VOLUME 4: From the Gilded Age through the Age of Reform, 1878-1920. Volume Editor: Robert Johnston, University of Illinois at Chicago. **Federal Social Policy** Donald T. Critchlow, Ellis W. Hawley, 2010-11-01

**Reinventing "The People"** Shelton Stromquist, 2010-10-01 A comprehensive study of the Progressive movement, *Reinventing The People* contends that the persistence of class conflict in America challenged the very defining feature of Progressivism: its promise of social harmony through democratic renewal. Shelton Stromquist profiles the movement's work in diverse arenas of social reform: politics, labor regulation, and so-called race improvement. While these reformers emphasized different programs, they crafted a common language of social reconciliation in which an imagined civic community, the People, would transcend parochial class and political loyalties. But efforts to invent a society without enduring class lines marginalized new immigrants and African Americans by declaring them unprepared for civic responsibilities. In so doing, Progressives laid the foundation for twentieth-century liberals' inability to see their world in class terms and to conceive of social remedies that might alter the structures of class power.

*U.S. Immigration Policy, Ethnicity, and Religion in American History* Michael C. LeMay, 2018-05-25 This invaluable resource investigates U.S. immigration policy, making connections between the ethnic and religious affiliations of immigrants and trends in immigration, both legal and unauthorized. *U.S. Immigration Policy, Ethnicity, and Religion in American History* is rich with data and document excerpts that illuminate the complex relationships among ethnicity, religion, and immigration to the United States over a 200-year period. The book uniquely organizes the flow of immigration to the United States into seven chapters covering U.S. immigration policymaking: the Open Door Era (1820-1880), the Door Ajar Era (1880-1920), the Pet Door Era (1920-1950), the Dutch Door Era (1950-1985), the Revolving Door Era (1985-2001), the Storm Door Era (2001-2018). Each chapter analyzes trends in ethnicity or national origin and the religious affiliations of immigrant groups in relation to immigration policy during the time period covered.

*Challenging Authority* Frances Fox Piven, Frances Fox Piven, 2008-07-11 Argues that ordinary people exercise extraordinary political courage and power in American politics when frustrated by politics as usual: they rise up in anger and hope and defy the authorities and the status quo rules that ordinarily

govern their daily lives By doing so they disrupt the workings of important institutions and become a force in American politics Drawing on critical episodes in U S history Piven shows that it is in fact precisely at those seismic moments when people act outside of political norms that they become empowered to their full democratic potential

**A Third Term for FDR** John W. Jeffries,2017-03-17 In 1940 for the first time since America s founding a sitting president sought a third term in office But this was only one remarkable aspect of that year s election which was as John Jeffries makes clear in his new book one of the most interesting and important elections in American history Franklin Roosevelt s plan to pack the Supreme Court had failed in the wake of a recent recession his New Deal had hardened support and opposition among both parties and the German advance across Europe along with Japanese aggression in Asia was stirring fierce debate over America s role in the world Adding to the moment of profound uncertainty was FDR s procrastination over whether to run again Jeffries explores how these tensions played out and what they meant not just for the presidential election but also for domestic politics and policy generally and for state and local contests In the context of the Roosevelt Coalition and the New Deal party system he parses the debates and struggles within both the Democratic and Republican parties as Roosevelt deliberated over running and Wendell Wilkie a businessman from Indiana and New York City got the nod from Republicans over a field including the rising moderate Thomas E Dewey the conservative Michigan senator Arthur Vandenburg and the isolationist Ohio senator Robert Taft A Third Term for FDR reveals how domestic policy more than international events influenced Roosevelt s decision to run and his victory in November A detailed analysis of the results offers insights into the impact of the year s events on voting and into the election s long term implications and ramifications many of which continue to this day
