Robertson, 2004-11-23 Since German unification in October 1990 arguments have raged as to whether the integration process of the former East Germany into the western system has been a success These essays offer fresh insight and perspectives explaining the effects of unification on Germany and the EU as a whole The European Union and the United States Steven McGuire, Michael Smith, 2008-05-14 This major new text by leading authorities takes a broad interdisciplinary approach to the changing relationship between the EU and the US in the 21st century and its historical global and domestic context The authors focus on the contrast between the policy convergence and interdependence on the one hand and the intense competition on the other European Union Jeremy Richardson, Sonia Mazey, 2015-02-23 A key textbook for undergraduate and postgraduate students of contemporary European politics European Union Power and policy making 4th edition offers a comprehensive and accessible analysis of the European Union policy process Intended to advance understanding of the EU as a now mature and ongoing policy system this book addresses the central issues relating to the distribution of power and influence in the European Union including Theoretical perspectives The roles of key institutions in the processing of policy problems Different channels of representation The EU as a policy making state Written by a distinguished group of international scholars this new edition will also appeal to the worldwide community of researchers on the EU New to this edition New chapters on The Politics of Multispeed Europe The Distribution of Power Among Institutions EU Agencies Covert Integration in the European Union and Political Representation and Democracy in the EU New authors and theoretical approaches on many topics such as differentiated integration opt outs and
