The Faith Factor Dale A. Matthews, Connie Clark, 1999-04-01 Drawing from the latest scientific research as well as numerous illustrative case studies The Faith Factor offers convincing proof that religious practices can and do enhance the healing powers of medicine And nationally renowned physician Dale A Matthews offers a program any patient can follow to incorporate faith into their own healing Dr Matthews points out that encouraging an integration of religious beliefs and practices in medical settings can have important benefits for the entire medical community from patients and doctors to national health policy makers He shows how the national trend toward rediscovering religious values has led many patients to use prayer in conjunction with conventional treatment and that the results have already confirmed

that faith and religious practice can be valuable medicine Finally Dr Matthews helps readers explore the connection between faith and medicine in their own lives through methods of prayer community worship and study of Scripture **Faith Healing Ministry** Gwendolyn Washington,2020-08-25 Faith Healing Ministry A Christian Education Model for Clergy and Laity The purpose of this book is to begin an intentional effort to retrieve the ministry of faith healing using a Christian education model to educate train clergy and laity Healing as a spiritual gift for the body of Christ is a much neglected gift due to variables that may be altered to benefit multitudes In my research and study I have discovered it is the lack of knowledge in understanding the gift of healing and how to operate it that caused so many to be indifferent about it Jesus came so that our souls may be saved and to heal our bodies A scriptural reference is Isaiah 53 5 But He was wounded for our transgressions He was bruised for our iniquities the chastisement of our peace was upon him and by His stripes we are healed This sums up the purpose for Jesus coming to earth to make it possible for each person who would believe to have eternal life and be sound in body and mind This book reveals some pitfalls or controversial teachings regarding why so many from various denominations believe that the gifts ceased during the first century Being in the health profession for thirty eight years I have seen various diseases many struggle with and medical technology has no cure for With health care benefits changing and there is a possibility many may lose their coverage it is imperative that we go back to God s original plan divine healing Not to discount the physicians scientist and medical technology but it is important for us to know that we have God s plan for healing My desire is to get the message out to the masses especially to churches to establish healing centers that divine healing is a benefit of the Kingdom of God **Faith-healing and Christian Science** Alice Feilding,1899

Faith-Healing James Monroe Buckley,2012 The Rev Dr J M Buckley has collected together his papers from The Century and other sources and like the wise householder who brings forth things new and old has spread a rich table for those who enjoy reading about faith healing Christian science and kindred phenomena Unless one meets frequently the victims of the delusions of astrology divination apparitions and witchcraft or happens to be personally acquainted with the librarians of our great cities he will have little idea how great a hold the occult sciences heaven save the mark have upon the minds of millions in our country Under the shadow of our churches and scientific institutions there are multitudes who still believe in one form or another of these superstitions Dr Buckley s method is to find a rational explanation of what unquestionably is before he looks at what is supposed to be and he considers there is no reason to suspect and that it is superstition to assume the operation of supernatural causes when experimental science can reproduce the same phenomena and results He believes heartily in the Christian doctrine of prayer but he has very little faith in what is called faith healing and considers that the claims of Christian faith healers technically so called are effectually discredited and he shows clearly the evils of the superstition Under astrology divination and coincidences he brings up a great many readable anecdotes from the classic times as well as from the modern and under dreams nightmares and somnambulism endeavors by analysis and

characterization to show what are the real facts and also the rational use of dreams He devotes one chapter to presentiments visions and apparitions hinting at unsuspected mental resources and showing what are the uses of these apparently abnormal phenomena In regard to witchcraft he does not believe that the Bible teaches the reality of that in which generations of men have long believed As for the Witch of Endor he considers that she herself was mistaken and that the whole story is of what was said rather than of what was done Strangely enough in treating of the manifestations of the delusion in Europe and America and of the reaction from the frenzy he does not mention the work of the great Balthazar Becker the Dutchman who wrote the book which did so much to demolish the superstition His last chapter treats of Christian science and mind cure and in this chapter as in the others he shows a commonsense which is contagiously healthful and winds up with a very appropriate quotation from Ecclesiasticus From the Contents The Facts Testimony To Particulars Explanation Of The Facts Inductions The Miracles Of Christ And His Apostles Claims Of Christian Faith Healers Technically So Called Effectually Discredited The Christian Doctrine Of Answer To Prayer Defense Of Faith Healers Examined Error In Mental Physiology A Missing Link Evils Of This Superstition Supposed Difficulties Astrology Divination And Coincidences What Is Astrology Evidence Relied Upon Its Problems Mere Puzzles Deaths Of President Garfield And Louis Napoleon Divination Coincidences So Called Laws Of Chance The Letter M And The Napoleons Interpretation Of Coincidences Dreams Nightmare And Somnambulism History And Phenomena Of Dreams Search For Analogies More Direct Evidence Accounting For The Characteristics Of Dreams Mysterious Dreams Analyzed Rational Use Of Dreams Presentiments Visions And Apparitions What Is A Presentiment Impressions And Imperative Conceptions Analysis Of Typical Presentiments Visions Habitual Visions Visions Of The Dying Apparitions Witchcraft Definition Of Witchcraft Current Belief Reversing The Point Of View The Israelites And Witchcraft Witchcraft And Christianity The Problem Does The Bible Teach The Reality Of Witchcraft The Witch Of Endor Trial Of Cases Explanation Of Confessions Explanation Of Phenomena and much more **Daily Life of Women**
