eternal life is something that Christians can only hope to experience after they die and that being saved is merely about meeting the minimal entrance requirements for getting into heaven Instead he explains that the moment believers trust Christ they are initiated into eternal living with God as a here and now reality lity      The Eternal Existence of Our Lord

**Eternity Is Now in Session Participant's Guide** John Ortberg,Gary Moon,2018-09-04 A 5 session journey to discover what it really means to be saved For Christians perhaps the deepest expression of what we re waiting for is found in the phrase eternal life But what is eter nal life Why do we want it And how do we know if we have it In the Eternity Is Now in Session Participant s Guide bestselling author John Ortberg takes you on a radical journey of rediscovery dispelling the myth that eternal life is something way out in outer space that we can only hope to experience after we die Instead John unpacks the reality that the moment we trust Christ we are initiated into eternal living with God as a here and now reality one that will continue beyond our life on this earth We can truly know God experiencing His presence favor and resurrection power right here on this earth in the details tasks and challenges of daily ordinary life And as we begin to know God this way we ll realize each moment of our lives is a vehicle to the eternity we ve been longing for all along Note This is a companion piece to the Eternity Is Now in Session DVD Experience 9781496431684 and John Ortberg s book Eternity Is Now in Session 9781496431646      Life in Christ William Robert West,2015-09-29 What do you believe about souls There are many very

different doctrines taught in the world today concerning souls that are believed to be in all humans By most a soul is believed to be something that is wholly apart from the person a soul is in that a soul is something that is that is believed to be complete in its self without the person it will live after the person it is in is dead it is believed that a soul will exist forever without the person it will never be dead therefore a soul cannot be resurrected from the dead It is believed that a soul must live someplace forever and it will live either in Heaven or Hell even if there is no resurrection The doctrine of unconditional immortality of a deathless soul being in a person and that soul leaving that person at the death of the person makes it impossible for Christ to have give His life to save that soul from death if a soul had immortality it would already have life and could never not have life all Christ could do is give it a reward or punish it      **Eternal God, Eternal Life** Philip G.

Ziegler,2016-09-22 How ought Christian faith and theology understand the concept of human immortality today And what if anything might be distinctively Christian about such a concept The contributors to this volume explore how our thinking about the prospect of human immortality is decisively determined by what we receive of the limitless life of the triune God of the gospel and how our understanding of immortality is made concrete by the Christian hope in the resurrection of the body and the life everlasting Debates about how best to understand the eternal life of God are directly significant to how we can imagine the promise of eternal life While immortality is generally conceived to be a future qualification of human reality theological approaches to the question of personal immortality must investigate the difference that the hope and promise of such eternal life makes in the living of present day spiritual life as well as in our common moral and political existence To understand immortality as an eschatological gift of God requires that we take account of it as a formative factor at the foundations of the Christian life      *Winds of Doctrine* Colin D. Standish,Russell R. Standish,1999      *Road to Eternal Life*

Dr. Quinton B. Richmond,2013-09-17 This book was written to help all born again Christians to believe that Eternal Life begins in our present life on earth and continue on into the World of Eternity It is designed to impress on the minds of all humankind that those who are considered their enemies will respond and repay them in kindness as a friend Accordingly the chosen subject The Road to Eternal Life was selected in order to broaden my knowledge and understanding of Christian believers concepts as to why Eternal Life can be lived in our present day journey on earth and it is a viable truth in Gods plan of salvation Also this research is devoted to find out what concepts theories and beliefs already exist in this area In addition my goal was to read and understand the history why Jesus Christs teachings are the Way the Truth and Everlasting Life for all who repent of sins and believe His Gospel In addition my purpose is with the intent to gain a new perspective and pursue efforts to add new thoughts and ideas and to strengthen prior ones in relation to the Kingdom of God which concerns the future and the End of Time Furthermore to pursue efforts in detailed reviews of other book data that contain ideas concepts and key theories of biblical opinions of Gods Eternal Life Plan Then analyze and evaluate these sources information and evidence used in their conclusion Likewise consider the values of other source ideas theories concepts practices that are

useful in today's religious culture. Similarly, there is the desire to pursue creative innovations and efforts which set forth new theories never before revealed on the subject of Eternal Life. In addition, my efforts are directed to provide accepted meaning and strength and theories that already exist. Likewise, the primary design of this research is 1 to determine what claims are made by major sources in traditional work 2 to determine if these prior sources actually report viable data and evaluate and assess the validity of their arguments given for rejection or acceptance of Eternal Life 3 to determine what ideas, theories, and practices are based on inductive and deductive practices.

