The Ethics Of Marginality A New Approach To Gay Studies:

The Ethics of Marginality John Champagne, 1995 Is celebration of culturally marginalized people by the dominant culture actually benefitting those who are oppressed Whose stakes are served in such a celebration and how are existing power relations altered These are some of the questions John Champagne asks in this original and timely critique which moves gay studies beyond both identity politics and the rights discourse within which much of contemporary gay studies is positioned Champagne argues that in the modern West culturally marginalized people such as gays cannot define and legitimate their own existence outside the framework established for them by the dominant group To illustrate his premise Champagne analyzes a number of recent films including Paris is Burning Urinal and Marlon Riggs 1989 video Tongues Untied along with gay pornography using the work of such critics of difference as Jacques Derrida Michel Foucault and Gayatri Spivak He calls on the marginalized individual to elaborate a practice of critical self conduct and to work to understand his or her own subjectivity as having been produced as an entity along a variety of different registers only some of which might be said to be marginalized The Ethics of Marginality situates itself at the intersection of English cultural studies film studies and gay and lesbian studies It offers a powerful critique of contemporary approaches to studies of the other while promising to establish a groundbreaking and controversial new theoretical model for such studies

Wilson, 2023-06-20 Bulldaggers Pansies and Chocolate Babies shines the spotlight on historically neglected plays and performances that challenged early twentieth century notions of the stratification of race gender class and sexual orientation On Broadway stages in Harlem nightclubs and dance halls and within private homes

sponsoring rent parties African American performers of the 1920s and early 1930s teased the limits of white middle class morality Blues singing lesbians popularly known as bulldaggers performed bawdy songs cross dressing men vied for the top prizes in lavish drag balls and black and white women flaunted their sexuality in scandalous melodramas and musical revues Race leaders preachers and theater critics spoke out against these performances that threatened to undermine social and political progress but to no avail mainstream audiences could not get enough of the riotous entertainment James F Wilson has based his rich cultural history on a wide range of documents from the period including eyewitness accounts newspaper reports songs and play scripts combining archival research with an analysis grounded in a cultural studies framework that incorporates both queer theory and critical race theory Throughout he argues against the widely held belief that the stereotypical forms of black lesbian and gay show business of the 1920s prohibited the emergence of distinctive new voices Figuring prominently in the book are African American performers including Gladys Bentley Ethel Waters and Florence Mills among others and prominent writers artists and leaders of the era including Langston Hughes Wallace Thurman Zora Neale Hurston and W E B Du Bois The study also engages with contemporary literary critics including Henry Louis Gates and Houston Baker James F Wilson uncovers fascinating new material on the Harlem Renaissance shedding light on the oft forgotten gay and lesbian contributions to the era s creativity and Civil Rights Extremely well researched compellingly written and highly informative David Krasner author of *A Beautiful Pageant African American Theatre Drama and Performance in the Harlem Renaissance 1910 1927* *Gay and Lesbian Literature Since World War II* Sonya L Jones, 2014-05-22 *Gay and Lesbian Literature Since World War II* chronicles the multifaceted explosion of gay and lesbian writing that has taken place in the second half of the twentieth century Encompassing a wide range of subject matter and a balance of gay and lesbian concerns it includes work by established scholars as well as young theoreticians and archivists who have initiated new areas of investigation The contributors examinations of this rich literary period make it easy to view the half century from 1948 to 1998 as the Queer Renaissance Included in *Gay and Lesbian Literature Since World War II* are critical and social analyses of literary movements novels short fiction periodicals and poetry as well as a look at the challenges of establishing a repository for lesbian cultural history Specific chapters in this groundbreaking work trace the development of gay poetry in America after World War II examine how AIDS is represented in the first four Latino novels to deal with the subject matter and chronicle the birth of lesbian feminist publishing in the 1970s showing how it created a flourishing gay literature in the 1980s and 1990s Other chapters outline the history of *The Ladder* from its initial publication in 1956 as the official vehicle of the Daughters of Bilitis to its final issue as a privately published literary magazine in 1972 examine Baldwin s 1962 novel *Another Country* and discuss the complicated critical history of this work and its relation to Baldwin s literary reputation racial sexual and political factors are taken into account chart how *Other Voices Other Rooms* by Truman Capote and *The House of Breath* by William Goyen reveal contradictory genderings of male homosexuality

suggesting an absence of a unified model of mid twentieth century male homosexuality argue that the 1976 novel *Lover* by Bertha Harris can be considered an exemplary novel within discussions of both postmodern fiction and lesbian theory The author calls for Harris to be added to the group of writers such as Wittig Anzald a Lorde and Winterson who are discussed within the context of a postmodern lesbian narrative examine the short fiction of Canadian lesbian novelist Jane Rule in an effort to shed light on lesbian creative practice in the homophobic climate of postwar North America argue for an understanding of Dale Peck s novel *Martin and John* as an attempt to link two apparently different processes of import to contemporary male subjects through examination of the novel alongside selected passages from Nietzsche and Freud focus on the pragmatic issues of developing and maintaining accessible research venues from which to cultivate the study of racial and cultural diversity in lesbian lives Document the history of the Lesbian Herstory Archives one of the first lesbian specific collections in the world from its birth in the early 1970s to the present *Marginalized Masculinities* Chris

