The Heart of Dōgen's Shōbōgenzō, 2010-03-29 The Heart of Dogen's Shōbōgenzō provides exhaustively annotated translations of the difficult core essays of Shōbōgenzō the masterwork of Japanese Zen master Dogen Kigen the founder of Sōtō Zen This book is centered around those essays that generations have regarded as containing the essence of Dogen's teaching These translations revised from those that first appeared in the 1970s clarify and enrich the understanding of Dogen's religious thought and his basic ideas about Zen practice and doctrine Dogen's uncommon intellectual gifts combined with a profound religious attainment and an extraordinary ability to articulate it make Shōbōgenzō unique even in the vast literature the Zen school has produced over the centuries securing it a special place in the history of world religious literature

Dogen Steven Heine, 2012-02-29 This collection of essays explore the life and thought of Zen Master Dogen 1200-1253 the founder of the Japanese Soto sect Through both textual and historical analysis the volume shows Dogen in context of the Chinese Chan tradition that influenced him and demonstrates the tremendous lasting impact he had on Buddhist thought and culture in Japan Special attention is given to the Shōbōgenzō and several of its fascicles which express Dogen's views on such practices and rituals as using supranormal powers jinzu reading the sutras kankin diligent training in zazen meditation shikan taza and the koan realized in everyday life genjō kōan It also analyzes the historical significance of this seminal figure for instance Dogen's methods of appropriating or contrasting with Chan sources as well as how Dogen was understood and examined in later periods including modern times

A Study of Dogen Masao Abe, 1992-01-01 This work analyzes Dogen's formative doubt concerning the notion of original awakening as the basis for his unique approach to nonduality in the doctrines of the oneness of practice and attainment the unity of beings and Buddha nature the simultaneity of time and eternity and the identity of life and death Back cover

Eihei Dogen: Mystical Realist Hee-Jin Kim, 2012-06-25 Eihei Dogen the founder of the Japanese branch of the Soto Zen Buddhist school is considered one of the world's most remarkable religious philosophers Eihei Dogen Mystical Realist is a comprehensive introduction to the genius of this brilliant thinker This thirteenth century figure has much to teach us all and the questions that drove him have always been at the heart of Buddhist practice At the age of seven in 1207 Dogen lost his mother who at her death earnestly asked him to become a monastic to seek the truth of Buddhism We are told that in the midst of profound grief Dogen experienced the impermanence of all things as he watched the incense smoke ascending at his mother's funeral service This left an indelible impression upon the young Dogen later he would emphasize time and again the intimate relationship

between the desire for enlightenment and the awareness of impermanence His way of life would not be a sentimental flight from but a compassionate understanding of the intolerable reality of existence At age 13 Dogen received ordination at Mt Hiei And yet a question arose As I study both the exoteric and the esoteric schools of Buddhism they maintain that human beings are endowed with Dharma nature by birth If this is the case why did the buddhas of all ages undoubtedly in possession of enlightenment find it necessary to seek enlightenment and engage in spiritual practice When it became clear that no one on Mt Hiei could give a satisfactory answer to this spiritual problem he sought elsewhere eventually making the treacherous journey to China This was the true beginning of a life of relentless questioning practice and teaching an immensely inspiring contribution to the Buddhadharma As you might imagine a book as ambitious as Eihei Dogen Mystical Realist has to be both academically rigorous and eminently readable to succeed Professor Hee Jim Kim s work is indeed both

Dogen and Soto Zen Steven Heine,2015-02-26 This follow up to Dogen Textual and Historical Studies OUP 2012 explores diverse aspects of the life and teachings of Zen master Dogen the founder of the Soto Zen sect Sotoshu in early Kamakura era Japan The Zen Poetry of DOGEN: Verses from the Mountain of Eternal Peace STEVEN HEINE,2023-03-19 THIS