A Memorial of Albert Gallatin Palmer, D.D., Edward Thurston Hiscox, 1894      **The Life of the Lord Jesus Christ: a Complete Critical Examination of the Origin, Contents, and Connection of the Gospels. Translated from the German** Johann Peter Lange, 1864      *A Dictionary of Christ and the Gospels* James Hastings, 2004-10. The purpose of this dictionary is to give an account of everything that relates to Christ His Person Life Work and Teaching. It is in a sense complementary to the Dictionary of the Bible in which, of course, Christ has a great place. But a dictionary of the Bible being occupied mainly with things biographical, historical, geographical, or antiquarian, does not give attention to the things of Christ sufficient for the needs of the preacher to whom Christ is everything. This is first of all a preacher's dictionary. The authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers. And even when the articles have the same titles as articles in the Dictionary of the Bible, they are written by new men and from a new standpoint. It is thus a work which is quite distinct from and altogether independent of the Dictionary of the Bible. It is called a Dictionary of Christ and the Gospels because it includes everything that the Gospels contain, whether directly related to Christ or not. Its range, however, is far greater than that of the Gospels. It seeks to cover all that relates to Christ throughout the Bible and in the life and literature of the world. There will be articles on the Patristic estimate of Jesus, the Medieval estimate, the Reformation and Modern estimates. There will be articles on Christ in the Jewish writings and in the Muslim literature. Much attention has been given to modern thought, whether Christian or anti-Christian. Every aspect of modern life in so far as it touches or is touched by Christ is described under its proper title. James Hastings, 1852-1922 was a distinguished scholar and pastor. He was founder and editor of the Expository Times and is also well known for editing the five-volume Dictionary of the Bible as well as the Encyclopaedia of Religion and Ethics, the Dictionary of Christ and the Gospels, and the Dictionary of the Apostolic Church.

Eternal Life Henry Drummond, 2018-07-27. Excerpt: ETERNAL LIFE. This is Life Eternal that they might know Thee the True God and Jesus Christ whom Thou has sent. Jesus Christ Perfect correspondence would be perfect life. Were there no changes in the environment but such as the organism had adapted changes to meet and were it never to fail in the efficiency with which it met them, there would be eternal existence and eternal knowledge. Herbert Spencer. ONE of the most startling achievements of recent science is a definition of Eternal Life. To the religious mind, this is a contribution of immense moment. For eighteen hundred years only one definition of Life Eternal was before the world. Now there are two. Through all these

centuries revealed religion had this doctrine to itself Ethics had a voice as well as Christianity on the question of the summum bonum Philosophy ventured to speculate on the Being of a God But no source outside Christianity contributed anything to the doctrine of Eternal Life Apart from Revelation this great truth was unguaranteed It was the one thing in the Christian system that most needed verification from without yet none was forthcoming And never has any further light been thrown upon the question why in its very nature the Christian Life should be Eternal Christianity itself even upon this point has been obscure Its decision upon the bare fact is authoritative and specific But as to what there is in the Spiritual Life necessarily endowing it with the element of Eternity the maturest theology is all but silent It has been reserved for modern biology at once to defend and illuminate this central truth of the Christian faith And hence in the interests of religion practical and evidential this second and scientific definition of Eternal Life is to be hailed as an announcement of commanding interest Why it should not yet have received the recognition of religious thinkers for already it has lain some years unnoticed is not difficult to understand The belief in Science as an aid to faith is not yet ripe enough to warrant men in searching there for witnesses to the highest Christian truths The inspiration of Nature it is thought extends to the humbler doctrines alone And yet the reverent inquirer who guides his steps in the right direction may find even now in the still dim twilight of the scientific world much that will illuminate and intensify his sublimest faith Here at least comes and comes unbidden the opportunity of testing the most vital point of the Christian system Hitherto the Christian philosopher has remained content with the scientific evidence against Annihilation Or with Butler he has reasoned from the Metamorphoses of Insects to a future life Or again with the authors of *The Unseen Universe* the apologist has constructed elaborate and certainly impressive arguments upon the Law of Continuity But now we may draw nearer For the first time Science touches Christianity positively on the doctrine of Immortality It confronts us with an actual definition of an Eternal Life based on a full and rigidly accurate examination of the necessary conditions Science does not pretend that it can fulfil these conditions Its votaries make no claim to possess the Eternal Life It simply postulates the requisite conditions without concerning itself whether any organism should ever appear or does now exist which might fulfil them The claim of religion on the other hand is that there are organisms which possess Eternal Life And the problem for us to solve is this Do those who profess to possess Eternal Life fulfil the conditions required by Science or are they different conditions In a word Is the Christian conception of Eternal Life scientific

**The Christ Life** Albert B. Simpson, 1925      **The Christ of Yesterday, To-day, and Forever, and Other Sermons** Ezra Hoyt Byington, 1897      *Proceedings* Society of Friends. the authenticity of eternal life that is offered through salvation One will come to understand that life has an eternal perspective in that humans are spirits within a fleshly body When the body dies the spirit lives on the spirit is therefore eternal Explaining that this eternal life is from God who is the giver of all life on Earth the author addresses the many questions that one may have about eternal life One will find solid biblical answers through reading and understanding this book giving all believers and non believers alike a monumental decision to make Will they choose Jesus Christ and choose life Eternal life only comes from God the Father and Jesus Christ