Empowering Settings and Voices for Social Change Mark S. Aber, Kenneth I. Maton, Edward Seidman, 2010-11-17

Empowering Settings and Voices for Social Change combines a focus on understanding social settings as loci for empowering intervention with a focus on understanding and giving voice to citizens Volume chapters illuminate advances in theory and method relevant to changing a broad spectrum of social settings from a strengths based perspective **The Ashgate**

Research Companion to Queer Theory Noreen Giffney, Michael O'Rourke, 2016-03-23 This interdisciplinary volume of thirty original essays engages with four key concerns of queer theoretical work identity discourse normativity and relationality The terms queer and theory are put under interrogation by a combination of distinguished and emerging scholars from a wide range of international locations in an effort to map the relations and disjunctions between them These contributors are especially attendant to the many theoretical discourses intersecting with queer theory including feminist theory LGBT studies postcolonial theory psychoanalysis disability studies Marxism poststructuralism critical race studies and posthumanism to name a few This Companion provides an up to the minute snapshot of queer scholarship from the past two decades and identifies many current directions queer theorizing is taking while also signposting several fruitful avenues for future research This book is both an invaluable and authoritative resource for scholars and an indispensable teaching tool for use in the classroom **Postcolonial, Queer** John C. Hawley, 2001-08-30 These thirteen essays address possible

ramifications arising from the globalization of western notions of gay and lesbian identities Examining postcolonial literature economics and psychology from a queer perspective leads to self reflexive consideration of the canonization of postcolonial

studies and queer theory in western academe **Other Chinas** Ralph A. Litzinger, 2000 An ethnographic study of how ethnic minorities negotiate Chinese nationalism in post Mao China *Chaucer's Pardoner and Gender Theory* NA, 2016-04-30 Chaucer's Pardoner and Gender Theory the first book length treatment of the character examines the Pardoner in Chaucer's Canterbury Tales from the perspective of both medieval and twentieth century theories of sex gender and erotic practice Sturges argues for a discontinuous fragmentary reading of this character and his tale that is genuinely both premodern and postmodern Drawing on theorists ranging from St Augustine and Alain de Lille to Judith Butler and Eve Kosofsky Sedgwick Sturges approaches the Pardoner as a representative of the construction of historical and sexual identities in a variety of historically specific discourses and argues that medieval understandings of gender remain sedimented in postmodern discourse **Sometimes Always True** Jeremy Barris, 2015-01-02 Sometimes Always True aims to resolve three connected problems First we need an undogmatic pluralist standpoint in political theory metaphysics and epistemology But genuine pluralism suffers from the contradiction that making room for fundamental differences in outlook means making room for outlooks that exclude pluralism Second philosophy involves reflecting on the world and meaning as a whole yet this means adopting a vantage point in some way outside of meaning Third our lived experience of the sense of our lives similarly undermines its own sense as it involves having a vantage point in some way wholly outside ourselves In detailed engagement with among others Davidson Rorty Heidegger Foucault Wilde and gender and sexuality theory the book argues that these contradictions are so thoroughgoing that like the liar's paradox they cancel the bases of their own meaning Consequently it argues they resolve themselves and do so in a way that produces a vantage point on these issues that is not dogmatically circular because it is workably both within and outside these issues sense The solution to a genuinely undogmatic pluralism then is to enter into these contradictions and the process of their self resolution Rethinking Sexuality David H.J. Larmour, Paul Allen Miller, Charles Platter, 2021-01-12 In this collection of provocative essays historians and literary theorists assess the influence of Michel Foucault particularly his History of Sexuality on the study of classics Foucault's famous work presents a bold theory of sexuality for both ancient and modern times and yet until now it has remained under explored and insufficiently analyzed By bringing together the historical knowledge philological skills and theoretical perspectives of a wide range of scholars this collection enables the reader to explore Foucault's model of Greek culture and see how well his interpretation accounts for the full range of evidence from Greece and Rome Not only do the essays bring to light the assumptions ideas and practices that constituted the intimate lives of men and women in the ancient Mediterranean world but they also demonstrate the importance of the History of Sexuality for fields as diverse as Greco Roman antiquity women's history cultural studies philosophy and modern sexuality The essays include Situating The History of Sexuality the editors Taking the Sex Out of Sexuality Foucault's Failed History Joel Black Incipit Philosophia Alain Vizier The Subject in Antiquity after Foucault Page duBois This Myth Which Is Not One Construction of Discourse in Plato's

