Bordeleau,2013-10-22 Many national flags display astronomical features Sun Moon stars but are they really based on existing astronomical objects The United States flag sports 50 stars one for each state however none of them are linked to real stars Further the lunar crescent is often shaped like the Sun being eclipsed by the Moon At times stars are seen right next to the crescent where the darkened disc of the moon should be This book will present true astronomical objects and patterns highlighted on national flags and link informative capsules about these objects to the political reasons why they were chosen to adorn such an important symbol

identity was in flux gold promised access to fashionable new clothes a grand home and the goods to furnish it but could not buy gentility *Needlework and Women s Identity in Colonial Australia* explores how the wives mothers sisters and daughters who migrated to the newly formed colony of Victoria used their needle skills as a powerful claim to social standing Focusing on one of women s most common daily tasks the book examines how needlework s practice and products were vital in the contest for social position in the turmoil of the first two decades of the Victorian rush from 1851 Placing women firmly at the center of colonial history it explores how the needle became a tool for stitching together identity From decorative needlework to household making and mending women s sewing was a vehicle for establishing asserting and maintaining social status Interdisciplinary in scope *Needlework and Women s Identity in Colonial Australia* draws on material culture written primary sources and pictorial evidence to create a rich portrait of the objects and manners that defined genteel goldfields living Giving voice to women s experiences and positioning them as key players in the fabric of gold rush society this volume offers a fresh critical perspective on gender and textile history [Eureka Flag](#) , **Battlefield Tourism** Chris Ryan,2007-08-15 Through a series of case studies that involve past conflict in China the United States The South Pacific and Europe the nature of battlefield sites as tourist locations are explored As places of past conflict and individual acts of heroism these sites are places of story telling How are these stories told And for what purposes are the stories told The acts and modes of interpretation are many ranging from a discourse conducted through silences to the more complex nuanced story telling told through re enactments of past battles The book also asks where is the battle field as case studies relate to conflicts that ranged over several hundreds of miles to on the other hand acts of local civil disturbance that subsequently achieved mythic values in a history of national identity The book is divided into acts these being Acts of Resource Management Acts of Silence Acts of Discovery and Rediscovery Acts of Imagination and Acts of Remembrance and embrace examples as diverse as an re enactment of past battles on a New Zealand rural town cricket pitch to the towering strength of the aircraft carrier USS Yorktown and from the Straits of Taiwan to the centre of Canada **The Austral Light** ,1896 *A Concise History of Australia* Stuart Macintyre,1999 This entertaining book is the most up to date single volume Australian history available [Convincing Ground](#) Bruce Pascoe,2007 *Convincing Ground* pulses with love of country In this powerful lyrical and passionate new work Bruce Pascoe asks us to fully acknowledge our past and the way those actions continue to influence our nation today both physically and intellectually The book resonates with ongoing debates about identity dispossession memory and community Pascoe draws on the past through a critical examination of major historical works and witness accounts and finds uncanny parallels between the techniques and language used there to today s national political stage He has written the book for all Australians as an antidote to the great Australian inability to deal respectfully with the nation s constructed Indigenous past For Pascoe the Australian character was not forged at Gallipoli Eureka and the back of Bourke but in the furnace of Murdering Flat *Convincing Ground* and Werribee He knows we can t reverse the past but believes we can bring in
