The Expurgator Andrew York,1973 *Steam* ,1915 **Power** ,1914 **Forbidden Knowledge** Hannah

Marcus,2020-09-25 Wonderful offers and provokes meditation on the timeless nature of censorship its practices its intentions and its unintended outcomes Times Higher Education Forbidden Knowledge explores the censorship of medical books from their proliferation in print through the prohibitions placed on them during the Counter Reformation How and why did books banned in Italy in the sixteenth century end up back on library shelves in the seventeenth Historian Hannah Marcus uncovers how early modern physicians evaluated the utility of banned books and facilitated their continued circulation in conversation with Catholic authorities Through extensive archival research Marcus highlights how talk of scientific utility once thought to have begun during the Scientific Revolution in fact began earlier emerging from ecclesiastical censorship and the desire to continue to use banned medical books What s more this censorship in medicine which preceded the Copernican debate in astronomy by sixty years has had a lasting impact on how we talk about new and controversial developments in scientific knowledge Beautiful illustrations accompany this masterful timely book about the interplay between efforts at intellectual control and the utility of knowledge Marcus deftly explains the various contradictions that shaped the interactions between Catholic authorities and the medical and scientific communities of early modern Italy showing how these dynamics defined the role of outside expertise in creating Catholic Knowledge for centuries to come Annals of Science An important study that all scholars and advanced students of early modern Europe will want to read especially those interested in early modern medicine religion and the history of the book Highly recommended Choice *The Wicked* B.C. Burgess,2021-12-27 In a fiery tale filled with villains and heroes this installment of the Earth Angel series takes readers on a magical journey rich with emotion intrigue and danger Fans of Twilight The Red Queen The Selection and Harry Potter will devour this breathless fantasy set in a modern mystical world The wicked have always come for Layla and her strength has always endured But now Dreagan s power rivals the gods and goodnesses and Layla must rely on the guidance of her enemy to defeat him She is prepared to put her life on the line and trust the enemy but she knows her companions will not be as agreeable Will she be able to convince them to follow the plan to destroy the Lord of the Underworld Or will she be forced to do it on her own

Medicalising borders Sevasti Trubeta,Christian Promitzer,Paul Weindling,2021-05-11 The research of pandemics epidemics and pathogens like COVID 19 reaches far beyond the scope of biomedicine It is not only an objective for the health political and social sciences but epidemics and pandemics are a matter of geography foci and vectors of communicable diseases continue to test the efficacy of medical control at state borders This volume illuminates these issues from various disciplinary viewpoints It starts by exploring historical models of quarantine spatial isolation and detention as precautionary means against the dissemination of disease and contagion by border crossers migrants and refugees Besides the patterns of prejudice with which these groups are confronted the book also deals with various kinds of fear of contamination from

outside of the nation state The contributors address the implementation of medical techniques at state borders in the twentieth and early twenty first centuries as well as the presently practiced measures of medical and biometric screening of migrants and refugees Uniquely this volume shows that the current border security regimes of Western states exhibit a high share of medicalised techniques of power which originate both in European modernity and in the medical and biological disciplines developed during the last quarter of the millennium Drawing on the collective expertise of a network of international researchers this interdisciplinary volume is essential reading for those wishing to understand the medicalisation of borders across the globe from the early eighteenth century up to the present day **The Chap-book** Herbert Stuart Stone, Bliss Carman, Harrison Rhodes, 1897 **The Ritual** B.C. Burgess, 2021-12-25 In a fiery tale filled with villains and heroes this installment of the Earth Angel series takes readers on a magical journey rich with emotion intrigue and danger Fans of Twilight The Red Queen The Selection and Harry Potter will devour this breathless fantasy set in a modern mystical world After a brief reprieve from the hell the Lord of the Underworld has unleashed on the world Layla knows the time has come to face Dreagan to secure a future for her children and the rest of the world But what she doesn't know is that a ritual has been performed and now Dreagan is stronger than ever Can Layla help the victims of Hell's wrath And will she and her companions be strong enough to face what comes next **The Accidental Magician** David Grace, 2009-09-15 The world Fane lies on the outer reaches of explored space long forgotten or avoided by mankind On the downside the planet's peculiar electromagnetic fields inevitably destroy electronic devices but in compensation they enhance psychic abilities Over the centuries humans and the aliens with whom they share the planet have evolved into clans of wizards and masters dullards and incompetents One person who seems destined to be relegated one of the latter groups is Grantin the nephew of a powerful but harsh magician In a last ditch effort to salvage something of his family's honor the uncle gives Grantin an important but simple task which Grantin promptly manages to screw up in a most dangerous way Only vast good luck or the appearance of some heretofore hidden magical talents are likely to save him Luckily for him Grantin is unknowingly on his way to becoming The Accidental Magician *The Living Age*, 1922 *Cognition And The Book* Karl A. E. Enenkel, Wolfgang Neubner, 2005 The printed book caused an explosion of knowledge and major changes in the perception of texts In investigating how knowledge was presented to the early modern reader this volume treats both book historical issues and the intersections of layout with issues of genre content and function The Girlhood of Maria Josepha Holroyd, Lady Stanley of Alderley. Recorded in Letters of a Hundred Years Ago: from 1776 to 1796 Maria Josepha (Holroyd) Stanley Stanley, Baroness, 1896 **The Angel** B.C. Burgess, 2021-12-27 In a fiery tale filled with villains and heroes this final installment of the Earth Angel series takes readers on a magical journey rich with emotion intrigue and danger Fans of Twilight The Red Queen The Selection and Harry Potter will devour this breathless fantasy set in a modern mystical world The past year has been the most magical of Layla's life despite all the lives lost Quin has given her the family she always dreamed of but she is

prepared to leave it all behind as she charges into the final fight with the Lord of the Underworld Dreagan's new body is sturdy and strong and his undead army swells with countless souls ready to slay every witch in the world for him but he is concerned with only one Will the angel manage to maneuver through his traps and carve through his soldiers Or will Dreagan destroy her just as he did her creator
