Essential Prose of John Milton John Milton, 2009-10-28 John Milton is next to William Shakespeare the most influential English poet a writer whose work spans an incredible breadth of forms and subject matter *The Complete Poetry and Essential Prose of John Milton* celebrates this author's genius in a thoughtfully assembled book that provides new modern spelling versions of Milton's texts expert commentary and a wealth of other features that will please even the most dedicated students of Milton's canon Edited by a trio of esteemed scholars this volume is the definitive Milton for our time In these pages you will find all of Milton's verse from masterpieces such as *Paradise Lost* widely viewed as the finest epic poem in the English language to shorter works such as the *Nativity Ode* *Lycidas* *A Masque* and *Samson Agonistes* Milton's non English language sonnets verses and elegies are accompanied by fresh translations by Gordon Braden Among the newly edited and authoritatively annotated prose selections are letters pamphlets political tracts essays such as *Of Education* and *Areopagitica* and a generous portion of his heretical *Christian Doctrine* These works reveal Milton's passionate advocacy of controversial positions during the English Civil War and the Commonwealth and Restoration periods With his deep learning and the sensual immediacy of his language Milton creates for us a unique bridge to the cultures of classical antiquity and medieval and Renaissance Christianity With this in mind the editors give careful attention to preserving the vibrant energy of Milton's verse and prose while making the relatively unfamiliar aspects of his writing accessible to modern readers Notes identify the old meanings and roots of English words illuminate historical contexts including classical and biblical allusions and offer

Essential Prose Series, 2012 *Caxtoniana* Edward Bulwer Lytton Baron Lytton, 1864 *The Land's Wild Music* Mark Tredinnick, 2011-04-14 *The Land's Wild Music* explores the home terrains and the writing of four great American writers of place Barry Lopez Peter Matthiessen Terry Tempest Williams and James Galvin In their work and its relationship with their home places Tredinnick an Australian writer searches for answers to such questions such as whether it's possible for a writer to make an authentic witness of a place how one captures the landscape as it truly is and how one joins the place in witness so that its lyric becomes one's own and enters into one's own work He asks what it might mean to enact an ecological imagination of the world and whether it might be possible to see the work and the writer as part of the place itself The work is a meditation on the nature of landscape and its power to shape the lives and syntax of men and women It is animated by the author's encounters with Lopez Matthiessen Williams and Galvin by critical readings of their work and by the author's engagement with the landscapes that have shaped these writers and their writing the Cascades Long Island the Colorado Plateau and the high prairies of the Rocky Mountains Tredinnick seeks the spring of nature writing deep in the nature of a place itself carried in a writer's wild self inside and resonated over and over again at the desk until it is a work in which the

place itself sings **Egoists** James Huneker,1925 *Wallace Stevens across the Atlantic* B. Eeckhout,E. Ragg,2008-08-14
 In a unique collection of essays devoted to one of America s most significant twentieth century poets a group of international contributors considers the Transatlantic nature of Stevens poetry providing original accounts of how a poet wary of influence created a poetics which continues to haunt contermpporary verse **The Angel's Corpse** P. Colilli,1999-10-28 With the great merit of Aristotle s Poetics poetic logic became a theoretical activity endowed with a philosophical nature allowing it to be more philosophical than the pure representation of existence Today however the theoretical status of poetic logic has been greatly demoted The Angel s Corpse restores to poetic logic or lyric philosophy the cognitive and epistemological significance attributed to it by Aristotle The Angel s corpse the central metaphor in this restoration is a sign post beyond which there exists an uncharted terrain of human signification This terrain is expressed in terms of lyric philosophy and its universal trait is a shocking into reawakening which is linked to the dissolution of the repetitive logic of history With this book Colilli aims to bring to life the traits that are close to the Angel and which amount to a new philosophy of culture and interpretation This philosophy is free from the ideological burden of previous systems but pivots its cognito epistemological premises on the idea of reawakening **Blackwood's Edinburgh Magazine** ,1863 Egoists, A Book of Supermen James Huneker,2019-11-22 In *Egoists A Book of Supermen* James Huneker presents a compelling exploration of the artistic persona through a vivid tapestry of biographical sketches This work deftly interweaves literary criticism with a nuanced appreciation of individualism as Huneker delves into the lives of notable figures such as Oscar Wilde Nietzsche and Verlaine Utilizing an impressionistic style rich in metaphor Huneker captures the essence of the superman ideal positioning it against the backdrop of late 19th century existential thought and burgeoning modernism which interrogated the very nature of the self and artistic expression James Huneker an influential American critic and literary figure was deeply immersed in the avant garde movements of his time His experiences in the vibrant cultural milieu of New York City and his extensive travels through Europe informed his fascination with genius and eccentricity themes that resonate throughout *Egoists* This book serves as an intellectual odyssey for Huneker reflecting his belief in the transformative power of art and the importance of individuality in a conformist society Given its rich thematic depth and keen insights into the nature of art and the artist *Egoists* is highly recommended for readers seeking to understand the complexities of identity and creativity Huneker s engaging prose and discerning observations will captivate scholars artists and anyone interested in the interplay between genius and societal norms **Caxtoniana: a Series of Essays on Life, Literature, and Manners** Edward Bulwer Lytton Baron Lytton,1863 **A Free Lance** William Wilkinson,2023-03-03 Reprint of the original first published in 1874

wish my days to be Bound each to each by natural piety William Wordsworth Ode Intimations of Immortality Wallace Stevens said somewhere that the theory of poetry is the life of poetry 1 Charles Darwin who likes poetry recognized that at the cost of losing his appreciation of poetry and other things that delighted him in his youth his mind had become a machine for grinding general laws out of large collections of facts 2 Somewhere in between the polar positions of Stevens extreme aesthetic belief and Darwin's extreme mechanistic belief lies the aesthetics of empirical thought and the whole modern Romantic tradition There have been men in between who were both mechanists and poets who both believed in automatic material mechanisms and tried to use the imagination Erasmus Darwin was one of these in between figures and since he lived early 1731-1802 in the modern scientific era he was one of the first This older Darwin the grandfather of Charles has not been given due credit as a transitional figure in the development of the literature of our scientific era Although historically and in terms of intellectual stature the grandfather was a fanciful child compared to the giant grand son Erasmus Darwin's habits of thought anticipated one of the most distinguishing characteristics of his grandson The genetic suggestive
