The Equinox:

Angels, Demons & Gods of the New Millennium Lon Milo DuQuette, 2025-09-12 A delightfully entertaining liberal arts education in Western Hermeticism with one of America's most knowledgeable and engaging authorities Each chapter is a self-contained monograph on one of 7 topics critical to understanding modern magick *The Weiser Concise Guide to Aleister Crowley* Richard Kaczynski, 2009-04-01 Shrouded in mystery and misunderstanding Aleister Crowley is one of the 20th century's most revered occult figures With *The Weiser Concise Guide to Aleister Crowley* readers are given a careful comprehensive overview of Crowley's life from poet to practicing magician as well as his life's work including the basic principles and rituals of his magical practices Set aside your preconceptions and dismiss the rumors Crowley was certainly a complex controversial and colorful man but the truth is far more interesting than the legend **The Vision & the Voice With Commentary and Other Papers** Aleister Crowley, Victor B Neuburg, Mary Desti, 1999-11-01 In 1909 Crowley received and wrote down his visions in the Sahara In them he gives an account of crossing the Abyss and attaining the grade of Master of the Temple The core of this book is a record of his visions of the 30 Aethyres of the Enochian Magick developed by John Dee and Edward Kelley It includes Crowley's own diagrams and the original typescript of the Commentaries There is also a record of Crowley's magical work conducted with Victor B Neuburg and includes the Esoteric Record of the Paris Working as well as The Holy Hymns to the Great Gods of Heaven **The Magick of Aleister Crowley** Lon Milo DuQuette, 2022-12-01 The 30th Anniversary of the *Classic Guide to Thelema* Aleister Crowley's Spiritual System of Ritual Magick with a New Introduction by the Author This is the perfect introductory text for readers who wonder what the works rather than the myth of Aleister Crowley are all about DuQuette begins by dispatching some of the myths that have surrounded Crowley's life and legend He then explores the practice of rituals themselves unpacking Crowley's often opaque writing and offering his own commentary Step by step and in plain English he presents a course of study with examples of rituals and explanations of their significance DuQuette also includes a survey of many of Crowley's original works with an extensive bibliography and endnotes Formerly titled *The Magick of Thelema* then released in a revised edition published in 2003 this Weiser Classics edition includes a new introduction by the author **The ^AHistory and Practice of Ancient Astronomy** James Evans, 1998-10-01 The subject of this book is the Western astronomical tradition from ancient Babylonia to the European Renaissance with special emphasis on the Greek period Throughout the book two questions recur what evidence permits us to reconstruct the astronomy of the ancient past How was astronomy actually practiced The book is meticulously documented and makes full use of primary sources as well as modern historical scholarship It is richly illustrated and is unusual for its attention to the material culture of ancient astronomy The most striking aspect of the book is its attention to the details of astronomical practice **Astronomical Papers Prepared for the Use of the American Ephemeris and Nautical Almanac**, 1953 Creation Centred in Christ Henry Grattan Guinness, 1896 Report ... Of The

Meeting of the British Association for the Advancement of Science* British Association for the Advancement of Science,1855 **The Easter Computus and the Origins of the Christian Era** Alden A. Mosshammer,2008-10-16 The system of numbering the years AD Anni Domini Years of the Lord originated with Dionysius Exiguus Dionysius drafted a 95 year table of dates for Easter beginning with the year 532 AD Why Dionysius chose the year that he did to number as 1 has been a source of controversy and speculation for almost 1500 years According to the Gospel of Luke 3 1 3 23 Jesus was baptized in the 15th year of the emperor Tiberius and was about 30 years old at the time The 15th year of Tiberius was AD 29 If Jesus was 30 years old in AD 29 then he was born in the year that we call 2 BC Most ancient authorities dated the Nativity accordingly Alden Mosshammer provides the first comprehensive study of early Christian methods for calculating the date of Easter to have appeared in English in more than one hundred years He offers an entirely new history of those methods both Latin and Greek from the earliest such calculations in the late second century until the emergence of the Byzantine era in the seventh century From this history Mosshammer draws the fresh hypothesis that Dionysius did not calculate or otherwise invent a new date for the birth of Jesus instead adopting a date that was already well established in the Greek church Mosshammer offers compelling new conclusions on the origins of the Christian era drawing upon evidence found in the fragments of Julius Africanus of Panodorus of Alexandria and in the traditions of the Armenian church Festivals of the World: Amazing Celebrations You Shouldn't Miss Jennie Hickman,2025-04-06 Discover the vibrant tapestry of global celebrations with Festivals of the World Amazing Celebrations You Shouldn t Miss This captivating book invites you to journey through diverse cultures and traditions revealing the beauty and uniqueness of festivals from every corner of the globe Whether you re an avid traveler a cultural enthusiast or simply curious about the world this book offers an enchanting exploration of humanity s most cherished celebrations Unveil the magic of festivals that have captivated hearts for centuries From the colorful Holi festival in India where participants joyfully douse each other in vibrant powders to the serene and mesmerizing Lantern Festival in China where the night sky is illuminated with thousands of glowing lanterns each celebration is a testament to the rich heritage and communal spirit of its people Dive into the rhythmic beats of Brazil s Carnival feel the solemn reverence of Japan s Obon Festival and experience the exuberant joy of Germany s Oktoberfest Every page turn introduces a new spectacle a new story and a deeper understanding of the world s diverse cultures This book is not just a collection of descriptions it is a gateway to experiencing these festivals firsthand Studia Biblica Et Ecclesiastica ,1890 **Common Things Explained** Dionysius Lardner,1874 Common Things explained ...
