During the eighteen centuries that have elapsed since the close of the Scripture canon not a single statement of the written word of God has been disproved by any human discovery All the attempts of scoffers and critics and historians and scientists and philosophers to throw discredit upon the inspired volume have only rebounded upon themselves and illustrated the impiety virulence ignorance shallowness and conceitedness of their authors Next after the assaults of the first three centuries upon the Christian Church the most vigorous learned and persistent efforts to undermine the religion of the Bible have been made by some votaries of 1 Criticism 2 Science and 3 Philosophy during the last hundred years Led on by the enmity of the unrenewed and unspiritual mind against God and by the strategy of the prince of the power of the air these assailants of divine revelation have left the solid ground work of facts and pretentiously soared into the aerial regions of speculation and conjecture and by the ordination of the Most High they have become so bereft of that common sense or reason which they idolize as to suppose themselves able by their unsubstantial gossamer theories to overturn the everlasting foundations of the Zion of our God This book tells the history of the Church of God
