The Expedition In Holland 1572-1574 From The Manuscript Of Walter Morgan:

The Expedition in Holland 1572-1574 Walter Morgan,1976 Revolt in the Netherlands Anton van der Lem,2019-03-15

In 1568 the Seventeen Provinces in the Netherlands rebelled against the absolutist rule of the king of Spain A confederation of duchies counties and lordships the Provinces demanded the right of self determination the freedom of conscience and religion and the right to be represented in government Their long struggle for liberty and the subsequent rise of the Dutch Republic was a decisive episode in world history and an important step on the path to the Universal Declaration of Human Rights And yet it is a period in history we rarely discuss In his compelling retelling of the conflict Anton van der Lem explores the main issues at stake on both sides of the struggle and why it took eighty years to achieve peace He recounts in vivid detail the roles of the key protagonists the decisive battles and the war s major turning points from the Spanish governor s Council of Blood to the Twelve Years Truce while all the time unraveling the shifting political religious and military alliances that would entangle the foreign powers of France Italy and England Featuring striking rarely seen illustrations this is a timely and balanced account of one of the most historically important conflicts of the early modern period *The Dutch Wars of Independence* Marjolein 't Hart,2014-02-24 In *The Dutch Wars of Independence* Marjolein t Hart assesses the success of the Dutch in establishing their independence through their eighty years struggle with Spain one of the most remarkable achievements of the sixteenth and seventeenth centuries Other rebellions troubled mighty powers of this epoch but none resulted in the establishment of an independent republican state This book tells the story of the Eighty Years War and its aftermath including the three Anglo Dutch Wars and the Guerre de Hollande 1570-1680 explores the interrelation between war economy and society explaining how the Dutch could turn their wars into commercial successes illustrates how war could trigger and sustain innovations in the field of economy and state formation the new ways of organization of Dutch military institutions favoured a high degree of commercialized warfare shows how other state rulers tried to copy the Dutch way of commercialized warfare in particular in taking up the protection for capital accumulation As such the book unravels one of the unknown pillars of European state formation and of capitalism The volume investigates thoroughly the economic profitability of warfare in the early modern period and shows how smaller commercialized states could sustain prolonged war violence common to that period It moves beyond traditional explanations of Dutch success in warfare focusing on geography religion diplomacy while presenting an up to date overview and interpretation of the Dutch Revolt the Anglo Dutch Wars and the Guerre de Hollande **A bibliography of British military history** Anthony Bruce,2016-12-19 No detailed description available for **A bibliography of British military history** **The Tudor Sheriff** Jonathan McGovern,2022 The first comprehensive analysis of the shrieval system 1485-1603 showing sheriffs to be among the most important local office holders in early modern England responsible for executing legal process holding local courts making arrests executing criminals collecting royal revenue holding parliamentary elections and many other vital duties Amphibious Warfare

1000-1700 Trim, Mark C. Fissel, 2005-11-01 This volume reconceptualizes amphibious warfare and also fills an important gap in its historiography examining how it was conceived practised and employed from the Crusades through the first wave of European exploration and colonization the Price Revolution and the European wars of religion up to the early Industrial Revolution and the beginnings of a new wave of imperialism Essays examine issues related to strategy operational art tactics logistics and military technology but also consider commerce and culture They reveal that amphibious warfare was often waged for economic reasons and was the quintessential warfare of European imperialism for sea power was required to deliver and sustain land power The volume is lavishly illustrated with 30 plates and twelve maps Contributors Matthew Bennett Louis Sicking Malyn Newitt Jan Glete John F Guilmartin R B Wernham Mark Charles Fissel Guy Rowlands John Stapleton David J B Trim Oxford Dictionary of National Biography: Morant-Murray Henry Colin Gray Matthew, Brian Harrison, 2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002 *Thomas Churchyard* Matthew Woodcock, 2016-11-24 Soldier courtier author entertainer and amateur spy Thomas Churchyard c 1529 1604 saw action in most of the principal Tudor theatres of war was a servant to five monarchs and had a literary career spanning over half a century during which time he produced over fifty different works in a variety of forms and genres Churchyard s struggles to subsist as an author and soldier provides an unrivalled opportunity to examine the self promotional strategies employed by an individual who attempts to make a living from both writing and fighting and who experiments throughout his life with ways in which the arts of the pen and sword may be reconciled and aligned Drawing on extensive archival and literary sources Matthew Woodcock reconstructs the extraordinary life of a figure well known yet long neglected in early modern literary studies In the first ever book length biography of Churchyard Woodcock reveals the author to be a resourceful and innovative writer whose long literary career plays an important part in the history of professional authorship in sixteenth century England This book also situates Churchyard alongside contemporary soldier authors such as Henry Howard Earl of Surrey George Gascoigne and Sir Philip Sidney and it makes a significant contribution to our understanding of the relationship between literature and the military in the early modern period Churchyard s writings drew heavily upon his own experiences at court and in the wars and the author never tired of drawing attention to the struggles he endured throughout his life Consequently this study addresses the wider methodological question of how we should construct the biography of an individual who was consistently preoccupied with telling his own story **The Low Countries History Yearbook** , 1979 The Expedition in Holland 1572-1574 Walter Morgan, 1976 La Guerra en los Países Bajos Van der Lem, Anton, 2023-06-26 La Guerra en los Países Bajos es el libro perfecto para cualquier interesado en comprender cómo se originó y cuáles fueron las características del conflicto La guerra giró en torno a tres derechos fundamentales la libertad de culto y de conciencia el derecho a la autodeterminación y el derecho a la participación política Anton van der Lem consigue presentar la compleja historia de este conflicto de forma concisa y clara ilustrándola además con

