golden school as unhistorical and establishes the presence of an eloquent or courtly tradition and of a plain or contemplative tradition Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The English Lyric Tradition*

R. James Goldstein, 2017-04-03 Modern readers can sometimes be unsure about the language and the literary conventions of medieval and Renaissance verse lyrical works written at a time before poetry was assumed to be about personal expression This readers guide introduces to a 21st century audience some of the greatest masterpieces of English poetry spanning five centuries Focusing on poems by Chaucer Wyatt Shakespeare Milton and others the author discusses the development of poetic technique explains the rhetorical culture of earlier centuries and describes the various lyric forms including lover's complaints sonnets and elegies that poets used to communicate with readers **American and British Poetry** Harriet Semmes Alexander, 1984 *English Poetry of the Seventeenth Century* George Parfitt, 2014-09-19 Provides a comprehensive and entertaining account of the vitality and variety of achievement in seventeenth century English poetry Revised and updated throughout Dr Parfitt has added new material on poets as varied as Marvell and Traherne There is also a completely new chapter on women poets of the seventeenth century which considers the significant contributions of writers such as Katherine Philips and Margaret Cavendish The proven quality and success of Dr Parfitt's survey makes this the essential companion for the teacher and student of seventeenth century verse English Lyric Poetry Jonathan Post, 2002-09-11 English Lyric Poetry is a comprehensive reassessment of lyric poetry of the early seventeenth century The study is directed at both beginning and more advanced students of literature and responds to more specialised scholarly inquiries pursued of late in relation to specific poets This extremely lucid and elegantly written book avoids the limitations of much recent criticism Donne Jonson the Spenserians Herbert Milton Marvell Vaughan as well as many non canonical and women poets all receive sustained fresh and detailed analysis Jonathan Post seeks to assimilate many of the post New Critical theoretical concerns with readings of the major and minor male and female authors of the period **Renaissance Fantasies** Maria Teresa Micaela Prendergast, 1999 Explores why some early modern writers put their masculine literary authority at risk by writing from the perspective of femininity and effeminacy The text argues that such work promoted alternatives to the dominant patriarchal aesthetics by celebrating unruly female and effeminate male bodies **The New Cambridge Bibliography of English Literature** George Watson, Ian Roy Willison, 1974 English Poetry of the Seventeenth Century

George A. E. Parfitt,1985      **The English Lyric** Felix Emanuel Schelling,1913      **The Huntington Library Quarterly**  
Henry E. Huntington Library and Art Gallery,1987      **The Theatricality of Mary Wroth's Pamphilia to Amphilanthus**  
Susan Lauffer O'Hara,2011-04      **Petrarch's Canzoniere in the English Renaissance** Francesco Petrarca,2005 Seven  
centuries after the birth of Petrarch 1304 74 the nature and extent of his influence loom ever larger in the study of  
renaissance literature In this revised and expanded edition of Petrarch s Canzoniere in the English Renaissance Anthony  
Mortimer presents a unique anthology of 136 English poems together with the specific Italian texts that they translate adapt  
or exploit The result with its revealing juxtapositions of major and minor figures makes fascinating reading for anyone who  
wants to get beyond broad generalizations about Petrarchism and see exactly what English poets made of Petrarch s  
celebrated sequence Reviewing the first edition Professor Brian Vickers wrote An ideal text book for university courses in  
English or Comparative Literature The critical introduction is a fresh independent and accurate survey of the role of  
Petrarchism in the English Renaissance our literary history is being rewritten more accurately      **Tudor England** Arthur F.  
Kinney,David W. Swain,Eugene D. Hill,William A. Long,2000-11-17 This is the first encyclopedia to be devoted entirely to  
Tudor England 700 entries by top scholars in every major field combine new modes of archival research with a detailed  
Tudor chronology and appendix of biographical essays Entries include Edward Alleyn actor theatre manager Roger Ascham  
Bible translation cloth trade Devereux family Espionage Family of Love food and diet James Hepburn Earl of Bothwell inns  
Ket s Rebellion John Lyly mapmaking Frances Meres miniature painting Pavan Pilgrimage of Grace Revels Office Ridolfi plot  
Lady Mary Sidney Countess of Pembroke treason and much more Also includes an 8 page color insert      Donne's  
Petrarchism Silvia Ruffo-Fiore,1976      **Deixis in the Early Modern English Lyric: Unsettling Spatial Anchors Like**  
**"Here," "This," "Come"** H. Dubrow,2015-10-22 This book engages with deictics pointing words like here there this that of  
space It focuses on texts by Donne Shakespeare Spenser and Wroth in particular relating their forms of deixis to cultural and  
generic developments but it also suggests parallels with both iconic and neglected texts from a range of later historical  
periods      **Ashgate Critical Essays on Women Writers in England, 1550-1700** Micheline White,2017-05-15 Anne Lock  
Isabella Whitney and Aemilia Lanyer have emerged as important literary figures in the past ten years and scholars have  
increasingly realized that their bold and often unorthodox works challenge previously held conceptions about women s  
engagement with early modern secular and religious literary culture This volume collects some of the most influential and  
innovative essays that elucidate these women s works from a wide range of feminist literary aesthetic economic racial sexual  
and theological perspectives The volume is prefaced by an extended editorial overview of scholarship in the field      **The**  
**Oxford History of Classical Reception in English Literature** Patrick Cheney,Philip Hardie,2015-10-29 The Oxford  
History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways  
in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full