VOLUME contains a complete translation of D gen s collection of thirty one syllable Japanese poetry or waka along with a translation of a representative selection of his Chinese verse or kanshi Although D gen is generally considered to be more of a philosopher than a poet his verse has great value for several reasons First the poems most of which were composed on the mountain peak of Eiheiiji Temple the Temple of Eternal Peace as pictured on the front cover are beautiful displaying D gen s remarkable facility with language Second the Japanese and Chinese collections illuminate key aspects of his life and thought not revealed in his prose writings including his trips to China and Kamakura his feelings about Kyoto while living in Eiheiiji in the northern provinces and his feelings about death Master Dogen's Zazen Meditation Handbook Eihei Dogen,2022-04-19

Dogen s famous text on Zen practice comes alive in the hands of a modern meditation master Carl Biefeldt Professor of Religious Studies Stanford University and author of Dogen s Manuals of Zen Meditation This is the definitive English translation of a foundational work of Zen Buddhism the Bendowa On the Endeavor of the Way by Eihei Dogen founder of the Soto school of Zen in Japan Written in 1231 it contains the master s essential teachings on zazen or seated meditation which is the fundamental pathway to Buddhist enlightenment The first part of the book introduces the notion of wondrous dharma and looks at the role of the individual to society and notions of time and interconnection The second part of the work is cast in the form of a dialogue the Q A format offering answers to questions a Zen novice might pose regarding the paths to enlightenment How can passively sitting being a means of attaining enlightenment Why is sitting so key to meditation Can seated meditation be combined with other practices How can I maintain a practice that accords with my other responsibilities in life What sets this edition apart are the contemporary insights by modern Zen master Kosho Uchiyama Roshi which tackle some of the difficulties readers face in comprehending Dogen s guidance and demystify some of the terms

and concepts central to an understanding of zazen practice and Buddhist philosophy He discusses the notion of dharma as presented in the text and looks at Buddhist thought through the lens not of abstraction but in terms of its concrete realities

The Discipline of Freedom Phillip Olson, 1993-08-20 Ordained Zen monk and Seattle lawyer Olson points out the similarity between Shunryu Suzuki's account of the practice of zazen and ideas in Kant's Critiques Both assert that personal freedom cannot be attained without following certain moral or ethical laws closely No deep knowledge of either writer is assumed Paper edition unseen 14 95 Annotation copyright by Book News Inc Portland OR Dōgen and the Kōan Tradition Steven Heine, 1994-01-01 This book has three major goals in critically examining the historical and philosophical relation between the writings of Dōgen and the Zen koan tradition First it introduces and evaluates recent Japanese scholarship concerning Dōgen's two Shōbōgenzō texts the Japanese Kana collection of ninety-two fascicles on Buddhist topics and the Chinese Mana collection of three hundred koan cases also known as the Shōbōgenzō Sanbyakusoku Second it develops a new methodology for clarifying the development of the koan tradition and the relation between intellectual history and multifarious interpretations of koan cases based on postmodern literary criticism Third the book's emphasis on a literary critical methodology challenges the conventional reading of koans stressing the role of psychological impasse culminating in silence

Original Enlightenment and the Transformation of Medieval Japanese Buddhism Jacqueline I. Stone, 2003-05-31 Original enlightenment thought hongaku shiso dominated Buddhist intellectual circles throughout Japan's medieval period Enlightenment this discourse claims is neither a goal to be achieved nor a potential to be realized but the true status of all things Every animate and inanimate object manifests the primordially enlightened Buddha just as it is Seen in its true aspect every activity of daily life eating sleeping even one's deluded thinking is the Buddha's conduct Emerging from within the powerful Tendai School ideas of original enlightenment were appropriated by a number of Buddhist traditions and influenced nascent theories about the kami local deities as well as medieval aesthetics and the literary and performing arts Scholars and commentators have long recognized the historical importance of original enlightenment thought but differ heatedly over how it is to be understood Some tout it as the pinnacle of the Buddhist philosophy of absolute non-dualism Others claim to find in it the paradigmatic expression of a timeless Japanese spirituality According to other readings it represents a dangerous anti-nomianism that undermined observance of moral precepts precipitated a decline in Buddhist scholarship and denied the need for religious discipline Still others denounce it as an authoritarian ideology that by sacralizing the given order has in effect legitimized hierarchy and discriminative social practices Often the acceptance or rejection of original enlightenment thought is seen as the fault line along which traditional Buddhist institutions are to be differentiated from the new Buddhist movements Zen Pure Land and Nichiren that arose during Japan's medieval period Jacqueline Stone's groundbreaking study moves beyond the treatment of the original enlightenment doctrine as abstract philosophy to explore its historical dimension Drawing on a wealth of medieval primary sources and modern

