The Face Of Silence:

THE FACE OF SILENCE. ,1970 *Thriving in the Face of Mortality* Daniel B. Hinshaw,2023-01-27 Kenosis a Greek word meaning depletion or emptying and a concept borrowed from Christian theology has deeply profound implications for understanding and ordering life in a world marked by suffering and death Whereas the divine kenosis was voluntary human beings experience an involuntary kenosis which is characterized by the inevitable losses experienced during the lives of mortal creatures How one chooses voluntarily to respond to this involuntary kenosis regardless of faith commitments in effect defines us both in our relationships with other suffering creatures and with the entire cosmos This book offers a unique perspective on how the losses of involuntary kenosis choreograph the suffering which is such a defining aspect of the lives of persons communities and the environment in which they live and how the kenotic process rather than being a source of despair can be a source of hope presenting opportunities for extraordinary personal growth *The Face of Another* Kobo Abe,2003-02-04 Like an elegantly chilling postscript to *The Metamorphosis* this classic of postwar Japanese literature describes a bizarre physical transformation that exposes the duplicities of an entire world The narrator is a scientist hideously deformed in a laboratory accident a man who has lost his face and with it his connection to other people Even his wife is now repulsed by him His only entry back into the world is to create a mask so perfect as to be undetectable But soon he finds that such a mask is more than a disguise it is an alternate self a self that is capable of anything A remorseless meditation on nature identity and the social contract *The Face of Another* is an intellectual horror story of the highest order

Meehan,2012-01-18 In all of these insights I realize more and more that there is a certain need I have to know Jesus better and to love Him For this reason I am asking for the grace of the Lord to Show me His Face That image of coming to know the Face of Jesus has caught me First paragraph of chapter one These words serve as the basis of Father Meehan s life prayer and fifty years of ministry in the priesthood and are the underlying theme of this book of reflections For over fifty years he wrote down reflections on prayer the saints Christian ministry the Church and moral theology issues especially abortion and peace and justice issues seeking God s Face and His truth and love in all of these areas Finally on facing his death during the last year of his life he reflected How much more should I review spiritual things such as praying more often more generous time given to the Lord So now I

offer in the Holy Spirit a prayer of openness to God's Will whenever God calls. Main point: With the Lord's grace I need to commend my spirit to the Lord more and more. Last chapter: By sharing with us over fifty years of seeking the face of God, Father Meehan leads us to see the Lord.

On the Face of the Waters Flora Annie Webster Steel, 1897 [War, Race, and Culture](#) Gordon H. Chang, 2025-05-20

Writing history, the systematic effort to understand the human past, is a demanding intellectual endeavor. For historian Gordon H. Chang, it has also been a personal and moral enterprise intimately connected to his commitment to realizing a better world. This career-spanning anthology brings together significant essays developing conversations across his broad-ranging research interests and personal history and engaging a range of topics from diplomatic history and Asian American history to art history. The book begins with a preface that reflects on the rise of Asian American studies as a field and the author's own scholarly trajectory. Each essay is accompanied by new headnotes that provide context. Essays examine the many ways that race, especially regarding Asian Americans, connects important historical episodes and social issues. Themes of geopolitical conflict, race, and transnational methods link writing produced over several decades, illustrating the arc of an intellectual career and the development of the field of Asian American studies. Ultimately, this book highlights Chang's abiding interest in providing historical context for issues facing Asian Americans, particularly during a time of rising geopolitical tensions and anti-Asian violence.

This book contributes to opening up disciplinary knowledge and offering connections between different approaches to language in contemporary linguistics. Rather than focusing on a particular single methodology or theoretical assumption, the volume presents part of the wealth of linguistic knowledge as an intertwined project which combines numerous practices, positionalities, and perspectives. The editors believe, together with the contributors to this volume, that it is a crucial and timely task to emphasize the relevance of linguistic knowledge on power, hospitality, social class, marginalization, mobility, history, secrecy, the structures of discourse, and the construction of meaning as knowledge that needs to be brought together as it is brought together in personal discussions, conversations, and encounters. To work along traces of linguistic connectivity, marginalized narratives, in and on lesser-studied, often stigmatized language practices, and to shed light on the tasks of

Santilli,2013-12-16 This study addresses the problem of meaning as it is conveyed by poetic language attempting to move beyond some of the obstacles and boundaries of contemporary critical approaches By providing a phenomenological context and through a theoretical contemplation of certain myths as embodiments of the tacit logic of poetry the book argues that poems convey meaning much the way that spontaneous unreadable gestures do Moving between theory and practice and drawing upon the poetry of Wallace Stevens whose work is embedded with a richness and complexity of gesture the author shows how the poetic text sustains and embodies an inconvertible ancient and innately human form of linguistic knowledge
