

The European Union

Laurie Buonanno, Neill Nugent

The European Union:

The European Union Ali M. El-Agraa, 2011-09-08 The European Union has established itself as a leading text that provides readers from all disciplines with a sound understanding of the economics and policies of the EU. Its wealth of information, detail and analysis has ensured that previous editions have been read by a generation of students, researchers and policy makers. It covers all major EU policy areas as well as theories of economic integration, the theory of economic and monetary union, EMU, the measurement of the economic effects of European integration and the legal dimension in EU integration. It also includes an explanation and analysis of all recent developments affecting the EU such as enlargement, the ratification of the Nice Treaty and the Convention for the Future of Europe. This edition has been thoroughly revised and updated and includes new resources to help students and teachers including summaries, review questions, suggestions for essay titles and further reading lists.

The European Union: A Very Short Introduction Simon Usherwood, John Pinder, 2018-01-18 The European Union (EU) stands out as a fascinatingly unique political organisation. On the one hand it has shown the potential for developing deep and wide ranging cooperation between member states going far beyond that found anywhere else in the world. On the other it is currently in the throes of a phase of profound uncertainty about its viability and future. Showing how and why the EU has developed from 1950 to the present day, this Very Short Introduction covers a range of topics including the Union's early history, the workings of its institutions and what they do, the interplay between eurosceptics and federalists and the role of the Union beyond Europe in international affairs and as a peace keeper. In this fully updated fourth edition, Pinder and Usherwood cover the migrant crisis and the UK's decision to leave the Union set in the context of a body that is now involved in most areas of public policy. Discussing how the EU continues to draw in new members, they conclude by considering the future of the Union and the choices and challenges that may lie ahead.

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas and enthusiasm to make interesting and challenging topics highly readable.

Origins and Evolution of the European Union Desmond Dinan, 2014-02 Focusing not just on the great events but on the smaller incremental developments too, this work gives an in-depth look at developments in European Union history.

What is the European Union Paul Magnette, 2017-09-16 This distinctive new text provides an overview and assessment of key debates about the political character of the EU. Arguing that it is best seen as an international organization, albeit of a particularly integrated kind, Paul Magnette shows how the need to accommodate a range of state interests shapes the EU political system and assesses the implications for its democratic functioning, for institutions and policy, and for Europeanization and integration.

The Member States of the European Union Simon Bulmer, Christian Lequesne, 2013 This is a comprehensive and rounded thematic study of the EU member states. The text provides detailed coverage of the principal

member states and comparative studies of the smaller states as well as discussing the issue of enlargement and covering empirical themes

The European Union: A Citizen's Guide Chris Bickerton, 2016-05-12 The essential Pelican introduction to the European Union its history its politics and its role today For most of us today Europe refers to the European Union At the centre of a seemingly never ending crisis the EU remains a black box closed to public understanding Is it a state An empire Is Europe ruled by Germany or by European bureaucrats Does a single European economy exist after all these years of economic integration And should the EU have been awarded the Nobel peace prize in 2012 Critics tell us the EU undermines democracy Are they right In this provocative volume political scientist Chris Bickerton provides an answer to all these key questions and more at a time when understanding what the EU is and what it does is more important than ever before

The European Union Jonathan Olsen, 2020-07-30 Thoroughly revised the seventh edition of this accessible and highly respected text provides a rigorous yet digestible introduction to the European Union Additionally it authoritatively explains developments that continue to bring challenges to this powerful institution in times of great political change Key features Clearly covers the history governing institutions and policies of the EU Fully updated with new tables figures and photographs In text features such as Chapter Overviews Questions to Consider and Further Reading encourage deeper research and debate Sustained discussion of transformative and historical change in the upheaval of Brexit and its ramifications and the future relationship of the UK with the EU Through reflection on destabilizing issues such as immigration and the years of refugee crisis in Europe the continued crisis in the eurozone tensions with Poland and Hungary Euroskepticism Russia and the rise of populism Increased coverage throughout of women or minorities within the EU Jonathan Olsen presents the EU as one of the world's economic and political superpowers which has brought far reaching changes to the lives of Europeans and has helped its member states to take a newly assertive role on the global stage Essential reading for students of European and EU politics this book offers an up to the minute look at both the opportunities and existential threats facing the EU