range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical literature casts as much light on the classical originals as it does on the English writers own cultural context This second volume covers the years 1558 1660 and explores the reception of the ancient genres and authors in English Renaissance literature engaging with the major and many of the minor writers of the period including Shakespeare Marlowe Spenser and Jonson Separate chapters examine the Renaissance institutions and contexts which shape the reception of antiquity and an annotated bibliography provides substantial material for further reading

**Power in Verse** Jane Hedley, 2010-11 English lyric poetry from Wyatt to Donne falls into three consecutive stylistic phases Tottel s Miscellany presided over the first making the lyrics of Wyatt and Surrey available for imitation by mid century poets like Barnabe Googe George Turberville and George Gascoigne The Shepheardes Calender and Sidney s Defense of Poesy ushered in the second the Elizabethan or Golden phase of the 1580s and 1590s In the third phase Donne and Jonson reacting against the stylistic orientation of the Elizabethan poets reconceived the status of poesy and resituated the lyric for a post Elizabethan audience Chapter 7 is shared between Donne and Jonson post Elizabethan writers who used metonymy to subvert the metaphoric stance of Elizabethan poetry In a Postscript Hedley takes on the metaphysical conceit for a final demonstration of the explanatory power of Jakobson s theory of language Professor Hedley uses the semiotic theory of Roman Jakobson to create stylistic profiles for each of these three phases of early Renaissance poetry Along with the poetry itself she reexamines contemporary treatises defenses and notes of instruction to highlight key features of poetic practice She proposes that early and mid Tudor poetry is metonymic that the collective orientation of the Elizabethan poets is metaphoric and that Donne and Jonson bring metonymy to the fore once again Chapter 1 sets out the essentials of Jakobson s theory Hedley uses particular poems to show what is involved in claiming that a writer or a piece of writing has metaphoric or a metonymic basis Chapter 2 explains how the metaphoric bias of Elizabethan poetry was produced as poesy became part of England s national identity This chapter broadens out beyond the lyric to include other modes of writing whose emergence belongs to an Elizabethan moment in the history of English literature Beyond chapter 2 each chapter has a double purpose to create stylistic profile for a single poetic generation and to highlight a particular aspect or feature of the poetry as an index of difference from one generation to the next In the third chapter Hedley shows how Wyatt and Surrey used deixis metonymically to give their poems particular occasions Chapter 4 explains how the metonymic bias of the mid Tudor poets affected their use of metaphor and highlights Gascoigne s

appreciation of a metaphor as a social gambit or an instrument of moral suasion Chapters 5 and 6 are centered in the Elizabethan period but with perspectives into earlier and subsequent phases of metonymic writing In chapter 5 a comprehensive discussion of the sonnet and the sonnet sequence shows how metaphoric writing cooperates with the poetic function of language Chapter 6 deals with love poetry as a social political activity whose orientation differs radically from one generation of English Petrarchists to the next      **The Middle English Lyric and Short Poem** Rosemary Greentree,2001 This Bibliography assembles annotation of collections and criticism of lyrics of religious and secular love carols and songs and rhymes of everyday life      **Reader's Guide to Literature in English** Mark Hawkins-Dady,2012-12-06 Reader s Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study
