## **The Epochs Of International Law Paperback:**

*The Epochs of International Law* Wilhelm Georg Grewe, 2000 To the law of nations **The Epochs of International Law** Wilhelm G. Grewe, 2013-02-06 Wilhelm G Grewe's *Epochen der Völkerrechtsgeschichte* published in 1984 is widely regarded as one of the classic twentieth century works of international law This revised translation by Michael Byers of Duke University Durham North Carolina makes this important book available to non German readers for the first time *The Epochs of International Law* provides a theoretical overview and detailed analysis of the history of international law from the Middle Ages to the Age of Discovery and the Thirty Years War from Napoleon Bonaparte to the Treaty of Versailles the Cold War and the Age of the Single Superpower and does so in a way that reflects Grewe's own experience as one of Germany's leading diplomats and professors of international law A new chapter written by Wilhelm G Grewe and Michael Byers updates the book to October 1998 making the revised translation of interest to German international lawyers international relations scholars and historians as well Wilhelm G Grewe was one of Germany's leading diplomats serving as West German ambassador to Washington Tokyo and NATO and was a member of the International Court of Arbitration in The Hague Subsequently professor of International Law at the University of Freiburg he remains one of Germany's most famous academic lawyers Wilhelm G Grewe died in January 2000 Professor Dr Michael Byers Duke University School of Law Durham North Carolina formerly a Fellow of Jesus College Oxford and a visiting Fellow of the Max Planck Institute for Comparative Public Law and International Law Heidelberg [The Oxford Handbook of Carl Schmitt](#) Jens Meierhenrich, Oliver Simons, 2016 *The Oxford Handbook of Carl Schmitt* collects thirty original chapters on the diverse oeuvre of one of the most controversial thinkers of the twentieth century Uniquely located at the intersection of law the social sciences and the humanities it brings together sophisticated yet accessible interpretations of Schmitt's sprawling thought and complicated biography **United States Hegemony and the Foundations of International Law** Michael Byers, Georg Nolte, 2003-05-29 Successive hegemonic powers have shaped the foundations of international law This book examines whether the predominance of the United States is leading to foundational change in the international legal system A range of leading scholars in international law and international relations consider six foundational areas that could be undergoing change including international community sovereign equality the law governing the use of force and compliance The authors demonstrate that the effects of US predominance on the foundations of international law are real but also intensely complex This complexity is due in part to a multitude of actors exercising influential roles And it is also due to the continued vitality and remaining functionality of the international legal system itself This system limits the influence of individual states while stretching and bending in response to the changing geopolitics of our time [International Law and History](#) Ignacio de la Rasilla, 2021-01-21 The first contemporary historiography of international law and an essential methodological guide for researching international legal history [Progress in International Law](#) Miller, Rebecca M. Bratspies, 2008-06-30 Progress in

International Law is a comprehensive accounting of international law for our times Forty leading international law theorists analyze the most significant current issues in international law and their critical assessments draw diverse conclusions about the current state and future prospects of international law The material is grouped under the headings The History and Theory of International Law The Sources of International Law and Their Application in the United States International Actors International Jurisdiction and International Jurisprudence The Use of Force and the World's Peace and The Challenge of Protecting the Environment and Human Rights The book draws its inspiration from a similar survey undertaken in 1932 by Harvard Law Professor and PCIJ Judge Manley O Hudson In his book Progress in International Organization Hudson sought to demonstrate that what he perceived as an emerging international infrastructure and as moves toward the rule of law in international affairs were sure signs of human progress towards peace and cooperation Progress in International Law critically engages with that claim as a normative matter and at the same time presents the evidence by which a judgment about our own progress towards peace and cooperation might be judged

### **International Law and the Cold War**

Matthew Craven, Sundhya Pahuja, Gerry Simpson, Anna Saunders, 2020 This is the first book to examine in detail the relationship between the Cold War and International Law

### **The State Immunity Controversy in International Law**

Ernest K. Bankas, 2022-06-08 The author shows through a careful analysis of the law that restrictive immunity does not have vox populi in developing countries and that it lacks usus He also argues that forum law i.e. the lex fori is a creature of sovereignty and between equals before the law only what is understood and acknowledged as law among states must be applied in as much as the international legal system is horizontal