The European Union Walter Gerven, 2005 This book provides a general introduction to the European Union EU and describes how from its origin in 1952 it has grown into a polity of 25 states with a population of more than 450 million

The History of the European Union Wolfram Kaiser, Brigitte Leucht, Morten Rasmussen, 2008-09-05 This book radically re conceptualises the origins of the European Union as a trans and supranational polity as it emerged between the Schuman Plan of May 1950 and the first enlargement of the European Communities at the start of 1973 Drawing upon social science theories and debates as well as recent historical research Wolfram Kaiser and Morten Rasmussen in their introductory chapters discuss innovative ways of narrating the history of the EU as the emergence of a transnational political society and supranational political system Building on these insights eight chapters based on multilateral and multi archival research follow each with case studies of transnational networks public sphere and institutional cultures and policy making which illustrate systematically related aspects of the early history of the EU In the

concluding chapter leading political scientist Alex Warleigh Lack demonstrates how greater interdisciplinary cooperation especially between contemporary history and political studies can significantly advance our knowledge of the EU as a complex polity This book will be of interest to students and scholars of Politics European Studies and History **The Government and Politics of the European Union** Neill Nugent, 2006 A clear and comprehensive explanation of the historical development and ongoing evolution of the European Union EU revised and updated in this sixth edition *The European Union* Daniel Kenealy, John Peterson, Richard Corbett, 2015 The European Union How does it work is the perfect introduction to the EU's structure and operations for those coming to the subject for the first time An expert team of scholars and practitioners cut through the complexity to explain how the EU works in practice and equip students with the knowledge and skills they need to master the subject The fourth edition of this successful textbook reflects the ongoing changes in the EU in the aftermath of the Eurozone crises and the global context in which the EU exists It also features expanded coverage of theories of European integration and policy making and considers the hugely topical debate about the UK's future in the EU Students understanding of the main actors policies and developments in the EU is aided by the inclusion of helpful learning features throughout the text How it really works boxes challenge students to contrast the theory with how the EU actually works in practice while Compared to what features encourage them to think broadly and critically about the reality of politics in the EU **Understanding the European Union** John McCormick, 2020-11-13 This is the must have introduction to the European Union Offering a primer on the EU's history institutions and politics this concise textbook also covers the various challenges and opportunities faced by the EU from the democratic deficit and the potential of future enlargement to the spread of nationalism and crises such as Brexit and the impact of the global pandemic Understanding the European Union is now more crucial than ever and this text provides a succinct but nuanced account of its development and how it works This book will be the ideal guide for all undergraduate and postgraduate courses in political science global affairs and European studies It is also a suitable starting point for anyone seeking to learn more about the EU New to this Edition A number of key themes and issues run throughout the book including past and ongoing crises facing the EU the EU's place within the broader international system a focus on the EU's comparative political social and economic context the confederal qualities of the EU and Brexit Addresses the early impact of the global pandemic on the EU Greater use of maps figures tables and boxes where useful to inform the analysis accompanied by up to date further reading Informed throughout by sophisticated yet accessible treatment of theory including post functionalism and critical perspectives Cutting edge coverage of Brexit and negotiations around withdrawal **Politics in the European Union** Simon Bulmer, Owen Parker, Ian Bache, Stephen George, Charlotte Burns, 2020 This is an account of the main developments in the process of European integration It provides coverage of theory history member states institutions and policies drawing on academic debates including issues of legitimacy and globalisation **The European Union** Mark Corner, 2014-07-23 The EU is one of the

most notoriously complex international organisations It is the only supranational organisation where nation states agree to share sovereignty in some areas but not in others At the heart of the EU debate across Europe are two opposing groups one aims to devolve more sovereignty to the EU with the aim of creating a European super state and the other wishes to devolve less effectively relegating the EU to a mere discussion forum In this accessible and engaging book Mark Corner provides an essential introduction to the history and modern workings of the EU Focusing on key themes in the union s development and the debates surrounding future enlargement this book answers the key questions related to the EU and provides a one stop shop for anyone curious about future of Europe