Japanese scholarship it places this discourse in its ritual institutional and social contexts illuminating its importance to the maintenance of traditions of lineage and the secret transmission of knowledge that characterized several medieval Japanese elite culture It sheds new light on interpretive strategies employed in pre modern Japanese Buddhist texts an area that hitherto has received a little attention Through these and other lines of investigation Stone problematizes entrenched notions of corruption in the medieval Buddhist establishment Using the examples of Tendai and Nichiren Buddhism and their interactions throughout the medieval period she calls into question both overly facile distinctions between old and new Buddhism and the long standing scholarly assumptions that have perpetuated them This study marks a significant contribution to ongoing debates over definitions of Buddhism in the Kamakura era 1185 1333 long regarded as a formative period in Japanese religion and culture Stone argues that original enlightenment thought represents a substantial rethinking of Buddhist enlightenment that cuts across the distinction between old and new institutions and was particularly characteristic of the medieval period

Dogen's Extensive Record Eihei Dogen, 2010-03-10 Eihei Dogen the thirteenth century Zen master who founded the Japanese Soto School of Zen is renowned as one of the world's most remarkable religious thinkers As Shakespeare does with English Dogen utterly transforms the language of Zen using it in novel and extraordinarily beautiful ways to point to everything important in the religious life He is known for two major works The first work the massive Shobogenzo Treasury of the True Dharma Eye represents his early teachings and exists in myriad English translations the second work the Eihei Koroku is a collection of all his later teachings including short formal discourses to the monks training at his temple longer informal talks and koans with his commentaries as well as short appreciatory verses on various topics The Shobogenzo has received enormous attention in Western Zen and Western Zen literature and with the publication of this watershed volume the Eihei Koroku will surely rise to commensurate stature Dogen's Extensive Record is the first ever complete and scholarly translation of this monumental work into English and this edition is the first time it has been available in paperback This edition contains extensive and detailed research and annotation by scholars translators and Zen teachers Taigen Dan Leighton and Shohaku Okumura as well as forewords by the eighteenth century poet monk Ryokan and Tenshin Reb Anderson former abbot of the San Francisco Zen Center plus introductory essays from Dogen scholar Steven Heine and the prominent late American Zen master John Daido Looi

Zen and the Art of Postmodern Philosophy Carl Olson, 2000-08-24 Carl Olson is Professor of Religious Studies at Allegheny College in Pennsylvania His previous books include The Indian Renouncer and Postmodern Poison A Cross Cultural Encounter and The Theology and Philosophy of Eliade A Search for the Centre

Dōgen on Meditation and Thinking Hee-Jin Kim, 2010-03-10 Thirty years after the publication of his classic work D gen Kigen Mystical Realist Hee Jin Kim reframes and recasts his understanding of D gen's Zen methodology in this new book Through meticulous textual analyses of and critical reflections on key passages primarily from D gen's Sh b genz Kim explicates hitherto underappreciated aspects of D gen's religion such as the ambiguity

of delusion and also of enlightenment intricacies of negotiating the Way the dynamic functions of emptiness the realizational view of language nonthinking as the essence of meditation and a multifaceted conception of reason Kim also responds to many recent developments in Zen studies that have arisen in both Asia and the West especially Critical Buddhism He brings Dogen the meditator and Dogen the thinker into relief Kim's study clearly demonstrates that language thinking and reason constitute the essence of Dogen's proposed Zen praxis and that such a Zen opens up new possibilities for dialogue between Zen and contemporary thought This fresh assessment of Dogen's Zen represents a radical shift in our understanding of its place in the history of Buddhism

Dogen's Formative Years Takashi James Kōdera, 2013-10-16 Originally published in 1980 Dogen was the founder of the Soto School of Zen and one of the most influential thinkers in the history of Japanese Buddhism When originally published this historical and textual study was the first to examine in detail the line of continuity between Dogen and his Chinese predecessors through his Chinese master Ju ching
