The Adolescent Parent:

The Adolescent Parent Nicholas J. Anastasiow, Mary Anastasiow, 1982 How Do I Parent My Teen? Stanley Kutcher, 2015-03-03 **Breaking the Adolescent Parent Cycle** Jack C. Westman, 2009-06-16 This book addresses the dilemma created by the discrepancy between our efforts to prevent adolescent pregnancy and our support of adolescent parenthood which the author argues is America's greatest unrecognized public health crisis. It is the most preventable cause of crime and welfare dependency and because we hold no expectations for parents who conceive and give birth to children rates of child neglect and abuse in the United States far exceed those of other developed nations. Westman explores the circumstances and values that make motherhood seem to be girls' best option and that induce males to conceive without the ability to support their children. It proposes a feasible legal procedure as the basis for ensuring that adolescents' babies have competent parents with the resources and environments they need.

The Black Adolescent Parent Stanley F. Battle, 1987 Gain valuable insights into the special needs of black adolescent parents through informative discussions on legal considerations, clinical perceptions, sexuality, attitudinal factors, services available, and much more.

How Do I Parent My Teen? Stanley Kutcher, 2015-03-03 A resource to help parents understand and navigate the many changes their children will experience during adolescence. In addition to helping parents understand typical adolescent development, *How Do I Parent My Teen* also explains why key teenage milestones such as dating and increased independence are important even though they can often lead to conflict. Parents will also find helpful information on how to communicate productively with teenagers, how to solve conflict while building mutual respect, and how to be an active and engaged parent. Common mental illnesses in adolescence and strategies for seeking help are also covered. This is a companion book to *How Do I Teen My Parent*.

Adolescent-Parent Schoolwork Conflicts Ge Cao, Vicky C. Tam, 2025-11-28 Illuminating the intricate dynamics of adolescent parent conflicts over schoolwork, this book provides a vivid and insightful examination of the educational difficulties experienced by contemporary Chinese families. Drawing on interviews with 63 parents and adolescents, Cao and Tam analyze their real-life disagreements over schoolwork, revealing how both generations understand, reason about, and resolve conflicts. The authors provide a culturally sensitive analysis by exploring how Chinese values and the local education system shape these disputes. Integrating social domain theory and self-determination theory, the book traces the development of adolescent autonomy amid family tensions around schoolwork. Rich with authentic stories, this book paves a way forward for fostering healthier relationships and supporting adolescent growth. Essential reading for scholars in developmental psychology and family sociology, this volume also provides valuable insights for family therapists, parental educators, and parents seeking to deepen their understanding of effective parenting practices.

Stigma, Storytelling, and Adolescent Parents' Children Eryn N. Bostwick, Amy Janan Johnson, 2023-01-09 In this book, *Stigma, Storytelling, and Adolescent Parents' Children: Nothing to Prove*, Eryn N. Bostwick and Amy Janan Johnson utilize previous research to take an in-depth look at how

experiences with stigmatization and family storytelling influence how those born to teenage parents view themselves Bostwick and Johnson contend that historical stigmatization of adolescent parenthood manifests in a sense of self blame and guilt for their parents stigmatized status Additionally the authors assert that family experiences like stigmatization and economic struggle become filters that negatively influence how their children interpret stories their family members tell them Through exploring these stigmas the authors explore how they can rid themselves of this guilt and break free of their self imposed burden Scholars of communication sociology and psychology will find this book of particular interest