im genes a color La Guerra en los Pa ses Bajos no fue solo una lucha por las libertades tambi n fue una guerra civil y una guerra de intereses que dividi a ciudades regiones y familias El autor presta atenci n a los cat licos y a los protestantes a los partidarios de la Rep blica y a quienes defend an la monarqu a y explica de manera clara las causas pol ticas religiosas y sociales de la guerra dando as sentido a la divisi n entre los Pa ses Bajos del norte y del sur los actuales Pa ses Bajos y B lgica Adem s con sus acertados retratos de los principales actores del conflicto logra dar vida a su relato Elegante honesto y repleto de im genes hasta ahora desconocidas Podemos considerar este libro como la obra definitiva sobre un periodo decisivo en el desarrollo del mundo europeo actual Andrew Pettegree catedr tico de la Universidad de St Andrews Enlaces

Quaerendo ,1996 **Taxes, Liberty and Property** Ferdinand H. M. Grapperhaus,1989 This book deals with the influence of taxation on the political emancipation of Western Europe and North America **Monarchs, Ministers, and Maps** David Buisseret,1992-12-15 These diverse essays investigate political factors behind the rapid development of cartography in Renaissance Europe and its impact on emerging European nations By 1500 a few rulers had already discovered that better knowledge of their lands would strengthen their control over them by 1550 the cartographer s art had become an important instrument for bringing territories under the control of centralized government Throughout the following century increasing governmental reliance on maps demanded greater accuracy and more sophisticated techniques This volume a detailed survey of the political uses of cartography between 1400 and 1700 in Europe answers these questions When did monarchs and ministers begin to perceive that maps could be useful in government For what purposes were maps commissioned How accurate and useful were they How did cartographic knowledge strengthen the hand of government By focusing on particular places and periods in early modern Europe the chapters offer new insights into the growth of cartography as a science the impetus behind these developments often rulers attempting to expand their power and the role of mapmaking in European history The essay on Poland reveals that cartographic progress came only under the impetus of powerful rulers another explores the French monarchy s role in the burst of scientific cartography that marked the opening of the splendid century Additional chapters discuss the profound influence of cartographic ideas on the English aristocracy during the sixteenth century the relation of progress in mapmaking to imperialistic goals of the Spanish and Austrian Habsburgs and the supposed primacy of Italian mapmaking following the Renaissance Contributors to this volume are Peter Barber David Buisseret John Marino Michael J Mikos Geoffrey Parker and James Vann These essays were originally presented as the Kenneth Nebenzahl Jr Lectures in the History of Cartography at the Newberry Library *History* ,1977 *La imagen de la guerra en el arte de los antiguos Países Bajos* Bernardo José García García,2006 Especialistas espa oles belgas y holandeses abordan las t cnicas narrativas de los acontecimientos representados en las pinturas de batallas la influencia que ten an los modelos iconogr ficos y c mo se combinaban elementos de verosimilitud con otros aleg ricos para orientar el sentido y dar densidad simb lica a las escenas b licas **Spain and the Netherlands, 1559-1659** Geoffrey Parker,1979

Library of Congress Catalogs Library of Congress, 1979

España y la rebelión de Flandes Geoffrey Parker, 1989

Fruto de muchos años de investigación y basado en el estudio de gran número de documentos de archivos y colecciones particulares de toda Europa este libro examina unos acontecimientos de enorme complejidad teniendo en cuenta los diversos factores religiosos económicos y políticos que los determinaron. A lo largo de todo el texto brillan singularmente la capacidad de análisis el rigor y la brillantez expositiva de Geoffrey Parker historiador de reconocido prestigio y autor de sólidos estudios sobre el siglo XVI en España y en Europa. Como a propósito de sus libros anteriores algunos colegas le acusaron de proespañol y procatólico y reafirmando la necesidad de adoptar un enfoque múltiple Parker escribe en el prefacio que estas páginas no son producto de una preferencia parcial por ninguna de las dos partes.

Facetten van de Tachtigjarige Oorlog S.

Groenveld, 2018 Dit boek bevat artikelen van S. Groenveld over politieke en bestuurlijke sociale en militaire aspecten van de Tachtigjarige Oorlog met aandacht voor de rol die religie hierin speelde. Een groot deel van de artikelen is eerder gepubliceerd in moeilijk vindbare Nederlandse of in buitenlandse tijdschriften en bundels de rest is nieuw. Alle teksten zijn aangepast aan de huidige stand van het onderzoek. Sommige bijdragen hebben betrekking op de eerste fase van de strijd de Nederlandse Opstand andere behandelen structuren of gebeurtenissen uit latere fasen of bestrijken de hele periode. Er wordt gekeken naar ontwikkelingen in verschillende regio's binnen de Nederlanden maar ook naar buitenlandse kwesties en er is aandacht voor de belevenissen van geheel verschillende groepen in de samenleving: edelen en burgers plattelanders en zeevarenden. Het boek beoogt hiermee een beeld te geven van de verscheidenheid van problemen die in de Tachtigjarige Oorlog een rol speelden.