Clarke, 2000-03-14 Uses queer theory and Marx's theory of value to explore issues of assimilation representation and equivalence tracing the concepts through selected 19th century texts and contemporary gay and lesbian studies *Gay Travels in the Muslim World* Michael Luongo, 2013-04-03 Travel beyond the fear and paranoia of 9/11 to experience Muslim culture *Gay Travels in the Muslim World* journeys where other gay travel books fear to tread Muslim countries This thought provoking book tells both Muslim and non Muslim gay men's stories of traveling in the Middle East during these difficult political times The true very personal tales reveal how gay men celebrate their lives and meetings with local men including a gay soldier's story of his tour of duty in Iraq Insightful and at times sexy this intelligent book goes beyond 9/11 and the present political and cultural divides to illustrate the real experiences of gay men in trouble zones in an effort to seek peace for all After the collapse of the Twin Towers fears about terrorism and Muslim culture went hand in hand *Gay Travels in the Muslim World* enters the current war zones to bring real and very personal stories of gay men who live and travel in these dangerous areas This book challenges readers' preconceptions and assumptions about both homosexuality and being Muslim while showing the wide range of experiences good and bad about the regions as well as the differences in attitudes and beliefs Excerpts from *Gay Travels in the Muslim World* From *I Want Your Eyes* by David Stevens Men by themselves are rare I pass a handsome Omani man sitting on the Corniche wall with a cigarette between his long brown fingers He wears his colourful *cuma* cap at a jaunty angle and his mustard coloured *dishdasha* has risen up to reveal tantalizingly hairy calves I note the carefully made holes in his ears not in his ear lobes but deep inside the cartilage a pre Islamic custom still practiced on some male babies to ward off evil spirits I decide it suits him From *It All Began with Mamadou* by Jay Davidson Drawing definitive conclusions about a society after living here for a little more than a year is not a wise safe or responsible action on my part If a society's culture is a mosaic of thousands of little tiles then I like to think that what I have been able to piece together has been a tableau in which certain aspects have become discernable some are a little less clear and others remain in a way that I will never see as whole and comprehensible From *A Market and a Mosque* by Martin Foreman Sylhet Bangladesh It's eight o'clock in the evening and Tarique and Paritosh are taking me out to look at the cruising spots Until I flew in here this afternoon all I knew of the provincial city and the surrounding area was that it was where most of the Bangladeshis in the UK come from and since most of the Bangladeshis in the UK live in my home borough of Tower Hamlets I feel a kind of affinity with the place Whether or not Sylhet feels an affinity with me is a different matter From *Work In Progress Notes From A Continuing Journey of Manufacturing Dissent* by Parvez Sharma In the construction of the image and life of the queer Muslim is also the awareness of the not so well known fact that a sexual revolution of immense proportions came to the earliest

Muslims some 1300 years before the West had even thought about it This promise of equal gender rights and unlike in the Bible the stress on sex as not just reproduction but also enjoyment within the confines of marriage has all but been lost in the rhetoric spewing from loudspeakers perched on Masjid sor mosques in Riyadh Marrakech and Islamabad The same Islam that has for centuries not only tolerated but also openly celebrated homosexuality is today used to justify a state sanctioned pogrom against gay men in Egypt America's enlightened friend in the Middle East Gay Travels in the Muslim World is a refreshing well written look at

Beyond Sexuality Tim Dean, 2000-09 Beyond Sexuality points contemporary sexual politics in a radically new direction Combining a psychoanalytic emphasis on the unconscious with a deep respect for the historical variability of sexual identities this original work of queer theory makes the case for viewing erotic desire as fundamentally impersonal Tim Dean develops a reading of Jacques Lacan that rather than straightening out this notoriously difficult French psychoanalyst brings out the queer tensions and productive incoherencies in his account of desire Dean shows how the Lacanian unconscious deheterosexualizes desire and along the way he reveals how psychoanalytic thinkers as well as queer theorists have failed to exploit the full potential of this conception of desire The book elaborates this by investigating social fantasies about homosexuality and AIDS including gay men's own fantasies about sex and promiscuity in an attempt to illuminate the challenges facing safe sex education Taking on many shibboleths in contemporary psychoanalysis and queer theory and taking no prisoners Beyond Sexuality offers an antidote to hagiographical strains in recent work on psychoanalysis

A View from the Bottom Tan Hoang Nguyen, 2014-07-29 A View from the Bottom offers a major critical reassessment of male effeminacy and its racialization in visual culture Examining portrayals of Asian and Asian American men in Hollywood cinema European art film gay pornography and experimental documentary Nguyen Tan Hoang explores the cultural meanings that accrue to sexual positions He shows how cultural fantasies around the position of the sexual bottom overdetermine and refract the meanings of race gender sexuality and nationality in American culture in ways that both enable and constrain Asian masculinity Challenging the association of bottoming with passivity and abjection Nguyen suggests ways of thinking about the bottom position that afford agency and pleasure A more capacious conception of bottomhood as a sexual position a social alliance an

affective bond and an aesthetic form has the potential to destabilize sexual gender and racial norms suggesting an ethical mode of relation organized not around dominance and mastery but around the risk of vulnerability and shame Thus reconceived bottomhood as a critical category creates new possibilities for arousal receptiveness and recognition and offers a new framework for analyzing sexual representations in cinema as well as understanding their relation to oppositional political projects