Policies and Policy Processes of the European Union Laurie Buonanno,Neill Nugent,2020-11-28 The dynamic and complex system of European Union policymaking is analysed in this new edition of a much praised textbook It offers the most integrated understanding of EU policy available Major approaches to policymaking including intergovernmentalism neofunctionalism supranationalism and critical theory are presented and supplemented with the authors own theoretical model federal integration to create a comprehensive evaluation of the EU s interests and actors in key policy domains The text covers the EU s main policy areas including those on the single market Economic and Monetary Union foreign policy migration and border control social and regional policies and the budget locating them in this wider theoretical framework As such it is the key introduction to the subject for students of European Politics at undergraduate and postgraduate levels New to this Edition Each chapter rewritten many extensively throughout New chapters on migration and border control competition policy and social and cohesion policies New illustrative material and many new examples Each chapter now includes a Guide to Further Reading

The European Union ,2002 **The European Union and the People** Mette Elise Jolly,2007-05-24 The European Union is frequently accused of having a democratic deficit Many commentators argue that this could be remedied by increasing the powers of the European Parliament relative to those of the Council and the Commission The fact that the European Parliament is the only EU institution whose members are directly elected leads to the assumption that it is also the most legitimate The author argues that this position is based on the flawed assumption that the nature of the European citizenry is similar to those of the member states In other words the position assumes that the union has a demos or a people who are prepared to accept majority outcomes even when finding themselves in the minority In this book the author argues that this is not the case and that the most severe dimension of the democracy problem is not procedural but socio psychological The fact that the EU does not have a people means that establishing an EU wide democracy based on analogies to domestic political systems is likely to lead to a further loss of democratic legitimacy The EU can rely on output legitimacy in policy areas which do not require pan European solidarity and identity and in which policy making at EU level increases efficiency and thereby benefits all citizens However policy areas which require high levels of solidarity or a common identity should either remain fully within the nation states or be subject to intergovernmental rather than supranational decision making at EU level

The European Union

Ingeborg Toemmel, 2017-08-24 The European Union affects the lives of Europeans in many and varied ways yet in spite of its reach it often appears a constrained political system struggling for internal consensus reliant on the agreement of national governments and hampered by the scepticism of electorates These issues have become even more acute in the wake of the global economic and eurozone crises This new text provides a concise and up to date introduction to the nature of the European Union giving an account of its evolution and structure that makes sense of its current challenges The text analyses the EU's institutional structure and decision making procedures and highlights the manifold conflicts as well as the sophisticated mechanisms for consensus building among the core institutions It explains the ways in which the EU differs from other forms of political order and how this leads to political processes that are characterized by cooperation and conflict In providing this context the author invites readers to a critical assessment of the functioning of the European Union and of the implications of this for its democratic legitimacy and future prospects *A Dictionary of the European Union* Toni

Haastrup, 2018-01-02 This unique collection of data includes concise definitions and explanations relating to all aspects of the European Union It explains the terminology surrounding the EU and outlines the roles and significance of its institutions member countries foreign relations programmes and policies treaties and personalities It contains over 1 000 clear and succinct definitions and explains acronyms and abbreviations which are arranged alphabetically and fully cross referenced Among the 1 000 entries you can find explanations of and background details on ACP states Article 50 Brexit competition policy Donald Tusk the European Maritime and Fisheries Fund the euro Greece Jean Claude Juncker Europol migration and asylum policy the Schengen Agreement the Single Supervisory Mechanism the single rulebook the Treaty of Lisbon Ukraine

The External Action of the European Union Sieglinde Gstöhl, Simon Schunz, 2021-03-26 This groundbreaking new textbook offers extensive coverage of EU External Action studies from its major concepts to the key theories in the field Over the past decades the European Union has progressively developed into a significant global actor in an increasing number of policy fields This long awaited volume looks into different ways of conceptualizing the EU as a global actor the processes and impact of EU external action explanations offered by IR and integration theories the discursive normative practice and gender turns and the decentring agenda for EU external action The book offers a reader friendly guidance on these various ways in which to study the EU as a global actor each chapter introduces one concept approach or theory and illustrates its application by a case study of EU external action In drawing the different perspectives together the book underscores that EU External Action Studies is becoming an academic speciality in its own right Written by leading experts the volume will make essential reading for students scholars and practitioners of EU external action EU External Action Studies nowadays attract attention from scholars and students in International Relations IR Foreign Policy Analysis and interdisciplinary EU Studies as well as from practitioners

The European Union Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The European Union PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers

individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The European Union PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The European Union free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