### Mining Morality William P. George, 2019-10-11

Employing self-sharpening tools found in the work of theologian and philosopher Bernard Lonergan Pope Francis encyclical Laudato si and international law William P George brings mining to personal and collective moral awareness by prospecting for ethics at selected sites 1 Butte Montana the Richest Hill on Earth once bound to Chuquicamata Chile by a company that spanned two continents and nearly owned a state 2 the tiny island nation of Nauru called Pleasant Island until it was devastated by phosphate mining and the breaking of a sacred trust by foreign powers 3 the deep seabed governed by the United Nations Law of the Sea a constitution for the oceans that regards much of the resource-rich seabed as humankind's common heritage 4 Africa with its uranium mines but also its conflicts over what being nuclear means in the wake of colonialism apartheid and Hiroshima and 5 mineral-rich asteroids speeding through space where mining rights are contested even as space entrepreneurs look to become the world's first trillionaires George introduces readers to remarkable moral miners the women of Butte and Chuquicamata a World Court judge from Sri Lanka and the Rocket Boys of Coalwood West Virginia to name a few and leads them to consider not only the morality of mining what's good and not so good about resource extraction but also the mining of morality a venture that Socrates called the examined life

### **Time, History and**

**International Law** Matthew C. R. Craven, Malgosia Fitzmaurice, Maria Vogiatzi, 2007 This book examines theoretical and

practical issues concerning the relationship between international law time and history Problems relating to time and history are ever present in the work of international lawyers whether understood in terms of the role of historic practice in the doctrine of sources the application of the principle of inter temporal law in dispute settlement or in gaining a coherent insight into the role that was played by international law in past events But very little has been written about the various different ways in which international lawyers approach or understand the past and it is with a view to exploring the dynamics of that engagement that this book has been compiled In its broadest sense it is possible to identify at least three different ways in which the relationship between international law and its history may be conceived The first is that of a history of international law written in narrative form and mapped out in terms of a teleology of origins development progress or renewal The second is that of history in international law and of the role history plays in arguments about law itself for example in the construction of customary international law The third way of understanding that relationship is in terms of international law in history of understanding how international law has been engaged in the creation of a history that in some senses stands outside the history of international law itself The essays in this collection make clear that each type of engagement with history and international law interweaves various different types of historical narrative pointing to the typically multi layered nature of international lawyers engagement with the past and its importance in shaping the present and future of international law

*The British Year Book of International Law*, 1920 Vol 32 covers 1955 and 1956 New Approaches to International Law José María Beneyto, David Kennedy, 2012-09-25 This volume offers a unique reflection on the historic and contemporary influence of the New Approaches to International Law NAIL movement within the context of Europe and America In particular the contributions focus on the intellectual product of NAIL s founder David Kennedy in relation to three legal streams human rights legal history and the law of war On the one hand the volume is valuable reading for a broad audience interested in the current challenges facing global governance and how critical studies might contribute to innovative intellectual and practice oriented developments in international law On the other hand stemming from a 2010 seminar in Madrid that brought together scholars to discuss David Kennedy s scholarship over the last three decades the contributions here are a testament to the community and ideas of the NAIL tradition The volume includes scholars from a wide field of legal interests and backgrounds

**The Spirit of International Law** David J. Bederman, 2010-01-25 As our society becomes more global international law is taking on an increasingly significant role not only in world politics but also in the affairs of a striking array of individuals enterprises and institutions In this comprehensive study David J Bederman focuses on international law as a current practical means of regulating and influencing international behavior He shows it to be a system unique in its nature nonterritorial but secular cosmopolitan and traditional Part intellectual history and part contemporary review The Spirit of International Law ranges across the series of cyclical processes and dialectics in international law over the past five centuries to assess its current prospects as a viable legal system After addressing

philosophical concerns about authority and obligation in international law Bederman considers the sources and methods of international lawmaking Topics include key legal actors in the international system the permissible scope of international legal regulation what Bederman calls the subjects and objects of the discipline the primitive character of international law and its ability to remain coherent and the essential values of international legal order and possible tensions among those values Bederman then measures the extent to which the rules of international law are formal or pragmatic conservative or progressive and ignored or enforced Finally he reflects on whether cynicism or enthusiasm is the proper attitude to govern our thoughts on international law Throughout his study Bederman highlights some of the canonical documents of international law those arising from famous cases decisions by both international and domestic tribunals significant treaties important diplomatic correspondence and serious international incidents Distilling the essence of international law this volume is a lively broad thematic summation of its structure characteristics and main features *Human Dignity in International Law* Ginevra Le Moli, 2021-11-25 A theoretical historical and juridical exegesis of human dignity in international law over two centuries *Constitutionalizing World Politics* Karolina Milewicz, 2020-07-23 Constitutionalization of world politics is emerging as an unintended consequence of international treaty making driven by the logic of democratic power The analysis will appeal to scholars of International Relations and International Law interested in international cooperation as well as institutional and constitutional theory and practice **Great Britain, International Law, and the Evolution of Maritime Strategic Thought, 1856-1914** Gabriela A. Frei, 2020-04-16 Gabriela A Frei addresses the interaction between international maritime law and maritime strategy in a historical context arguing that both international law and maritime strategy are based on long term state interests Great Britain as the predominant sea power in the nineteenth and early twentieth centuries shaped the relationship between international law and maritime strategy like no other power This study explores how Great Britain used international maritime law as an instrument of foreign policy to protect its strategic and economic interests and how maritime strategic thought evolved in parallel to the development of international legal norms Frei offers an analysis of British state practice as well as an examination of the efforts of the international community to codify international maritime law in the late nineteenth and early twentieth centuries Great Britain as the predominant sea power as well as the world's largest carrier of goods had to balance its interests as both a belligerent and a neutral power With the growing importance of international law in international politics the volume examines the role of international lawyers strategists and government officials who shaped state practice Great Britain's neutrality for most of the period between 1856 and 1914 influenced its state practice and its perceptions of a future maritime conflict Yet the codification of international maritime law at the Hague and London conferences at the beginning of the twentieth century demanded a reassessment of Great Britain's legal position **The Oxford Handbook of the History of International Law** Bardo Fassbender, Anne Peters, Simone Peter, Daniel Högger, 2012-11-01 The Oxford Handbook of the History of International Law

provides an authoritative and original overview of the origins concepts and core issues of international law The first comprehensive Handbook on the history of international law it is a truly unique contribution to the literature of international law and relations Pursuing both a global and an interdisciplinary approach the Handbook brings together some sixty eminent scholars of international law legal history and global history from all parts of the world Covering international legal developments from the 15th century until the end of World War II the Handbook consists of over sixty individual chapters which are arranged in six parts The book opens with an analysis of the principal actors in the history of international law namely states peoples and nations international organisations and courts and civil society actors Part Two is devoted to a number of key themes of the history of international law such as peace and war the sovereignty of states hegemony religion and the protection of the individual person Part Three addresses the history of international law in the different regions of the world Africa and Arabia Asia the Americas and the Caribbean Europe as well as encounters between non European legal cultures like those of China Japan and India and Europe which had a lasting impact on the body of international law Part Four examines certain forms of interaction or imposition in international law such as diplomacy as an example of interaction or colonization and domination as an example of imposition of law The classical juxtaposition of the civilized and the uncivilized is also critically studied Part Five is concerned with problems of the method and theory of history writing in international law for instance the periodisation of international law or Eurocentrism in the traditional historiography of international law The Handbook concludes with a Part Six entitled People in Portrait which explores the life and work of twenty prominent scholars and thinkers of international law ranging from Muhammad al Shaybani to Sir Hersch Lauterpacht The Handbook will be an invaluable resource for students and scholars of international law It provides historians with new perspectives on international law and increases the historical and cultural awareness of scholars of international law It is the standard reference work for the global history of international law

**The Role of Law in International Politics** Michael Byers, 2001 This interdisciplinary volume examines the highly topical issue of the role international law plays in international politics today War and Peace Valentina Vadi, 2020-05-18 This treatise investigates the emergence of the early modern law of nations focusing on Alberico Gentili's contribution to the same A religious refugee and Regius Professor at the University of Oxford Alberico Gentili 1552-1608 lived in difficult times of religious wars and political persecution He discussed issues that were topical in his lifetime and remain so today including the clash of civilizations the conduct of war and the maintenance of peace His idealism and political pragmatism constitute the principal reasons for the continued interest in his work Gentili's work is important for historical record but also for better analysing and critically assessing the origins of international law and its current developments as well as for elaborating its future trajectories *21st Century Political Science: A Reference Handbook* John T Ishiyama, Marijke Breuning, 2011 Offering full coverage of major subthemes and subfields within political science this reference handbook includes entries on topics from theory and methodology to

international relations and institutions

### **The Epochs Of International Law Paperback Introduction**

In today's digital age, the availability of The Epochs Of International Law Paperback books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Epochs Of International Law Paperback books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Epochs Of International Law Paperback books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Epochs Of International Law Paperback versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, The Epochs Of International Law Paperback books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Epochs Of International Law Paperback books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The

Epochs Of International Law Paperback books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Epochs Of International Law Paperback books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Epochs Of International Law Paperback books and manuals for download and embark on your journey of knowledge?

### **FAQs About The Epochs Of International Law Paperback Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Epochs Of International Law Paperback is one of the best book in our library for free trial. We provide copy of The Epochs Of International Law Paperback in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Epochs Of International Law Paperback. Where to download The Epochs Of International Law Paperback online for free? Are you

looking for The Epochs Of International Law Paperback PDF? This is definitely going to save you time and cash in something you should think about.
